Sliammon Life, Sliammon Lands Dorothy I. D. Kennedy, Randy Bouchard, 1983 The history and folkways of the Sliammon Coast Salish people of the northern Georgia Strait region **Traditional and Modern Approaches to the Environment on the Pacific Rim** Harold G. Coward, 1998-01-01 An interdisciplinary exploration of the tension between traditional and modern approaches to the environment in Pacific Rim countries *Raincoast Chronicles* 24 Judith Williams, 2019-04-27 Of the settlers prospectors trappers mountaineers and loggers who came to British Columbia's remote Bute Inlet between the 1890s and the 1940s few remained long August Schnarr however trapped far up the Homathko and Southgate Rivers and logged the inlet shores from 1910 until the 1960s An adventurous photographer August strapped his Kodak camera to his suspenders and captured his mountain climbing upriver treks and family homestead His photo collection is a diary of fifty years of an upcoast life In this twenty fourth issue of *Raincoast Chronicles* Judith Williams traces the Schnarrs family story through August's photographs Included are classic portraits of the pioneering Bute residents posed on wooden boats and floathouses and with giant fish catches and hunting trophies as well as rare 1930s pictures documenting August's daughters with their pet cougars They were nice pets we could pet them and they'd purr just like a cat and they kept pawing you don't quit don't quit said August's daughter Pansy in an interview with Maud Emery They didn't like anybody but us three they didn't like my dad at all They were just like cats to us we didn't think of them as anything special nothing but a bunch of work Richly illustrated impeccably researched and featuring diaries interviews and oral history *Raincoast Chronicles* 24 illuminates the experience of homesteading on the remote BC coast *Colonizing Bodies* Mary-Ellen Kelm, 2011-11-01 Recent debates about the health of First Nations peoples have drawn a flurry of public attention and controversy and have placed the relationship between Aboriginal well being and reserve locations and allotments in the spotlight Aboriginal access to medical care and the transfer of funds and responsibility for health from the federal government to individual bands and tribal councils are also bones of contention Comprehensive discussion of such issues however has often been hampered by a lack of historical analysis Promising to remedy this is Mary Ellen Kelm's *Colonizing Bodies* which examines the impact of colonization on Aboriginal health in British Columbia during the first half of the twentieth century Using postmodern and postcolonial conceptions of the body and the power relations of colonization Kelm shows how a pluralistic medical system evolved She begins by exploring the ways in which Aboriginal bodies were materially affected by Canadian Indian policy which placed restrictions on fishing and hunting allocated inadequate reserves forced children into unhealthy residential schools and criminalized Indigenous healing She goes on to consider how humanitarianism and colonial medicine were used to pathologize Aboriginal bodies and institute a regime of doctors hospitals and field matrons all working to encourage assimilation Finally Kelm reveals how Aboriginal people were able to resist and alter these forces in order to preserve their own cultural understanding of their bodies disease and medicine This detailed

but highly readable ethnohistory draws on archival sources archeological findings fieldwork and oral history interviews with First Nations elders from across British Columbia Kelm s cross disciplinary approach results in an important and accessible book that will be of interest not only to academic historians and medical anthropologists but also to those concerned with Aboriginal health and healing today **Spirited Waters (Volume 2 of 2) (EasyRead Super Large 24pt Edition) , Assu of Cape Mudge** Joy Inglis,Harry Assu,2007-10-01 Harry Assu a chief of the Lekwiltok the southernmost tribe of the Kwagiulth Nation was born in 1905 in Cape Mudge Quadra Island British Columbia His father was Billy Assu one of the most renowned chiefs of the Northwest who led his people from a traditional way of life into modern prosperity As well as being a family chronicle Harry Assu s recollections tell the little known story of the Lekwiltok from legendary times to the present Drawing on the oral traditions of his people he narrates the story of the Great Flood which gave sacred sanction to territories settled by them Hand drawn and historical maps illustrate his account of coastal alliances and raids by other tribes over the last two centuries and provide an understanding of the current land and sea claims of the Kwagiulth Nation Supernatural beings inhabited the worlds of his ancestors and of Assu s boyhood and he recalls encounters with birds and whales which held particular significance for his family His description of a more recent experience his own potlatch in 1984 is perhaps the most complete record of a modern potlatch As well his account of the seizure of potlatch regalia in 1922 the jailing of the leaders and the subsequent restoration of these family treasures is a rare view from inside Indian culture Harry Assu put his faith in education and welcomed the efforts of teachers sent by the Methodist Missionary Society He remains an elder and supporter of the United Church at Cape Mudge Symbolizing the achievement of his tribe in bringing into harmony a traditional culture with commercial fishing in which he was involved for sixty years Harry Assu reminisces about the old cannery days on the coast and tells of the continuing struggle by his people to maintain a place in the modern fishing industry Assu of Cape Mudge is illustrated with drawings of supernatural events by artist and author Hilary Stewart which were drawn near Cape Mudge while Harry Assu described the dramatic occurrences The Kwakwaka words have been transcribed by Peter Wilson with a full record of language association meaning and optional spellings Also included in the book and of general interest are an appendix of ancient tales told by the Lekwiltok and a genealogical chart of the Assu family This personal memoir by an important Native leader of British Columbia will delight anthropologists historians and all those with an interest in Native studies and autobiography **They Call Me Father** Nicolas Cocco,1988 These fascinating memoirs of Father Nicolas Cocco a Corsican born Oblate who arrived in British Columbia in 1880 reveal the complexity of the work carried out by ordinary missionary priests **The First Nations of British Columbia, Second Edition** Robert J. B C Studies, 1984 *Sheltering in the Backrush* Jeanette Taylor, 2023-04-22 Coastal historian Jeanette Taylor unveils the unique past of Twin Islands Twin Islands form part of the lacey fringe at the southern edge of the Discovery Islands archipelago where it meets the north Salish Sea This is the interface between wilderness and urban settlement To the north heavily treed slopes rise vertically from the sea and fast tides churn through the constricted passages of a maze of islands and inlets Navigating these waters is a white knuckle challenge many recreational boaters avoid ending their travels to the east in Desolation Sound Marine Park To the south the topography

relaxes into a more habitable environment of open waters villages towns and highways Those who do find their way to Twin are richly rewarded by a beautiful and tranquil destination with a fascinating past Discovery of a trove of sepia toned pictures of Twin Islands from the late 1930s drew Jeanette Taylor to research and document the history of the islands She found a live wire cast of characters typical of remote places including a one legged sheep farmer an aristocratic Irish priest who was the victim of an unsolved murder American tycoons fleeing Japan on the cusp of World War II German royalty and an anonymous heiress who rescued the islands from logging Through it all Taylor found a thread among Twin s people passed from one generation to the next like an invisible torch handed over with the deed a love of nature and the place Illustrated with historical photos and engagingly written Sheltering in the Back Rush is an important addition to Harbour Publishing s catalogue of coastal BC history

Clam Gardens Judith Williams,2006 For many years archaeologists were unaware of the ancient clam terraces at Waiatt Bay on Quadra Island Author Judith Williams knew no differently until she was advised of their existence by a Klahoose elder named Elizabeth Harry Keekus By liaising with other observers of clam gardens in the Broughton Archipelago and conducting her own survey of Waiatt Bay and Gorge Harbour on Cortes Island Williams has amassed evidence that the rock structures seen only at the lowest tides were used by native peoples for the purpose of cultivating butter clams Her research does much to challenge the notion of pre contact West Coast indigenous peoples and hunters gatherers alone The clam gardens whose existence she reveals here might also be unique in the world Clam Gardens Aboriginal Mariculture on Canada s West Coast is Number 15 in the Transmontanus series of books edited by Terry Glavin

Ecology of Salmonids in Estuaries around the World Colin D. Levings,2016-08-03 For

centuries biologists have marvelled at how anadromous salmonids fish that pass from rivers into oceans and back again survive as they migrate between these two very different environments Yet relatively little is understood about what happens to salmonid species including salmon steelhead char and trout in the estuaries where they make this transition from fresh to salt water This book explains the critical role estuaries play in salmonid survival Ecology of Salmonids in Estuaries around the World synthesizes information from a vast array of literature to describe the specific adaptation of eighteen anadromous salmonids in four genera *Hucho* *Oncorhynchus* *Salmo* and *Salvelinus* explain the ecological relationships between anadromous salmonids the fish they coexist with and their estuarine habitat discuss key fitness elements salmonids need for survival including those relating to osmoregulation growth and feeding mechanisms and biotic interactions provide guidance on how to conduct estuarine sampling and scientific aspects of management and recovery plans offer directions for future research The critical reference is further enhanced by extensive supplementary appendices that are available online including data tables additional references on estuarine salmonids and a primer on estuaries and salmonids for citizen scientists

Return to Solitude Grant Lawrence, 2022-04-30 The long awaited sequel to Grant Lawrence's bestselling memoir *Adventures in Solitude* It's been over a decade since renowned broadcaster and indie rock musician Grant Lawrence launched his writing career with the award winning *Adventures in Solitude* yet some things never change including the winding Sunshine Coast Highway close calls at the BC Ferries ticket office and carsick children But this time Lawrence returns as a husband and father not as the vomiting and nerdy kid dragged along by his athletic and unflappable parents In his inimitable high voltage style Lawrence interweaves the rich and harrowing history of the Desolation Sound area with his own experiences of life on the coast This lively book recounts the life and times of the legendary Cougar Lady tracks a phantom like squatter known as the Spaghetti Bandit and details the bizarre exit and even more bizarre death of Bernard the German Here too are many of the beloved personalities introduced in Lawrence's first book including hippie recluse Russell the Hermit plus the continued voyages of Big Buck the decrepit family boat and the incredible return of large ocean mammals to Desolation Sound From a hilarious heartfelt and slightly wiser voice comes a momentous story of time family and place whirling around one increasingly ramshackle cabin on a beautiful and not at all desolate coast
