Small Churches in the Twenty-First Century Carl S. Dudley, 2010-09-01 Dudley's work in *Making the Small Church Effective* 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual's sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation's sense of unity and that motivate its members to more faithfully live out their faith

Community in History Volume 2 Roger D. Haight, 2005-03-17 Ecclesiology from below as it operates in this work is directed to history it moves through the actual church of history to ecclesiology or to an understanding of the church both as it is and as it should be In the first volume that passage was fairly explicit because comprehensive ecclesiologies in our sense did not exist In this volume ecclesiology itself becomes much more directly the subject matter of the book but without losing sight of concrete history and the degree to which these ecclesiologies are historically conditioned Put somewhat differently the main goal of this comparative ecclesiology is not simply to lay down one after another different ecclesiologies that emerged over the last five hundred years although that describes the book with empirical accuracy Its larger intent is to show the richness vitality and creativity of the whole church as it moves through history adjusting to new times places and cultures *Mission & Culture: The Louis J. Luzbetak Lectures* Stephen B. Bevans, 2012 **Directory of Published**

Proceedings, 2004 **A comunidade cristã na história** Roger Haight, 2019-02-01 Roger Haight aplicando a metodologia desenvolvida em seu livro *Dinâmica da teologia e exemplificada em Jesus* o modelo de Deus cria nesta obra magistral o que ele chama de eclesiologia histórica ou eclesiologia de baixo concreta realista e historicamente consciente em contraposição à tradicional eclesiologia de cima abstrata idealista e a histórica Neste segundo volume desenvolvida uma eclesiologia comparada que partir da Reforma e analisar as diversas teologias do movimento cristão mundial até o presente Este esforço necessário O público da teologia se expande medida que as pessoas vão se tornando mais instruídas O catecismo por si só não dá conta das demandas Para o segmento criticamente instruído da Igreja e para o público externo que se volta para ela em

busca de respostas para suas questões fundamentais faz-se necessária uma teologia que recorra experiência contemporânea e responda a suas interpelações. A Igreja cristã vive um momento paradoxal: um sopro renovador continua a nos agitar desde a arejada eclesiologia que brotou do último Concílio Ecumênico do Vaticano, mas ao mesmo tempo há sinais de retrocessos e desvios de rota. O século XX foi de grande crise. A emergência de novas teologias e a tentativa de superar o de velhas tradições gerou medo de assumir descontinuidades, rupturas, inovações e conflitos. Hoje após o Vaticano II e a Conferência de Aparecida multiplicaram-se os desafios, mas também os temores. A colosso Ecclesia XXI que acolhe esta obra pioneira em teologia histórica pretende ser uma tribuna para os ensaios a que a reflexão eclesiológica não pode se furtar caso pretenda compreender o caminho que as novas gerações de discípulos do Nazareno desejam seguir e os novos arranjos que cruzar o. Aqui será considerada de vários ângulos a realidade contemporânea do Cristianismo: o espiritual, o bíblico, o dogmático, o histórico, o intercultural, o litúrgico e o pastoral. Esta obra oferece-nos uma eclesiologia a partir de baixo, fundada numa teologia histórica na qual o autor lança o desafio histórico para reconstituir, na medida do possível, a efetiva experiência dos cristãos dos séculos passados e aplica em seguida a metodologia científico-social para avaliar os achados históricos. Com isso, ao refletir teologicamente sobre esses dados, Roger Haight consegue com sucesso transmitir a dinâmica inerente ao desenvolvimento do Cristianismo estruturado. Sem dúvida, esta obra suscita maiores debates acerca da Igreja e de suas fontes, sobre os métodos e os objetivos da eclesiologia. E se torna, a partir de agora, leitura indispensável entre estudantes e estudiosos de Eclesiologia, além de se mostrar muito útil a historiadores e cientistas da religião ocupados em compreender a forma e as vicissitudes do Cristianismo atual.

Small Batch C. Andrew Doyle, 2016-05-19 Small Batch explores the emerging denominational movement into planting missional communities. As the church finds its way into the new millennium, it is faced with the need to think of its mission as an ancient future Christian community. Theology to practical guide, stories from the front, and communities to discover books to read and small group study questions make Small Batch a handbook for individuals interested in the growing movement of planting new Christian communities. Through the movement of the spirit and shared common life and staying deeply rooted in the ancient practices of Christian community, the denominational church is being reborn in a new mission context. Small batch communities are popping up across the country with a new mission fervor. They are locally focused. They are organic and deeply rooted in the community and derive their strength from the care they give to local concerns. They are sustainable because they begin to find new economies that support the work. Bishop Doyle explores the sending churches that are planting greenfield ministries and multiplying churches who are spinning off new contextually oriented mission communities. What we discover in Small Batch is that the gospel will not be deterred by size or economic realities and we are even now able to see the future shape of very diverse Christian mission.
