Edited by Zlatko Šabič and Charles Bukowski

Small States In The Post Cold War World

Dmitry Shlapentokh

Small States In The Post Cold War World:

The Role of Small States in the Post-Cold War Era Dmitry Shlapentokh, 2012 The United States is no longer the only global center of power as it was in the first years of post Cold War era Neither are there just two superpowers the United States and the Union of Soviet Socialist Republics that define the course of global events The new multipolarity implies the presence of several centers of power that will provide the opportunity for small states such as Belarus to move from one center of power to the other and or to engage in a sort of geopolitical gamesmanship During the last 10 years or so Belarus moved from Russia to the European Union and back while at the same time engaging in relationships with Iran and China While relationships with Russia and the European Union have not been stable the story is different with China and Iran Belarus has always maintained a good relationship with both countries especially with China This demonstrates the increasing role of Asia in the geopolitical arrangements now and certainly in the years to come Publisher's website Small States in the International System Neal G. Jesse, John R. Dreyer, 2016-06-16 Small States in the International System addresses the little understood foreign policy choices of small states It outlines a theoretical perspective of small states that starts from the assumption that small states are not just large states writ small In essence small states behave differently from larger and more powerful states As such this book compares three theories of foreign policy choice realism and its emphasis on structural factors domestic factors and social constructivism emphasizing norms and identity across seven focused case studies from around the world in the 20th Century Through an examination of the foreign policy choices of Switzerland Ireland Finland Norway the Netherlands Belgium Ethiopia Somalia Vietnam Bolivia and Paraguay this book concludes that realist theories built on great power politics cannot adequately explain small state behavior in most instances When small states are threatened by larger belligerent states the small state behaves along the predictions of social constructivist theory when small states threaten each other they behave along realist predictions *Handbook on the Politics of Small States* Godfrey Baldacchino, Anders Wivel, 2020-03-28 Comprehensive and timely this Handbook identifies the key characteristics challenges and opportunities involved in the politics of small states across the globe today Acknowledging the historical legacies behind these states the chapters unpack the costs and benefits of different political models for small states **The National Security of Small States in a Changing World** Efraim Inbar, Gabriel Sheffer, 2013-09-13 The first part of this book is primarily devoted to analysing the impact of the system of international relations on the fortunes of small states The second part discusses the question what changes in the national strategy of small states are necessary in view of the new international system The authors of this volume come from various parts of the world and espouse differing outlooks Nevertheless they were able to coalesce around a similar theme in an effort to contribute to the international understanding of the special challenges that confront the world's small states **Military Neutrality of Small States in the Twenty-First Century** Jelena Radoman, 2021-08-28 This book explores the factors that

account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies

Small states in world politics Matthias Maass,2017-11-01 What is the story behind the paradoxical survival of small and weak states in a world of great powers and crude power politics And what explains the dramatic rise and fall in the number of states overtime following no consistent trend and not showing an immediately obvious direction or pattern The answers lie at the system level Small states survival is shaped by the international states system Small state survival and proliferation is determined first and foremost by features of and dynamics created at the states system As the states system changes and evolves the chances for small states to survive or proliferate change as well In fact a quantitative investigation confirms this showing that over the course of more than 31 2 centuries the number of small states did fluctuate widely and at times dramatically *Small States in the Global Economy* David Peretz,Rumman Faruqi,Eliawony J. Kisanga,2001 This collection of papers presented to the Commonwealth Secretariat World Bank Joint Task Force conferences sets out an agenda for future national regional and international actions to address economic vulnerabilities of small states

Small States in World Politics Jeanne A. K. Hey,2003 Offering empirical richness within a consistent theoretical framework this work provides a comprehensive examination of small state foreign policy *The Diplomacies of Small States* A. Cooper,T. Shaw,2009-04-08 This is an in depth analysis of the various methods used by small states to overcome their vulnerabilities in the international arena With its balanced approach and variety of contributions this book is of interest to researchers and academics who focus on the developing world or multilateral diplomacy *Regionalism in the Post-Cold War World* Stephen Calleya,2018-03-29 This title was first published in 2000 This text describes analyzes and projects the implications of regionalism on contemporary international relations Regional policy positions are examined in order to increase our understanding of how the direct impact patterns of relations at a regional level of analysis are having in the shifting balance of international power The book clarifies what types of regional dynamics are manifesting themselves in different parts of the world and consists of both theoretical and empirical assessments similar to those developed in the author s previous book on regionalism that ensures that the comparative analysis conducted is a comprehensive and coherent one *Security in a Post-Cold War World* R. Patman,1999-06-23 For much of the post war era the substance and scope of international security was defined by the parameters of the Cold War But the end of the Cold War has created a new global context This book seeks to map out the nature of post Cold War security by exploring the patterns of international conflict weighing non state challenges to security examining inter state cooperation in the security field and evaluating the security dynamics of the Asia

Pacific region **North Korean Foreign Relations in the Post-Cold War World** Samuel S. Kim, 2007 The author examines North Korea's foreign relations with China Russia Japan the United States and South Korea during the post Cold War era North Korea's extended and heavy reliance on foreign aid and assistance both military and economic in the first 4 decades came from China the Soviet Union and communist bloc states in the past 2 decades this aid has come from countries including China South Korea and the United States He argues that central to understanding North Korea's international behavior in the 21st century is the extent to which the policies of the United States have shaped that behavior Although some readers may not agree with all of Dr Kim's interpretations and assessments they nevertheless will find his analysis stimulating and extremely informative

A New Theory and Practice of Diplomacy , 2021-03-25 Effective diplomacy remains fundamental to the conduct of international relations in the twenty first century as we seek to define and manage a challenging new world order peacefully New Perspectives on Diplomacy examines the implications of the shifting international landscape upon how states interact with one another Reflecting on the significant changes to the system of states over the past 50 years including the end of the Cold War the rise of transnational networks challenges to borders growth in national populism and the increasing difficulties presented to diplomats by radical transparency the first volume presents the global context against which contemporary diplomacy is conducted

Small States and Security in Europe Tomáš Weiss, Geoffrey Edwards, 2021-12-28 This book studies how domestic contestation influences the security policy of small states within the European Union EU and North Atlantic Treaty Organization NATO A multinational group of expert contributors consider how domestic contestation is translated into small states foreign policies how membership of international organisations alters attitudes to security policy in small states and how patterns of small states behaviour across domestic traditions security cultures and geographical location can be identified Anchored in new institutionalism the book explores the influence of international organisations on security policies and the tensions created by connecting four strands of literature on Europeanisation on the impact of and on institutions on the way foreign and security policy is made and the security strategic culture of small states It will be of interest to all scholars and students of international relations security studies EU studies area studies and politics

Why Containment Works Wallace J. Thies, 2020-11-15 Why Containment Works examines the conduct of American foreign policy during and after the Cold War through the lens of applied policy analysis Wallace J Thies argues that the Bush Doctrine after 2002 was a theory of victory a coherent strategic view that tells a state how best to transform scarce resources into useful military assets and how to employ those assets in conflicts He contrasts prescriptions derived from the Bush Doctrine with an alternative theory of victory one based on containment and deterrence which US presidents employed for much of the Cold War period There are he suggests multiple reasons for believing that containment was working well against Saddam Hussein's Iraq after the first Gulf War and that there was no need to invade Iraq in 2003 Thies reexamines five cases of containment drawn from the Cold War and the post

Cold War world Each example Thies suggests offered US officials a choice between reliance on traditional notions of containment and reliance on a more forceful approach To what extent did reliance on rival theories of victory containment versus first strike contribute to a successful outcome Might these cases have been resolved more quickly at lower cost and more favorably to American interests if US officials had chosen a different mix of the coercive and deterrent tools available to them Thies suggests that the conventional wisdom about containment was often wrong a superpower like the United States has such vast resources at its disposal that it could easily thwart Libya Iraq and Iran by means other than open war

Halduskultuur-Administrative Culture 11(1): Small States and the “State” , Proceedings of Topical Issues in International Political Geography (TIPG 2023) Radomir Bolgov,Vadim Atnashev,Timo Duile,Yuriy Gladkiy,Sergey Pogodin,Alexey Tsyb,Andrei Znamenski,2024-12-23 This proceedings book provides selections from the 2023 Topical Issues in International Political Geography TIPG meeting This gathering addresses the main issues of contemporary political geography and international relations providing a platform for discussion and collaboration between an international array of experts primarily in the fields of political geography geopolitics and international relations The first section of this volume focuses on international relations addressing issues such as multipolarity small states transport cooperation politico geographical processes and international security in the context of geographic space Building on these spatially rooted themes section two presents contributions that focus on the dual processes of globalization or regionalism Authors of these chapters use historical frameworks to interrogate the nation state ideology identity symbolisms sovereignty and memory In section three the focus narrows to specific domestic policies such as those related to gender public services elections and corruption prevention situated in contemporary conversations about digital transformations Section four turns to instruments of cultural policy examining tourism and in a new addition in response to developments in the field education Similarly section five introduces a theme new to the conference migration and socio demographic processes These chapters evaluate national regional and local aspects of migration and multiculturalism The final section turns to the still pressing theme of sustainable development taking up case studies of nations and international organizations grappling with questions about sustainable growth political ecology and environmental culture The content of the book will be interesting to experts academics and students *Small States in Multilateral Economic Negotiations* Amrita Narlikar,2016-04-08 This book addresses the puzzle Can David take on Goliath in multilateral economic negotiations and if so then under what conditions The question of how the weak bargain with the strong in international politics is exciting theoretically and empirically In a world of ever increasing interdependence and also a time of economic crisis it acquires even greater significance With the help of issue specific case studies the volume offers new insights into the vulnerabilities that small states face in multilateral economic negotiations and also mechanisms whereby these weaknesses might be overcome and even used as an advantage The attention that this volume pays to questions of smallness and negotiation allow it to address a long standing problem of

international politics The case studies which cover monetary financial trade and climate change negotiations ensure a unique and valuable topicality to the volume This book was published as a special issue of The Round Table

Polarity in International Relations Nina Græger, Bertel Heurlin, Ole Wæver, Anders Wivel, 2022-08-30 This book brings together a group of leading scholars on international relations to develop and apply the concept of polarity on past and present international relations and discuss its applicability and usefulness in the future Despite a comprehensive debate on a global power shift often discussed in terms of the decline of the United States the crisis in the liberal international order and the rise of China IR s main concept of power polarity remains undertheorized and understudied The great powers and their importance for dynamics and processes in the international system are central to current debates on international order but these debates too often suffer from a combination of politicized empirical analysis and reliance on old theoretical debates and conceptualizations typically originating in the Cold War security environment In order to meet these challenges this book updates conceptualizes applies and critically debates the concepts of unipolarity bipolarity multipolarity and non polarity in order to understand the current world order

Small States and Big Powers Alice Cunha, Baldur Thorhallsson, 2023-10-14 Foreign policy is one of the most complex policies of every state and Portugal and Iceland are no exception The Small States and Big Powers Portugal and Iceland s Foreign Relations book analyses the importance of relations with big powers or regional and international organisations from a shelter theory perspective detailing the degree of political economic and societal shelter that they have provided to Portugal and to Iceland over time Despite having followed distinct paths Portugal and Iceland have some important similarities in their foreign policy namely in relation to the European and the Atlantic dimensions and their participation in regional organisations The book examines their decisions to join or not to join regional organisations and both countries bilateral relations with other important parts of the world namely Africa the Nordic states and China This book compares the foreign policies of Portugal and Iceland considering their commonly identified status as small states and place them within the shelter theory framework and its findings indicate that both countries need to balance their international relations with shelter provided by different actors Their size and political and economic capabilities matter in their bilateral and multilateral relations It is therefore in both countries interest to maintain strong cooperation not only with big powers but also regional and international organisations depending on their field of action in order to flourish politically economically and socially

Small States In The Post Cold War World Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Small States In The Post Cold War World PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to

focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Small States In The Post Cold War World PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Small States In The Post Cold War World free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
