But by outlining the ongoing work of Ireland's cold case detectives this book will also give you hope that these killers will never be allowed to rest easy and that one day justice will come knocking on their door. Unsolved the 1981 fatal shooting of Lorcan O Byrne who was targeted by robbers on the night he was celebrating his engagement. Davies, Frances Fahy, Henrike Rau, 2014-05-16 Sustainable consumption is a central research topic in academic discourses of sustainable development and global environmental change. Informed by a number of disciplinary perspectives this book is structured around four key themes in sustainable consumption research: Living, Moving, Dwelling and Futures. The collection successfully balances theoretical insights with grounded case studies on mobility, heating, washing and eating practices and concludes by exploring future sustainable consumption research pathways and policy recommendations. Theoretical frameworks are advanced throughout the volume especially in relation to social practice theory, theories of behavioural change and innovative visioning and backcasting methodologies. This groundbreaking book draws on some conceptual approaches which move beyond the responsibility of the individual consumer to take into account wider social, economic and political structures and processes in order to highlight both possibilities for and challenges to sustainable consumption. This approach enables students and policy makers alike to easily recognise the applicability of social science theories **The Complete Idiot's Guide to the Perfect Resume** Susan Ireland, 2002-12 Includes tips on writing an effective resume, creating an accurate yet impressive job statement, networking using software programs and other resume technologies and making the most of your experience OECD Skills Studies: The Assessment Frameworks for Cycle 2 of the Programme for the International Assessment of Adult Competencies OECD, 2021-04-30 The OECD's Programme for the International Assessment of Adult Competencies (PIAAC) represents a comprehensive international comparative assessment of the information processing skills of adults vital for the full participation in social and economic life in the 21st century. New apps appear daily promising they will make you more productive, and countless blog posts, YouTube videos, and podcasts tell you to try this or that new innovative idea. The truth is the only way you will get more done is to do more. No new app, system, or idea will ever replace that simple fact. But there is a problem with this. To get more done, you have to do more in a way counter to the culture we live in today. We are supposed to take more breaks, be more gentle with ourselves to protect our mental health, and slow down when we feel tired. All good advice, but it does not help us to be more productive if to be more productive means we have to do more. In *Your Time, Your Way*, Time Well Managed, Life Well Lived, Carl Pullein gives you the secrets, tools, and processes you need to make more time in your work life and personal life to do more better. **A Spy for the Union** Corey Recko, 2013-09-20. It was also as a Pinkerton detective that Webster made his greatest contribution to his country when he was part of a small group of operatives that uncovered a plot to assassinate then President elect Abraham Lincoln in 1861. Webster went on to serve the United States as a spy in the Civil War. He traveled to the Confederate Capital multiple times and made many connections high up in the Confederate military and government.
