The Smell of Slavery Andrew Kettler, 2020-05-28 In the Atlantic World different groups were aromatically classified in opposition to other ethnic gendered and class assemblies due to an economic necessity that needed certain bodies to be defined as excremental which culminated in the creation of a progressive tautology that linked Africa and waste through a conceptual hendiadys born of capitalist licentiousness The African subject was defined as a scented object appropriated as filthy to create levels of ownership through discourse that marked African peoples as unable to access spaces of Western modernity Embodied cultural knowledge was potent enough to alter the biological function of the five senses to create a European olfactory consciousness made to sense the African other as foul Fascinating informative and deeply researched *The Smell of Slavery* exposes that concerns with pungency within the Western self were emitted outward upon the freshly dug outhouse of the mass slave grave called the Atlantic World

mind once historically and culturally assumed is now pathologized as Teresa Brennan shows in relation to affective transfer in psychiatric clinics and the prevalence of psychogenic illness in contemporary life To neglect the mechanism by which affect is transmitted the author claims has serious consequences for science and medical research Brennan s theory of affect is based on constant communication between individuals and their physical and social environments Her important book details the relationships among affect energy and new maladies of the soul including attention deficit disorder chronic fatigue syndrome codependency and fibromyalgia Sparks of Genius Robert Root-Bernstein, Michèle

What do you smell What do you touch Reading scripture attentively is more than a matter of sight Most of us have been taught to think about God in visual terms yet the very subject matter of scripture our relationship with the fullness of God makes irresistible demands upon all of our senses if we are to begin to understand anything about God In these meditations on stories from the New Testament Roger Ferlo shows us how to read the Bible in a full bodied way with all the senses attuned For just as a printed recipe cannot substitute for a mouth watering feast so the Bible must be brought to life through the senses Its stories must be seen heard touched smelled and tasted Only then Ferlo believes can we truly begin to encounter in our lives the Word of God to us in scripture Sensing God is one of our series of Cowley Cloister Books smaller format gift edition books designed for meditative and devotional reading *The Roamers* Francesco Verso, 2023-05-09 From the award winning future thinker comes a Solar Punk novel packed with near future ideas from the streets of Rome with elements of David Mitchell s Cloud Atlas and Into the Wild by Jon Krakauer The pulldogs a group of people at the twilight of Western civilisation undergo an anthropological transformation caused by the dissemination of nanites nanorobots capable of
