Smokejumpers of the Civilian Public Service in World War II Robert C. Cottrell,2006-09-05 This is the story of Civilian Public Service smokejumpers who battled against dangerous winds searing heat and devastating fires from 1943 until 1945 Fewer than 300 World War II conscientious objectors served their country in this fashion operating out of CPS bases in

Montana Idaho and Oregon But that small band of men helped to keep alive Forest Service operations in the Pacific Northwest and thus sustained a program to fight potentially crippling fires When the war ended CPS smokejumpers like millions of World War II combat soldiers were ushered out of wartime service Some like many returning GIs encountered difficulties in adjusting to civilian life Nevertheless the one time smokejumpers often went on to make other remarkable contributions to their communities their nation and the world **A Great Day to Fight Fire** Mark Matthews,2013-07-10 Mann Gulch Montana 1949 Sixteen men ventured into hell to fight a raging wildfire only three came out alive Searing the fire into the nation s consciousness Norman Maclean chronicled the Mann Gulch tragedy in his award winning book Young Men and Fire Still the silence of the victims families robbed Maclean s account of an essential personal dimension Shifting the focus from the fire to the men who fought it Mark Matthews now provides that perspective Not until 1999 the fiftieth anniversary of the fire did people begin to talk openly about Mann Gulch Matthews has garnered those thoughts to reveal how devastating the fire was to the firefighters family members coworkers and friends In retelling the story of Mann Gulch he draws on the testimony of the three survivors including never before published insights from the last living member of the team and interviews with former smoke jumpers of that era The result is a moment by moment heart stopping re creation of events The Mann Gulch tragedy provoked the Forest Service to develop safety equipment and training programs but fighting wildfires is still a perilous job Matthews stirring account renews our respect for one of nature s primal forces A heartbreakingly human story it still haunts a firefighting community and keeps today s firefighters forever on guard

history Daily news reports brought dramatic images of vast swaths of land going up in smoke from the mountains of Montana and Wyoming to the scrublands of Texas to Los Alamos New Mexico where a controlled burn gone awry threatened forests homes and even our nation's nuclear secrets As they have for centuries wildfires captured our attention and our imagination reminding us of the power of the natural forces that shape our world In *Wildfire A Reader* nature writer and wildland firefighter Alianor True gathers together for the first time some of the finest stories and essays ever written about wildfire in America From Mark Twain to Norman Maclean to Edward Abbey writers featured here depict and record wildfires with remarkable depth and clarity An ecological perspective is well represented through the works of John Muir Aldo Leopold and John McPhee Ed Engle Louise Wagenknecht and Gretchen Yost firefighters from the front lines give us exciting first person perspectives reliving their on the ground encounters with forest fires The works gathered in *Wildfire* not only explore the sensory and aesthetic aspects of fire but also highlight how much attitudes have changed over the past 200 years From Native Americans who used fire as a tool to early Americans who viewed it as a frightening and destructive force to Aldo Leopold and other conservationists whose ideas caused us to rethink the value and role of fire this rich collection is organized around those shifts in thinking Capturing the fury and the heat of a raging inferno or the quiet emergence of wildflowers sprouting from ashes the writings included in *Wildfire* represent a vital and compelling addition to the nature writing and natural history bookshelf

Young Men and Fire Norman Maclean, 2010-03-25 On August 5 1949 a crew of fifteen of the United States Forest Service's elite airborne firefighters the Smokejumpers stepped into the sky above a remote forest fire in the Montana wilderness Two hours after their jump all but three of these men were dead or mortally burned Haunted by these deaths for forty years Norman Maclean puts back together the scattered pieces of the Mann Gulch tragedy *Young Men and Fire* won the National Book Critics Circle Award in 1992 A magnificent drama of writing a tragedy that pays tribute to the dead and offers rescue to the living Maclean's search for the truth which becomes an exploration of his own mortality is more compelling even than his journey into the heart of the fire His description of the conflagration terrifies but it is his battle with words his effort to turn the story of the 13 men into tragedy that makes this book a classic from New York Times Book Review Editor's Choice Best Books of 1992 A treasure part detective story part western part tragedy part elegy and wholly eloquent ghost story in which the dead and the living join ranks cheerfully if sometimes eerily in a search for truth and the rest it brings Joseph Coates Chicago Tribune An astonishing book In compelling language both homely and elegant *Young Men and Fire* miraculously combines a fascinating primer on fires and firefighting a powerful breathtakingly real reconstruction of a tragedy and a meditation on writing grief and human character Maclean's last book will stir your heart and haunt your memory Timothy Foote USA Today Beautiful A dark American idyll of which the language can be proud Robert M Adams The New York Review of Books *Young Men and Fire* is redolent of Melville Just as the reader of *Moby Dick* comes to comprehend the monstrous entirety of the great white whale so the reader of *Young Men and Fire* goes into the

heart of the great red fire and comes out thoroughly informed Don't hesitate to take the plunge Dennis Drabelle Washington Post Book World Young Men and Fire is a somber and poetic retelling of a tragic event It is the pinnacle of smokejumping literature and a classic work of 20th century nonfiction John Holkeboer The Wall Street Journal Maclean is always with the brave young dead They could not have found a storyteller with a better claim to represent their honor A great book James R Kincaid New York Times Book Review
