Slavery and the American South Winthrop D. Jordan, 2003 In 1900 very few historians were exploring the institution of slavery in the South But in the next half century the culture of slavery became a dominating theme in Southern historiography In the 1970s it was the subject of the first Chancellor's Symposium in Southern History held at the University of Mississippi Since then scholarly interest in slavery has proliferated ever more widely In fact the editor of this retrospective volume states that since the 1970s the expansion has resulted in a corpus that has a huge number of components scores even hundreds rather than mere dozens He states that no such gathering could possibly summarize all the changes of those twenty five years Hence for the Chancellor Porter L. Fortune Symposium in Southern History in the year 2000 instead of providing historiographical summary the participants were invited to formulate thoughts arising from their own special interests and experiences Each paper was complemented by a learned penetrating reaction On balance the editor avers in his introduction reflection about the whole can convey a further sense of the condition of this field of scholarship at the very end of the last century which was surely an improvement over what prevailed at the beginning The collection of papers includes the following *Logic and Experience* Thomas Jefferson's Life in the Law by Annette Gordon Reed with commentary by Peter S. Onuf *The Peculiar Fate of the Bourgeois* *Critique of Slavery* by James Oakes with commentary by Walter Johnson *Reflections on Law Culture and Slavery* by Ariela Gross with commentary by Laura F. Edwards *Rape in Black and White Sexual Violence in the Testimony of Enslaved and Free Americans* by Norrece T. Jones Jr with commentary by Jan Lewis *The Long History of a Low Place Slavery on the South Carolina Coast 1670-1870* by Robert Olwell with commentary by William D. C. Woodson Paul Robeson and Richard Wright on the Arts and Slave Culture by Sterling Stuckey with commentary by Roger D. Abrahams Winthrop D. Jordan is William F. Winter Professor of History and professor of African American studies at the University of Mississippi His previous books include *White Over Black American Attitudes toward the Negro 1550-1812* and *The White Man's Burden Historical Origins of Racism in the United States* and his work has been published in the *Atlantic Monthly* *Daedalus* and the *Journal of Southern*

History among other periodicals *The American Farmer in the Eighteenth Century* Richard L. Bushman, 2018-05-22 An illuminating study of America's agricultural society during the Colonial Revolutionary and Founding eras In the eighteenth century three quarters of Americans made their living from farms This authoritative history explores the lives cultures and societies of America's farmers from colonial times through the founding of the nation Noted historian Richard Bushman explains how all farmers sought to provision themselves while still actively engaged in trade making both subsistence and commerce vital to farm economies of all sizes The book describes the tragic effects on the native population of farmers efforts to provide farms for their children and examines how climate created the divide between the free North and the slave South Bushman also traces midcentury rural violence back to the century's population explosion An engaging work of historical scholarship the book draws on a wealth of diaries letters and other writings including the farm papers of Thomas Jefferson and George Washington to open a window on the men women and children who worked the land in early America

Slavery and Sentiment on the American Stage, 1787-1861 Heather S. Nathans, 2009-03-19 For almost a hundred years before Uncle Tom's Cabin burst on to the scene in 1852 the American theatre struggled to represent the evils of slavery Slavery and Sentiment examines how both black and white Americans used the theatre to fight negative stereotypes of African Americans in the United States **Slavery and the Enlightenment in the British Atlantic, 1750-1807** Justin Roberts, 2013-07-08 Clock work time quantification amelioration and the enlightenment Sunup to sundown agricultural diversity and seasonal patterns of work Lockstep and line gang work and the division of labor Negotiating sickness health work and seasonality Labor and industry skilled and unskilled work Working lives occupations and families in the slave community **The Overseers of Early American Slavery** Laura R. Sandy, 2020-04-03 Enmeshed in the exploitative world of racial slavery overseers were central figures in the management of early American plantation enterprises All too frequently dismissed as brutal and incompetent they defy easy categorisation Some were rogues yet others were highly skilled professionals farmers and artisans Some were themselves enslaved They and their wives with whom they often formed supervisory partnerships were caught between disdainful planters and defiant enslaved labourers as they sought to advance their ambitions Their history revealed here in unprecedented detail illuminates the complex power struggles and interplay of class and race in a volatile slave society *The Hemingses of Monticello* Annette Gordon-Reed, 2009-09-08 Winner of the Pulitzer Prize Winner of the National Book Award New York Times Bestseller 1 on Esquire's List of the 50 Best Biographies of All Time A commanding and important book Jill Lepore The New Yorker This epic work named a best book of the year by the Washington Post Time the Los Angeles Times Amazon the San Francisco Chronicle and a notable book by the New York Times tells the story of the Hemingses whose close blood ties to our third president had been systematically expunged from American history until very recently Now historian and legal scholar Annette Gordon Reed traces the Hemings family from its origins in Virginia in the 1700s to the family's dispersal after Jefferson's death in 1826 **Humanities**, 2000

Engendering African American Archaeology Jillian E. Galle, Amy L. Young, 2004 Taken together these essays represent a departure in historical archaeology an important foray into the study of the construction of gender within various African American communities that is based in the archaeological record Those interested in historical archaeology history women s studies and African American studies will find this a valuable addition to the literature Topics range from gendered residential and consumption patterns in colonial Virginia and the construction of identity in Middle Tennessee to midwifery practices in postbellum Louisiana Contributors to this volume include Melanie Cabak Marie Danforth Garrett Fesler Jillian Galle Barbara Heath Larry McKee Patricia Samford Elizabeth Scott Brian Thomas Larissa Thomas Laura Wilkie Kristin Wilson and Amy Young BOOK JACKET

The American South William J. Cooper Jr., Thomas E. Terrill, Christopher Childers, 2016-07-06 In *The American South A History Fifth Edition* William J Cooper Jr Thomas E Terrill and Christopher Childers demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States The autIn *The American South A History Fifth Edition* William J Cooper Jr Thomas E Terrill and Christopher Childers demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States The authors analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision In supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in Southern history Each volume includes a substantial bibliographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South This first volume also includes updated chapters tables preface and prologue

Using Past as Prologue Dionne Danss, Michelle A. Purdy, Christopher M. Span, 2015-08-01 In 1978 V P Franklin and James D Anderson co edited *New Perspectives on Black Educational History* For Franklin Anderson and their contributors there were glaring gaps in the historiography of Black education that each of the essays began to fill with new information or fresh perspectives There have been a number of important studies on the history of African American education in the more than three decades since Franklin and Anderson published their volume that has pushed the field forward Scholars have redefined the views of Black southern schools as simply inferior demonstrated the active role Blacks had in creating and sustaining their schools sharpened our understanding of Black teachers and educational leaders role in educating Black students and themselves with professional development provided a better understanding and recognition of the struggles in the North particularly in urban and metropolitan areas expanded our thinking about school desegregation and community control and broadened our understanding of Black experiences and activism in higher education and private schools Our volume will highlight and expand upon the changes to the field over the last three and a half decades In the shadow of 60th anniversary of Brown v Board of Education and the 50th anniversary of the 1964 Civil Rights Act contributors expand on the way African Americans viewed and experienced a variety of educational policies including segregation and desegregation and the varied

options they chose beyond desegregation The volume covers both the North and South in the 19th and 20th centuries Contributors explore how educators administrators students and communities responded to educational policies in various settings including K 12 public and private schooling and higher education A significant contribution of the book is showcasing the growing and concentrated work in the era immediately following the Brown decision Finally scholars consider the historian s engagement with recent history contemporary issues future directions methodology and teaching

Race and Police Ben Brucato,2023-09-15 In the United States race and police were founded along with a capitalist economy dependent on the enslavement of workers of African descent Race and Police builds a critical theory of American policing by analyzing a heterodox history of policing drawn from the historiography of slavery and slave patrols Beginning by tracing the historical origins of the police mandate in British colonial America the book shows that the peculiar institution of racialized chattel slavery originated along with a novel binary conception of race On one side for the first time Europeans from various nationalities were united in a single racial category Inclusion in this category was necessary for citizenship On the other Blacks were branded as slaves cast as social enemies and assumed to be threats to the social order The state determined not only that it would administer slavery but that it would regulate slaves authorizing the use of violence by agents of the state and white citizens to secure the social order In doing so slavery citizenship and police mutually informed one another and together they produced racial capitalism a working class defined and separated by the color line and a racial social order Race and Police corrects the Eurocentrism in the orthodox history of American police and in predominating critical theories of police That orthodoxy rests on an origin story that begins with Sir Robert Peel and the London Metropolitan Police Service Predating the Met by more than a century America s first police often called slave patrols did more than maintain order it fabricated a racial order Prior to their creation all white citizens were conscripted to police all Blacks Their participation in the coercive control of Blacks gave definition to their whiteness Targeted as threats to the security of the economy and white society being policed defined Blacks who for the first time were treated as a single racial group The boundaries of whiteness were first established on the basis of who was required to regulate slaves given a specific mandate to prevent Black insurrection a mandate that remains core to the police role to this day **Cultures and**

Identities in Colonial British America Robert Olwell,Alan Tully,2015-10-01 Never truly a new world entirely detached from the home countries of its immigrants colonial America over the generations became a model of transatlantic culture Colonial society was shaped by the conflict between colonists need to adapt to the American environment and their desire to perpetuate old world traditions or to imitate the charismatic model of the British establishment In the course of colonial history these contrasting impulses produced a host of distinctive cultures and identities In this impressive new collection prominent scholars of early American history explore this complex dynamic of accommodation and replication to demonstrate how early American societies developed from the intersection of American and Atlantic influences The volume edited by

Robert Olwell and Alan Tully offers fresh perspectives on colonial history and on early American attitudes toward slavery and ethnicity native Americans and the environment as well as colonial social economic and political development It reveals the myriad ways in which American colonists were the inhabitants and subjects of a wider Atlantic world Cultures and Identities in Colonial British America one of a three volume series under the editorship of Jack P Greene aims to give students of Atlantic history a state of the field survey by pursuing interesting lines of research and raising new questions The entire series Anglo America in the Transatlantic World engages the major organizing themes of the subject through a collection of high level debate inspiring essays inviting readers to think anew about the complex ways in which the Atlantic experience shaped both American societies and the Atlantic world itself *A Companion to Colonial America* Daniel Vickers,2008-04-15 A Companion to Colonial America consists of twenty three original essays by expert historians on the key issues and topics in American colonial history Each essay surveys the scholarship and prevailing interpretations in these key areas discussing the differing arguments and assessing their merits Coverage includes politics religion migration gender ecology and many others

A Sphinx on the American Land Peter Kolchin,2003-04 One reason that the South attracts so much interest is that its history inevitably involves big questions continuity versus change slavery and freedom the meaning of race the formation of national identity the struggle between local and centralized authority Because these issues are central to human experience southern history properly conceived is of more than regional interest In *A Sphinx on the American Land* Peter Kolchin explores three comparative frameworks for the study of the nineteenth century South in an effort to nudge the subject away from provincialism and toward the kind of global concerns that are already transforming it into one of the most innovative fields of historical research The volume opens with a comparison between the South and the North or what Kolchin terms the un South This basic context he explains provides an essential backdrop for understanding the South how one conceptualizes southernness has meaning only in terms of what it is not Turning to the cohesion and variations among what he calls the many Souths Kolchin reminds us that there has never been one South or archetypal southerner Internal distinctions whether geographic class religious or racial ultimately raise the question of whether one can properly speak of the South at all Finally Kolchin explores parallels between the South and regions outside the United States or other Souths He considers a number of ways in which the South can be studied in a broad international setting paying particular attention to the similarities and differences between the emancipation of southern slaves and Russian serfs In an eloquent afterword he ponders the nature and importance of comparative history Kolchin examines how scholars have approached each of his comparative frameworks and how they might do so in the future making *A Sphinx on the American Land* at once a work of history and of historiography Illustrating the ways in which southern history is also American history and world history this elegant profound volume proves Kolchin to be one of the stellar southern historians of his generation *From Slavery to Emancipation in the Atlantic World* Sylvia R. Frey,Betty Wood,2013-10-18 This collection examines the effects of slavery and

emancipation on race class and gender in societies of the American South the Caribbean Latin America and West Africa The contributors discuss what slavery has to teach us about patterns of adjustment and change black identity and the extent to which enslaved peoples succeeded in creating a dynamic world of interaction between the Americas They examine how emancipation was defined how it affected attitudes towards slavery patterns of labour usage and relationships between workers as well as between workers and their former owners

Dwelling Place Erskine Clarke, 2020-08-11 Winner of the Bancroft Prize A beautifully conceived and penetrating book one of the finest studies of American slavery ever written The New Republic Published some thirty years ago Robert Manson Myers's *Children of Pride* The True Story of Georgia and the Civil War won the National Book Award in history and went on to become a classic reference on America's slaveholding South That book presented the letters of the prominent Presbyterian minister and plantation patriarch Charles Colcock Jones 1804-1863 whose family owned more than one hundred slaves While extensive these letters can provide only one part of the story of the Jones family plantations in coastal Georgia In this remarkable new book the religious historian Erskine Clarke completes the story offering a narrative history of four generations of the plantations inhabitants white and black Encompassing the years 1805 to 1869 *Dwelling Place* A Plantation Epic describes the simultaneous but vastly different experiences of slave and slave owner This upstairsdownstairs history reveals in detail how the benevolent impulses of Jones and his family became ideological supports for deep oppression and how the slave Lizzy Jones and members of her family struggled against that oppression Through letters plantation and church records court documents slave narratives archaeological findings and the memory of the African American community Clarke brings to light the long suppressed history of the slaves of the Jones plantations a history inseparably bound to that of their white owners Clarke's magisterial multiperspective study of the antebellum South describes two family groups a total history of interconnected people divided by race legal status and gender Choice

Cradle of America Peter Wallenstein, 2014-08-15 As the site of the first permanent English settlement in North America the birthplace of a presidential dynasty and the gateway to western growth in the nation's early years Virginia can rightfully be called the cradle of America Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion The second edition is updated with new material throughout including a new chapter on Virginia and world affairs from the Korean War through 9/11 and beyond and an expanded bibliography Historical accounts of Virginia have often emphasized harmony and tradition but Wallenstein focuses on the impact of conflict and change From the beginning Virginians have debated and challenged each other's visions of Virginia and Wallenstein shows how these differences have influenced its sometimes turbulent development Casting an eye on blacks as well as whites and on people from both east and west of the Blue Ridge Mountains he traces such key themes as political power racial identity and education Bringing to bear his long experience teaching Virginia history Wallenstein takes readers back even before Jamestown to the Elizabethan settlers at Roanoke

Island and the inhabitants they encountered as well as to Virginia's leaders of the American Revolution. He chronicles the state's dramatic journey through the Civil War era, a time that revealed how the nation's evolution sometimes took shape in opposition to the vision of many leading Virginians. He also examines the impact of the civil rights movement and considers controversies that accompany Virginia into its fifth century. The text is copiously illustrated to depict not only such iconic figures as Pocahontas, George Washington, and Robert E. Lee, but also such other prominent native Virginians as Carter G. Woodson, Patsy Cline, and L. Douglas Wilder. Sidebars throughout the book offer further insight, while maps and appendixes of reference data make the volume a complete resource on Virginia's history.

African American Life in the Georgia Lowcountry Philip Morgan, 2011-11-01. The lush landscape and subtropical climate of the Georgia coast only enhance the air of mystery enveloping some of its inhabitants, people who owe in some ways as much to Africa as to America. As the ten previously unpublished essays in this volume examine various aspects of Georgia lowcountry life, they often engage a central dilemma: the region's physical and cultural remoteness helps to preserve the venerable ways of its black inhabitants, but it can also marginalize the vital place of lowcountry blacks in the Atlantic World. The essays, which range in coverage from the founding of the Georgia colony in the early 1700s through the present era, explore a range of topics all within the larger context of the Atlantic world. Included are essays on the double-edged freedom that the American Revolution made possible to black women; the lowcountry as site of the largest gathering of African Muslims in early North America; and the coexisting worlds of Christianity and conjuring in coastal Georgia and the links with variations to African practices. A number of fascinating, memorable characters emerge among them: the defiant Mustapha Shaw, who felt entitled to land on Ossabaw Island and resisted its seizure by whites only to become embroiled in struggles with other blacks; Betty, the slave woman who, in the spirit of the American Revolution, presented a list of grievances to her master; and S. Quash, the Arabic-speaking Muslim who arrived on one of the last legal transatlantic slave ships and became a head man on a North Carolina plantation. Published in association with the Georgia Humanities Council.
