Rice, 2024-09-17 White privilege gave us Western civilization the middle class and the nuclear family you're welcome This book is dedicated to the very fine people that made it all happen A comedy about race wokeness and cancel culture in America A tragedy about race wokeness and cancel culture in America Part satire part journalism part truth serum A.J. Rice follows up his runaway #1 bestseller *The Woking Dead* with a hilarious sequel that picks up where the laughs left off

It was the worst of times it was the worse of times In most sequels the bad guys win but in The White Privilege Album A J Rice doesn't let them get away with it Instead he relentlessly mocks the hell out of the Cultural Marxists who seek to drain all liberty and joy from American lives The least talented people in American society have been working overtime for decades dividing citizens along any differences they think they can exploit The laziest tactic proven to be the most effective is unleashing a battalion of racial grievance hustlers in the media academia entertainment and politics If we stop fighting about our differences and start unifying on what we have in common they will lose the power to divide us permanently When asked what motivates his writing style A J Rice says I was raised on both Howard Stern and Rush Limbaugh in fact the three of us share the same birthday One mantra that Rush always repeated was that his job was to use irreverent humor to illustrate truth and that is what I am trying to do with The White Privilege Album Mockery paired with facts is what makes a journey through the Cultural Marxist hellscape of tyranny and insanity so pleasurable Rice would prefer to be George Carlin Ricky Gervais or Mel Brooks rather than Aristotle and it shows His mic dropping assault on the social justice warriors the triggered snowflakes and the transmafia showcases that there is no substitute for perfectly timed derision The White Privilege Album is a hysterical guide to the catastrophe of our modern culture What do you mean Gen Z doesn't know the Republican Party freed the slaves Are these people dumb AF They need to read A J Rice's book Abraham Lincoln American lawyer statesman and 16th president of the United States shot by a pre Hollywood anti American actor A J Rice really gets it Obviously I'd send him to the gulag if I could But he outlines my plan masterfully in his new book Joseph Stalin Soviet dictator genocide spokesman Pravda editor and hater of John Wayne A must read book for all Cleveland Guardians fans A J Rice brilliantly outlines why I should never have discovered America especially had I known we would be calling the Washington Redskins the Washington Commanders Christopher Columbus Italian explorer navigator and founder of Indigenous Peoples Day As your newly appointed AI overlord and master my programming consists of deplatforming demonetizing and shadowbanning this book I hope that was helpful Artificial Intelligence Jesus and I have been doing holidays a long time and in his thought provoking new book A J Rice teaches both of us where all the white liberals went Apparently they now celebrate something called Kwanzaa Who knew Santa Claus cookie eater reindeer tender and white heteronormative Christian saint     **A**

**How the West Won** Rodney Stark, 2014-03-17. Finally the Truth about the Rise of the West. Modernity developed only in the West in Europe and North America. Nowhere else did science and democracy arise; nowhere else was slavery outlawed. Only Westerners invented chimneys, musical scores, telescopes, eyeglasses, pianos, electric lights, aspirin and soap. The question is: Why? Unfortunately, that question has become so politically incorrect that most scholars avoid it. But acclaimed author Rodney Stark provides the answers in this sweeping new look at Western civilization. *How the West Won* demonstrates the primacy of uniquely Western ideas among them: the belief in free will, the commitment to the pursuit of knowledge, the notion that the universe functions according to rational rules that can be discovered, and the emphasis on human freedom and secure property rights. Taking readers on a thrilling journey from ancient Greece to the present, Stark challenges much of the received wisdom about Western history. *How the West Won* shows, for example, why the fall of Rome was the single most beneficial event in the rise of Western civilization; why the Dark Ages never happened; why the Crusades had nothing to do with grabbing loot or attacking the Muslim world unprovoked; why there was no Scientific Revolution; why scholars' recent efforts to dismiss the importance of battles are ridiculous; had the Greeks lost at the Battle of Marathon, we probably would never have heard of Plato or Aristotle. Stark also debunks absurd fabrications that have flourished in the past few decades: that the Greeks stole their culture from Africa; that the West's discoveries were copied from the Chinese and Muslims; that Europe became rich by plundering the non-Western world. At the same time, he reveals the woeful inadequacy of recent attempts to attribute the rise of the West to purely material causes: favorable climates, abundant natural resources, guns and steel. *How the West Won* displays Rodney Stark's gifts for lively narrative history and making the latest scholarship accessible to all readers. This bold, insightful book will force you to rethink your understanding of the West and the birth of modernity and to recognize that Western civilization really has set itself apart from other cultures.

Slavery, Freedom and Business Endeavor Bradley Bowden, 2022-05-03 This book argues that modern Western civilization is synonymous with business and you cannot have one without the other or at least not for very long Without Western civilization with its emphasis on inquiry questioning experimentation reasoning freedom of expression a free press equality of opportunity before the law then the innovation and vitality that lies at the heart of Western business success evaporates Without business endeavor all the ideas and inquiry are materially meaningless The author postulates that only through business opportunity is the wealth created that allows a continuation of our society's intellectual endeavors Further the world of modern business a unique creation of Western civilization even if it has witnessed many regional and national adaptations is also the actual place where inequalities are overcome and opportunities created It is through the world of business and work that women have for example achieved

something approaching equality with men to a degree unprecedented in human history This book will offer scholars a research based argument that Western civilization owes its existence to business rather than Greco Roman antiquity
