Welter throughout her lifetime Put another way Welter often creates her stories secrets by both evoking and displacing crime fiction conventions Instead of restoring order with a culminating reveal her story puzzles characteristically allow mystery to linger and thicken The mystery pursued becomes mystery elsewhere The essays in this collection shift attention from narratives characters and plots as they have previously been understood by unearthing enigmas hidden within those constructions Some of these new readings continue Welter s investigation of hegemonic whiteness and southern narratives of race outlining these in chalk as outright crime stories Other essays show how Welter anticipated the regendering of the form now so characteristic of contemporary women mystery writers Her tender and widely ranging personal correspondence with the hard boiled American crime writer Ross Macdonald is also discussed Together these essays make the case that across her career Eudora Welter was arguably one of the genre s greatest double agents and to apply the titles of Macdonald s novels to her inventiveness with the form she is its underground woman its unexpected sleeping beauty

Ross MacDonald Tom Nolan, 2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author's life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don't have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan's meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of *Manhunt* and ended with the great respect of such fellow
