Peterson, 2006 Sir John Betjeman 1906 1984 Poet Laureate was probably the most widely read English poet of the twentieth century Because of his frequent appearances on radio and television and his fervent devotion to the preservation of England's architectural heritage his face and voice became familiar to millions Few other poets of any century have had such a powerful influence on their contemporaries This bibliography lists and describes all of his known writings including his own books ephemera contributions to periodicals and to books by others lectures and radio and television programmes Other categories such as editorships music settings and dramatic adaptations of his poems recordings and interviews are also included as well as a section devoted to writings about him Manuscripts and drafts of all his works are described in detail This enormous body of material is thoroughly indexed cross referenced and in most cases annotated Now at last the activities of this remarkable man both a poet and a cultural phenomenon can be seen in their full breadth and complexity     **John Betjeman** Greg Morse, 2012 John Betjeman was undoubtedly the most popular Poet Laureate since Tennyson But beneath the thoroughly modern window on Britain that he opened during his lifetime lay the influence of his nineteenth century forbears This book explores his identity through such Victorianism via the verse of that period but also its architecture religious faith and more importantly religious doubt It was nevertheless a process which took time In the 1930s Betjeman's work was tinted with modernism and traditionalism He found Victorian buildings funny and wrote much in praise of the Bauhaus style even though his early poetry was peppered with Victorian references This leaning was incorporated into a greater sense of purpose during World War 2 when he transformed himself from precious humorist into propagandist The resulting sense of cohesion grew when the dangers of post war urban redevelopment heightened the need to critique the present via the poetics of the past a mood which continued up to and beyond his gaining the Laureateship in 1972 This duty proved to be a millstone so the official poems are thus explored by the author more fully than hitherto The conclusion of looks back to Betjeman's 1960 verse autobiography *Summoned by Bells* which is seen as the apogee of his achievement and a snapshot of his identity Included here is the first critical appreciation of the lyrics embodied within the text which are taken as a map of the young poet's literary growth Larkin's 1959 question What exactly is Betjeman then leads to a final appraisal of his originality as evidenced by his glances towards postmodernism feminism and post colonialism The fact is that Betjeman never quite fits in anywhere He is always a square peg in a round hole or a round peg in a square hole often for the sheer enjoyment of so being In a sense his desire to be as non conformist as a Quaker meeting house makes him a radical rather than the reactionary that his interests imply He was a champion of beauty and the British Isles and clearly did much to make us see the worth of our Victorian forebears Greg Morse's book highlights this important

facet of his work      **The Art of Restraint** Richard Hoffpauir,1991 Richard Hoffpauir argues that the works of the best poets have found ways of not capitulating to contemporary reality and outlines the terms of the debate by setting the weaknesses of Yeats against the strenghts of Hardy Subsequent chapters discuss the nature poetry of Edward thomas the war poetry of Graves Blunden and Gurney the love poetry of Bridges Lawrence and Graves and the political and social verse of Rickword Daryush Betjeman and Larkin      **Romantic Moderns: English Writers, Artists and the Imagination from Virginia Woolf to John Piper** Alexandra Harris,2010-11-01 Winner of the 2010 Guardian First Book Award a groundbreaking reassessment of English cultural life in the thirties and forties In the 1930s and 1940s while the battles for modern art and modern society were being fought in Paris and Spain it seemed to some a betrayal that John Betjeman and John Piper were in love with a provincial world of old churches and tea shops Alexandra Harris tells a different story eclectically passionately wittily urgently English artists were exploring what it meant to be alive at that moment and in England They showed that the modern need not be at war with the past constructivists and conservatives could work together and even the Bauhaus migr L szl Moholy Nagy was beguiled into taking photos for Betjeman s nostalgic An Oxford University Chest A rich network of personal and cultural encounters was the backdrop for a modern English renaissance This great imaginative project was shared by writers painters gardeners architects critics and composers Piper abandoned purist abstracts to make collages on the blustery coast Virginia Woolf wrote in her last novel about a village pageant on a showery summer day Evelyn Waugh Elizabeth Bowen and the Sitwells are also part of the story along with Bill Brandt and Graham Sutherland Eric Ravilious and Cecil Beaton      **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      **Book Prices: Used and Rare, 1994** Edward N. Zempel,1994      *Romantic Moderns* Alexandra Harris,2023-04-06 While the battles for modern art and society were being fought in France and Spain it has seemed a betrayal that John Betjeman and John Piper were in love with a provincial world of old churches and tea shops In this multi award winning book Alexandra Harris tells a different story In the 1930s and 1940s artists and writers explored what it meant to be alive in England Eclectically passionately wittily they showed that the modern need not be at war with the past Constructivists and conservatives could work together and even the Bauhaus migr L szl Moholy Nagy was beguiled into taking photographs for Betjemans nostalgic Oxford University Chest This modern English renaissance was shared by writers painters gardeners

architects critics tourists and composers John Piper Virginia Woolf Florence White Christopher Tunnard Evelyn Waugh E M Forster and the Sitwells are part of the story along with Bill Brandt Graham Sutherland Eric Ravilious and Cecil Beaton

**W.H. Auden Encyclopedia** David Garrett Izzo, 2015-05-07 W H Auden s life and work were perhaps best explained and condensed in the words of Edward Mendelson Auden s literary executor when he remarked Auden grew up in a household in which the scientific inquiries of his father maintained an uneasy truce with the ritualized religion of his mother Indeed science and religion were dominant themes in Auden s life and work which for him were oftentimes one and the same Auden was hailed as the new T S Eliot and as the coming man greatly influencing the future generations of angry young men with his thoughts on science religion and the relationship between the two This book is an exhaustive reference to W H Auden Those new to Auden and his writing will find the work a comprehensive introduction while Auden scholars will appreciate the quick access it offers to the details of all his poems plays libretti and other pieces of writing It also includes entries on the people who were closest and most important to Auden including fellow writers Christopher Isherwood Stephen Spender C Day Lewis Edward Upward and T S Eliot as well as significant events in his life such as his arrival in America his vision of agape and his search in science and religion for answers to the deep questions of life and existence

**The Island** Nicholas Jenkins, 2024-06-11 Nicholas Jenkins explores war love and politics in the early works of W H Auden one of the twentieth century s most controversial and moving poets Auden s poems embraced both haunted meditations on World War I and lyrical visions of English national identity until in the mid 1930s he lost faith in the artistic potential of such myths

[Ages of Anxiety](#) Craig E. Stephenson, 2025-06-25 Craig E Stephenson s Ages of Anxiety examines how W H Auden in his Pulitzer Prize winning poem The Age of Anxiety used

C G Jung's psychological types to structure and explore his responses to war and the rise of fascism This newly revised edition of Stephenson's 2015 Z rich Lecture Series tracks Auden's notion of the poet's responsibilities and of the importance of the symbolic life in a time of conflict The book tracks how Auden's poem inspired Leonard Bernstein's second symphony and how three choreographers Jerome Robbins John Neumeier Liam Scarlett created dances set to this work with Jung's psychology running through all these creative extrapolations like a common thread In this expanded edition Stephenson considers how the contemporary essayists Scott Stossel and Roberto Calasso employ Auden's poem as touchstones for their own explorations of the meaning of anxiety in our time *Ages of Anxiety* will be of interest to analytical psychologists literary historians performing arts historians mental health practitioners as well as the common reader *Twentieth Century Authors. First Supplement* Stanley Kunitz, 1955

**W.H. Auden's Poetry** R. Victoria Arana, 2009 W H Auden is perhaps the most important English language poet of the 20th century He produced marvelous poems even in his last days However critics and reviewers not only have not recognized the aesthetics of the poetry Auden wrote after 1965 but they have ignored or made prejudiced and disparaging remarks about it thus diverting subsequent critical and popular attention from its remarkable virtues The aim of W H Auden's *Poetry Mythos Theory and Practice* is to clarify Auden's career long interest in poetic theory and above all to show how his changing thoughts about poetry impelled him towards the production of the last three volumes of his verse Because it links the poet's *biographia literaria* and his aesthetic vision this book will appeal to poets as well as to students of writing particularly those interested in the creative process and its correlation to artistic forms Students of 20th century American and British literature will find in these pages a comprehensive survey of Auden's thoughts about his art and the poetry of his predecessors as well as of his contemporaries Teachers of Auden's works will appreciate the strong light such a survey casts on Auden's poetic practice Engineers and architects physicists and biologists cultural critics social scientists philosophers and especially Gestalt psychologists might well enjoy reading about the ways their fields have intersected and influenced the thinking of one of the twentieth century's most brilliant and courageous poets *How to Raise a Wild Child* Scott D.
