Michael Cart, Christine A. Jenkins, 2006-03-30 Society does not make it easy for young people regardless of their sexual orientation to find accurate nonjudgmental information about homosexuality It makes it even more difficult for young homosexuals to find positive role models in fiction either written or published expressly for them or if published for adults relevant to them and their lives The Heart Has Its Reasons examines these issues and critically evaluates the body of literature published for young adults that offers homosexual themes and characters Cart and Jenkins chart the evolution of the field of YA literature having GLBTQ gay lesbian bisexual transgendered and or queer questioning content They identify titles that are remarkable either for their excellence or failures noting the stereotypic wrongheaded and outdated books as well as the accurate thoughtful and tactful titles Useful criteria for evaluating books with GLBTQ content are provided Books and resources of all types are reviewed based on a model that uses the category descriptors of Homosexual Visibility Gay Assimilation and Queer Consciousness Community An annotated bibliography and a number of author title lists of books discussed in the text arranged by subject round out this valuable reference for teachers librarians parents and young adults

Bush, City, Cyberspace John Foster, Ern Finniss, Maureen Nimmon, 2005-06-01 Aimed at academic professional and general readers Bush city cyberspace provides a snapshot of the state of Australian children s and adolescent literature in the early twenty first century and an insight into its history In doing so it promotes a sense of where Australian literature for

young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify. The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children's literature has existed from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia hypertext weblinks and e books none of which lessens the enduring enthusiasm of practitioners and readers for books. Bush city cyberspace is not meant to be an encyclopedic volume. Rather well known recent and/or award winning works have been emphasised with the addition of others where these help to illuminate particular points. The book is similar in coverage and approach to *Australian Children's Literature: An Exploration of Genre and Theme* written by the same three authors and published by the Centre for Information Studies in 1995. In the intervening period much has changed in the field: notable examples including the blurring of the dividing line between quality and popular literature; the blending of genres; the rise of a truly indigenous literature; the demise to a significant extent of Outbackery in fiction; the acceptance of multiculturalism as the norm; and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader. All these trends and others are reflected in this work.

Representing the Rainbow in Young Adult Literature Christine A. Jenkins, Michael Cart, 2018-03-20. Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction, particularly in literature aimed at young adult audiences. But young readers regardless of their sexual orientation don't always know what books offer: well rounded portrayals of queer characters and situations. Fortunately finding positive role models in fiction that features LGBTQ themes has become less problematic though not without its challenges. In *Representing the Rainbow in Young Adult Literature* LGBTQ Content since 1969 Christine Jenkins and Michael Cart provide an overview of the literary landscape. An expanded version of *The Heart Has Its Reasons* this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ readers but with their allies as well. In this resource Jenkins and Cart identify titles that are notable either for their excellence, accurate, thoughtful and tactful depictions or deficiencies: books that are wrongheaded, stereotypical or outdated. Each chapter has been significantly updated and this edition also includes new chapters on bisexual, transgender and intersex issues and characters as well as chapters on comics, graphic novels and works of nonfiction. This book also features an annotated bibliography and a number of author/title lists of books discussed in the text that will aid teachers, librarians, parents and teen readers. Encompassing a wider array of sexual identities *Representing the Rainbow in Young Adult Literature* is an invaluable resource for young people eager to read about books relevant to them and their lives.
