The history of a court is also the history of its judges Accordingly Alexander provides historical insight on current and past judges She details behind the scenes maneuvers in judicial appointments and also the creativity some judges displayed on the bench such as Judge Leavitt who adopted admiralty law to deal with the problems of river traffic A Place of Recourse demonstrates that at least in the Southern District of Ohio the federal district court has played the role its creators hoped it would upholding federal law even when the citizens of the region actively opposed such enforcement The History of Ohio Law Michael Les Benedict, John F.
