W?odzimierz Okrasa, 1999 There is a tendency toward chronic long term poverty in Poland Most at risk larger households farm households and households dependent on social welfare Least at risk households of employees or the self employed educated households households headed by pensioners households that are part of kinship networks and households with liquid assets durables or access to financial resources Among those who missed out on the benefits of the first phase of economic prosperity children are overrepresented **Prove Yourself** Kingsley R. Chin MD MBA, 2023-03-15 My vision pulls me along and fuels my desire to continuously educate myself on how to succeed in life and business to rise far above the low level that I started out at in life How does my vision continue to drive me even though I have risen to much success I have made it a habit to pursue success and to not become comfortable with past successes The way you get success is from success no matter how small So I am always working on success and as I achieve successes I am able to see more opportunities to succeed Daily I look myself in the mirror to remind myself I am underachieving and I must keep learning and staying relevant in the world today so I can make an impact and be influential I know I can achieve more because when I compare what I know today versus a few months ago or a year ago I see that I could have done better in the past if I had the

knowledge I have today You also don't know what you don't know you don't know so I want to learn fast so I can achieve more Achieving more is not just a quantity for me it is being able to win trophies and close out many of my opportunities
