Taggart, 2021-03-09 Spanish villagers tell many folktales that describe in metaphorical language the struggles of young men and women as they emerge from their parental families and join in love In this book James Taggart presents dozens of orally transmitted tales including Snow White Cinderella Beauty and the Beast Blancaflor and dragonslayer stories collected from seven villages in the region of CNBceres and analyzes the differences in male and female approaches to telling them His study shows how men and women use the tales to grapple with some of the contradictions found in gender relations in their culture which conditions men to be sexually assertive and to marry virgins and which teaches women to fear the men who court them Taggart interprets the male female dialogue voiced through storytelling by linking the content of specific tales to the life experiences and gender of the storyteller Men and women he finds carry out an exchange of ideas by retelling the same stories and altering the plots and characters to express their respective views of courtship This indirect narrative dialogue conveys an understanding of the opposite sex and establishes a common model of marriage that permits men and women to overcome their fear of each other and bond in heterosexual love *The Longest Day and Other Stories* S. Govind Raj, 2013-01-27 Siraj ud Daula the Nawab of Bengal was neither coward nor afraid of wars He routed the British army from Calcutta within four days After that could he defend the State of Bengal in spite of his so many enemies because of his cruelty and profligacy What caused his downfall Was it profligacy or cruelty who and how they conspired against him to take their revenge was a quite intrigue It is an interesting historical story which one must read along with other interesting and inspiring stories **Born Liars** Ian Leslie, 2011-05-21 Lying is an intrinsic part of our social fabric but it is also a deeply problematic and misunderstood aspect of what makes us human Ian Leslie takes us on a fascinating journey that makes us question not only our own relationship to the truth but also virtually every daily encounter we have On the way he dissects the history of the lie detector how parents affect their children s attitude to lying and vice versa Who Wants to Be a Millionaire the philosophical ambiguity of telling the truth Bill Clinton s presentational prowess

Wonder Woman's lasso of truth and why we should be wary of anyone with more than 150 Facebook friends Born Liars is thought provoking anecdotally driven narrative nonfiction at its best Ian Leslie's intoxicating blend of anthropology biology cultural history philosophy and popular psychology belies a serious central message that humans have evolved and thrived in large part because of their ability to deceive The Publishers' Circular and General Record of British and Foreign Literature ,1852 *Publishers' circular and booksellers' record* ,1852 **Bulletin** ,1914 Bulletin Washington (State).
