## **Snowtown Murders:**

**The Snowtown Murders** Andrew McGarry, 2005 The authoritative book on the murders that stunned the nation by the only journalist who has covered the trials continuously for the last five years It is a horrifying and gripping account of ritualistic domination brutal torture and murder that reveals how a group of damaged people preyed on their own lovers friends and family with unstoppable rage THIS BOOK IS NOT FOR SALE IN SOUTH AUSTRALIA *The Bodies In Barrel Murders* Jeremy Pudney, 2006-02 When bodies were discovered hidden in barrels in 1999 in South Australia Jeremy Pudney was one of the first journalists to cover the case that stunned the entire world In this authoritative and darkly compelling book he pieces together the complete story of the Snowtown murders Snowtown Jeremy Pudney, 2010-07-01 The

definitive account of Australia's most notorious criminal case When bodies were discovered in barrels in 1999 hidden within a bank vault in Snowtown in South Australia Jeremy Pudney was one of the first journalists on the scene Now using his years of experience as a police reporter for the Adelaide Advertiser and Network ten Pudney pieces together the complete story of the Snowtown murders Not only does he investigate the lives of the convicted men but he digs deeper telling the stories of their twelve victims and exploring the complicated social web that enabled them to not only prey on their victims but to get away with their crimes for so long the Snowtown murders were Australia's most horrific and sustained serial killings details of the case appalled the nation not to mention South Australia which already has a reputation for producing the country's highest number of serial killers But not every detail of this case has been made available to the public and Snowtown contains exclusive information revealed for the first time Part police reporting criminology text biography and social history Snowtown is a compelling book without peer and will take its place among the classics of the true crime genre

Killing For Pleasure Debi Marshall, 2011-05-02 The bestselling account of one of South Australia's worst series of crimes the bodies in the barrels A disused bank vault holding eight dismembered bodies immersed in barrels of acid Two bodies buried in a suburban backyard A further two found in the bush Such was the findings of one of South Australia's most horrific murder trials Informed by material never seen before an interview with Bunting's last lover Elizabeth Harvey and with the Crown's key eye witness James Vlassakis and with details of the torture and crimes not previously released this is a tensely woven and microscopic examination of tawdry lives and tragic deaths Four men who tortured and killed for fun for power Four men who kept each other's dark secrets for years By the time the police investigation concluded the story had invited comparison with the nightmare of Rosemary and Fred West the British House of Horrors Details of what the killers did to their victims before and after their deaths were deemed so depraved that suppression orders were in place throughout the trial But the killers were not insane They made deliberate choices to kill and lived in a culture of complete anarchy sadistic violence deviance and chaos Journalist and author Debi Marshall explores the killers psychopathic makeup in minute and harrowing detail She charts the victims exposure to generational paedophilia incest unemployment and hopelessness

Marshall covers the exhaustive trials and interviews the lawyers who ran them Through interviews she captures the voices of the victim s families and examines the police and forensic investigation and then wades into the social structure that spawned the people in this story This book was used as a primary source for the acclaimed Australian feature film Snowtown

**Murder Down Under** Anthony Ferguson,2021-01-29 Notorious numerous and varied serial murderers from Australia have an eclectic record of crimes methods and trademarks Scrutinizing these murderers at length this book aims to identify characteristics exclusive to Australian serial killers connecting the crimes with the continent s geography culture and social structure Featured are murderers like the Granny Killer John Wayne Glover William The Sydney Mutilator McDonald and Backpacker Killer Ivan Milat Also covered are well known events like the Snowtown Murders and killer couples like David and Catherine Birnie Unique in the true crime genre this book studies fictional Australian murderer Mick Taylor to examine how pop culture portrayals develop the distinct psychology of killers from down under

**Bodies in the Back Garden - True Stories of Brutal Murders Close to Home** Nigel Cawthorne,2014-08-07 There is one problem which every killer must face how to get rid of the body Murderer Dennis Nilsen famously cooked the corpses of his victims and flushed them down the toilet only to be caught when the sewers blocked up But his first 12 victims were disposed of in the back garden of his previous home Fred and Rosemary West buried the bodies of three of their victims in the back garden Milwaukee cannibal Jeffrey Dahmer began his murderous career scattering human remains in the backyard of his parents home in Bath Ohio Convicted killer Peter Tobin went back on trial after two more bodies were found in the back garden of his former home And grisly granny Dorothea Puente murdered lodgers at her boarding house in Sacramento California dispatching them to the backyard while continuing to cash their Social Security checks This book explores these and many other cases that suggest that whatever the motive for murder the back garden is a convenient place to dump the corpse

**The Serial Killer Next Door** Richard Estep,2023-01-31 How well do you know your neighbors Maybe you should get to know them better Growing up we are taught that monsters are easy to identify but the truth is very different Too often the serial murderer does not stand out Otherwise he or she would get caught The contrast between the ordinary seeming lives that provided cover for their cruel secrets is exposed in The Serial Killer Next Door The Double Lives of Notorious Murderers To their coworkers neighbors and others who knew them they led unremarkable lives They had careers as military pilots police officers landscapers small business owners farmers realtors reporters authors veterinary technicians nurses doctors handymen painters and chefs while they simultaneously stalked city suburbs college campuses trailer parks and red light districts This chilling book looks at the horrifying stories of nearly 30 malevolent killers and hundreds of innocent victims who were mistakenly trusted including Genene Jones a nurse responsible for the murder of 60 infants and children in her care She s said to be the inspiration for Stephen King s iconic character of Annie Wilkes in Misery and her nephew broke into King s home threatening to blow up the writer and his family because of it Robert Lee Yates a helicopter pilot in the Army

National Guard who when caught buried one body outside his bedroom window as his wife slept Gary Ridgway also known as the Green River Killer went undetected for 20 years working for 30 years as a painter for a truck company and married for 17 years Kathleen Folbigg whose three children were at first thought to have died from natural causes She only got caught when her husband found her personal diary Joseph James DeAngelo who worked various jobs including as a police officer and a truck mechanic He went on a decades long crime spree and was finally caught with the help of DNA evidence His case was instrumental in the establishment of California's DNA database And dozens of other serial killers It's chilling to realize that many serial killers have created second lives that are completely divorced from the brutality and evils they commit It's incomprehensible to think that they are able to flip a switch transforming them from apparently loving ordinary men and women into torturous homicidal slaughterers With more than 120 photos and graphics *The Serial Killer Next Door* is richly illustrated Its helpful bibliography and extensive index add to its usefulness We trust our neighbors coworkers and acquaintances Of course we do It's ominous to think that we can't
