Public Secrets and Private Sufferings in the South African AIDS Epidemic Jonathan Stadler, 2021-04-26 This book tells the story of the HIV epidemic in South Africa and asks why after more than three decades it has not normalised Despite considerable efforts to prevent infection and ambitious targets set to end the epidemic by 2030 HIV infections are increasing among young women and treatment uptake and adherence have been uneven Focusing on the years preceding and following treatment access this book addresses why an end to AIDS may be misplaced optimism By examining public discourses and private narratives about infection illness and death this work reveals the contradictions between the lived experiences of AIDS suffering on the one hand and biomedical certainties on the other Based on long term ethnographic research in rural villages of the South African lowveld and within HIV prevention interventions in South Africa more generally this book offers an intimate perspective on the social and cultural responses to the epidemic **Engaging African American Males in**

Community Colleges Ted N. Ingram, James Coaxum, 2018-05-01 This volume dedicated to the engagement of African American males in community colleges furthers the research agenda focused on improving the educational outcomes of African American males. The theme engagement also supports the anti deficit approach to research on African American males developed by renowned research scholars. The true success of African American males in community colleges rests on how well these institutions engage young men into their institutions. This will require community colleges to examine policies, pedagogical strategies and institutional practices that alienate African American males and fosters a culture of underachievement. The authors who have contributed to this volume all speak from the same script which proves that when African American males are properly engaged in an education that is culturally relevant they will succeed. Therefore this book will benefit ALL who support the education of African American males. It is our intent that this book will contribute to the growing body of knowledge that exists in this area as well as foster more inquiry into the achievement of African American males. The book offers three approaches to understanding the engagement of African American males in community college which includes empirical research, policy perspectives and programmatic initiatives. *African American Military, Mason, and Muslim*

Dr. M. Shaheed Adam, 2025-01-28 This is not only a story of my life but it details the history that I came across. I wanted to let people know that my beginnings were quite rocky but I began to question religion at an early age. I want people to know my fascination with the US Navy and the rest of the military. This book will answer quite a few questions people have had about so called African Americans and what really makes us tick in so many words or less. Though I can't speak for all Black folks I can say what I know and not what I've heard. *Depictions of Home in African American Literature*

Trudier Harris, 2021-12-06 In *Depictions of Home in African American Literature* Trudier Harris analyzes fictional homespaces in African American literature from those set in the time of slavery to modern urban configurations of the homespace. She argues that African American writers often inadvertently create and follow a tradition of portraying dysfunctional and physically or emotionally violent homespaces. Harris explores the roles race and religion play in the creation of homespaces and how geography, space and character all influence these spaces. Although many characters in African American literature crave safe, happy homespaces and frequently carry such images with them through their mental or physical migrations, few characters experience the formation of healthy homespaces by the end of their journeys. Harris studies the historical, cultural and literary portrayals of the home in works from well known authors such as Richard Wright, James Baldwin, Toni Morrison and August Wilson as well as lesser studied authors such as Daniel Black, A. J. Verdelle, Margaret Walker and Dorothy West.

volume not only defines a new canon but reveals how these folktales were hijacked and misappropriated in previous incarnations egregiously by Joel Chandler Harris a Southern newspaperman as well as by Walt Disney who cannibalized and capitalized on Harris's volumes by creating cartoon characters drawn from this African American lore Presenting these tales with illuminating annotations and hundreds of revelatory illustrations *The Annotated African American Folktales* reminds us that stories not only move entertain and instruct but more fundamentally inspire and keep hope alive *The Annotated African American Folktales* includes Introductory essays nearly 150 African American stories and 20 seminal African tales as historical background The familiar Brer Rabbit classics as well as news making vernacular tales from the 1890s Southern Workman An entire section of Caribbean and Latin American folktales that finally become incorporated into the canon Approximately 200 full color museum quality images *The Story of an African Farm* Olive Schreiner, 1924 **Reggae Love: Love in the African Way - Three White Women, One Black Man Volume 2** Dantse Dantse, 2022-02-01 Johnny Walker is a young African man from Cameroon who wants to be successful He comes from a good family but his world falls apart when his father dies After his father's death it becomes clear that he was in extreme debt and Johnny was now without money But he never complained never whined and was always in a good mood He accepted things the way they were and tried to benefit from them He is an imaginative extremely positive man and finances his life with small intermediary deals and rich married women He is a hero with the ladies because of his art of love and manners He began a passionate affair with the 23 year old Carla during which the two discover and act out their most secret sexual sides the first step into a better life seems to have been made but there are some surprises waiting for Johnny Carla as well as the reader when in the end Johnny must decide between three white women Ever since Liege is in Kribi Johnny has come even closer to his plan Fate is good to him a third white woman suddenly appears in his life and wants Johnny But that does not make anything easier on the contrary does Johnny need to change his plan A dramatic and even more exciting fight about love begins *Through the Eyes of a South African Woman and Other Children* Andrina D. Abrahamse, 2012-04-10 In 1958 South Africa was going through one of its most horrendous eras Apartheid Andrina Abrahamse writes a riveting personal account of her experiences growing up and working during this pivotal period Drina as she was known to her family and friends suffered atrocities beyond comprehension as a child Beatings were the norm and she sustained her sanity by telling herself If I can learn something every time I cry the tears will not have been in vain Her formative years were filled with memories of a system that turned peace loving men into bitter and hopeless people youth into soldiers and ignored a silent deadly epidemic AIDS that ravaged thousands of bodies and created orphans and desolate street children As an abused child her sensitivity to the children's plights was intensified Becoming a nurse Drina's profession eventually led her to the United States where she and her family found themselves evacuees from Hurricane Rita Looking into the eyes of the victims who already were suffering because of the aftermath of Hurricane Rita's predecessor Hurricane Katrina brought back with startling and painful

revelation another time place and people who continue to suffer on a scale so enormous it seems insurmountable Her story embraces the time period of Apartheid from 1958 to 1994 and gives voice to the children who continue to suffer Its purpose is to educate heal and inspire and it does so with poignant and beautiful clarity *African American Nationalist Literature of the 1960s* Sandra Hollin Flowers,2019-09-25 Bringing together political theory and literary works this study recreates the political climate which made the 1960s an unforgettable era for young black Americans A chapter on The Many Shades of Black Nationalism for instance explains why black nationalism is known by more than a dozen different names how events in Africa influenced black nationalism in America why Malcolm X s death had a greater impact on nationalism than did his life and how the United States government unwittingly became nationalism s ally Another chapter explores the bitter feud between the dominant factions of the 1960s cultural and revolutionary nationalists This feud erupted in both verbal and armed warfare and generated an abundance of political theory and literary works much of which is out of circulation but is examined in the study Nationalist poetry theater and fiction are each treated in separate chapters which exemplify the aesthetic and political concerns of this memorable period in American history and letters Aside from its unique combination of artistic and political works what makes this book important is the current revival of nationalist sentiment in African American life and arts Though this revival is closely identified with the nationalism of the 1960s it lacks the focus of that period This study explains what gave the nationalism of the 1960s its focus how that focus was expressed in art forms and why 1960s nationalism continues to influence the African American identity and will probably do so well into the twenty first century **African American Celebrations and Holiday Traditions** Antoinette Broussard,2004-09-01 This dazzling collection of recipes style advice and decorating ideas will help every family bring grace and passion to the holiday season
