The Entrepreneur's Guide to Writing Business Plans and Proposals K. Dennis Chambers, 2007-12-30 Entrepreneurs and entrepreneurial companies live or die by the quality of their plans and proposals Whether it s to get funding for a new product line or business from a client writing hard hitting prose that answers essential questions and makes specific requests is an indispensable skill Entrepreneur ad man and writing teacher Dennis Chambers shows how entrepreneurs can persuade people through skillful writing to pony up capital or contracts This ability which can be learned is rare in today s media saturated world But it counts more than ever if an entrepreneur wants to make it over the magical five year hump and on into lasting business success Numerous examples and exercises ensure that entrepreneurs understand how the writing game is played and that they play it well Unfortunately most don t play this game well Most business writers mistakenly believe their task is to inform They write to fill an information gap or to update the reader on a particular project Or they write about what s important to them What these writers do not take into account is that the speed of today s work world has reached overdrive The typical reader simply doesn t have time to ponder dense poorly organized information and intuit the appropriate action And readers don t give a hoot about what s

important to the writer they want to know what's in it for themselves Business writers need to use all the tools at their command to persuade, inspire action and in general move a project forward This book is about how to be persuasive in two key skills in business writing proposals and writing business plans Step by step Dennis Chambers illustrates the techniques of effective business writing with numerous examples throughout Whether the objective is to secure financing from an investor lay out a marketing strategy or secure a large contract getting results requires crafting an effective structure for the proposal and using words that sell Chambers is an able guide in saving entrepreneurs time and undue effort while reaching the goal of long term business success *Unlocking Higher Performance--Learning From 24-7 Smart Billionaires & Millionaires* Ronex Kennedy Mutesha, 2011-06-13 Unlock higher performance in all essential areas of life by learning from 24-7 Smart Billionaires and Millionaires improve your spiritual life home family life health and physical fitness education intellectual development professional business performance networth social life get involved in community improvement within and beyond and take part in the legislative process **Summary: Write Your Business Plan** BusinessNews Publishing, 2016-07-20 The must read summary of Write Your Business Plan Get Your Plan in Place and Your Business Off the Ground by the staff of Entrepreneur Media inc This complete summary of the ideas from Write Your Business Plan by the staff of Entrepreneur Media inc explains just how important it is to have a solid business plan It is the business plan that turns an initial idea into a sustainable business and a good plan can be the difference between success and failure It is also essential to adapt your business plan frequently it should evolve alongside the development of the business Instead of writing a business plan and then leaving it to one side to become outdated and useless this summary will help you to improve the plan as you learn what works and where your business is heading This is a must read for any budding entrepreneurs whether you are looking for advice on how to write a business plan or you want to adapt an existing one there is always room for improvement Added value of this summary Save time Understand key concepts Increase your business knowledge To learn more read Write Your Business Plan and discover how to create the perfect business plan and how to keep it that way
