Chris Ward and Simon Eccles

So You Want To Be A Brain Surgeon A Medical Careers Guide

Caroline Elton, Naomi Elton

So You Want To Be A Brain Surgeon A Medical Careers Guide:

So You Want to be a Brain Surgeon? Christopher Ward, Simon Eccles, 2001 The indispensable guide to medical careers Career guidance offered in most medical schools is limited in variety detail and scope even though a medical degree offers career opportunities unrivalled by most professions Many students graduate with no idea of their future career goals The new edition of So You Want To Be a Brain Surgeon provides a fun yet informative guide for all medical students and for all those considering a medical degree The text has been radically updated to include more chapters even more comprehensive psychiatry and anaesthetics sections is more accessible to A level students and new career algorithms have been introduced into the overviews for each section Contributions from experts from a wide range of medical specialties offering information on the medical paths they have chosen The inclusion of personal accounts offers a genuine impression of what it is like to work in each area User friendly and fun job summary tables allow at a glance comparisons to be made between different jobs For each specialty practical advice is offered on the personal qualities needed level of competition salaries available stress levels and pros and cons Contact addresses are included for further research

So You Want to be a Brain Surgeon? Simon Eccles, Stephan Sanders, 2009 This book is aimed at the trainee doctor deciding what to specialise in It contains contributions from experts in a wide range of medical specialties offering information on the medical paths they have chosen and what it is like to work in each area

So You Want to Be a Brain Surgeon? Lydia Spurr, Jessica Harris, Geoffrey Warwick, 2022 A medical degree opens many doors but how do you decide which is the right one to go through This book provides the latest information on training and career progression as well as summaries of over 100 different careers open to medical graduates

So You Want to be a Doctor? Stephan Sanders, Harveer Dev, David Metcalfe, 2011 The must have guide to getting into medical school Each chapter guides you through another step of the process from deciding if medicine is for you and choosing a medical school to passing the UKCAT and BMAT exams applying to Oxbridge and getting through the interview

The Medical Student Career Handbook Elizabeth Cottrell, Andrew Stanley, 2009 Now better than ever Completely revised and updated this new edition of The Medical Student Career Handbook provides totally up to date information on the vast number of changes occurring in medical training It is ideal for all medical students especially those in their clinical years and junior doctors Medical student careers advisors will also find the information invaluable

So You Want to Be a Doctor? David Metcalfe, Harveer Dev, Michael Moazami, 2021 Applying to medical school is like asking someone to marry you This might seem like an exaggeration however over your life you will spend more hours working than you will spend awake with your life partner Like marriage being a doctor will change who you are influence where you live and affect what you can do with your life For the right person this can be a wonderful life affirming experience Otherwise divorce from a medical career can be messy painful and upsetting

So you want to be a doctor? Harveer Dev, David Metcalfe, Stephan Sanders, 2013-10-31 Applying for medical school needn't be such a daunting

prospect with this book on your side Packed with insight tips and information you won't find anywhere else the second edition of So you want to be a doctor is an essential guide to the application process from start to finish Over 100 medical students and admissions tutors have contributed to unique profiles of every medical school in the UK An insider point of view on each school is complemented by straight forward rankings of each school by the cost of living the difficulty of the course and the competition for each place With such a comprehensive and honest survey of UK medical schools choosing the right one for you has never been easier Alongside these profiles this guide is packed with practical advice for every step of the application process Find out what kind of work experience is best and how to go about getting it Prepare for your interview with an updated chapter including sample questions taken from the direct experience of successful medical school candidates Ace your UKCAT or BMAT by learning how to approach the tests strategically and practising with the included sample questions So you want to be a doctor Then you'll need this book A Guide to the NHS Tony White,2016-07-06 To maximise the effectiveness of their work NHS employees need a clear understanding of the structures and systems of the organisation in which they work However this information can be widely spread hard to access and difficult to gain a working overview of and the pace of changes and initiatives can seem almost dizzying This book draws together a clear picture of the modern NHS from funding and governance to reports inquiries and overarching legislation The book is clear and easy to understand and crucially includes full references to provide a one stop point of access to the most detailed and up to date information available This book is essential reading for workers in the NHS at all levels including managers administrators and clinical professionals It is vital reading for managers and staff at commercial companies working with the NHS It will also be of interest to campaigners patient interest groups researchers and journalists with an interest in the NHS Specialty registrars and consultants can also find the information from the book and much more in The Doctor's Handbook Parts 1 2 by the same author Rather than long narrative histories or complex explanations the author signposts readers to sources of further information making this book the quick guide so many of us need from the Foreword by Sir Ian Carruthers

Succeeding in Your Medical Degree Simon Watmough,2011-05-03 Students may not be aware of it but Tomorrow's Doctors 2009 will have a significant impact on their undergraduate medical education Aimed at new medical students this book highlights the key themes in British medical education and how the recommendations in Tomorrow's Doctors will affect their education and subsequent career Covering topics such as professionalism leadership medical informatics and peer tutoring in addition to more familiar areas such as assessment student selected components simulation and clinical attachments this book will help medical students to understand the course they are embarking on and ultimately to succeed at becoming doctors **The Doctor's Handbook** Tony White,2010 Many doctors do not receive training early in their careers on the broad range of non clinical aspects of their work and confront day to day issues for which initial medical education has failed to prepare them Experienced doctors and consultants can also experience a similar lack of accessible

reference material on these aspects of their role and for the non clinical training of their juniors This book and its companion volume The Doctor s Handbook Part 1 managing your role beyond clinical medicine have been written to address these and other needs Previously published as The Specialist Registrar and New Consultant Handbook these completely revised and reconfigured volumes reflect the changing everyday work of specialist trainees registrars and consultants Topics covered in Volume 2 include

Teaching Made Easy Kay Mohanna,David Wall,Ruth Chambers,2004 The first edition of Teaching Made Easy established itself as a key text for busy professionals Fully updated and revised it now includes and addresses the recent changes within the NHS and European Legislation that impact on teaching and learning in healthcare It provides practical tips and suggestions that can help those with educational governance responsibilities at a personal individual or organisational level based on the extensive practical knowledge and experience of the authors in the changing healthcare environment Its message to teachers is clear make your teaching relevant to your learners service and individual needs be positive and supportive be interesting and challenging Its tips and techniques covering the whole curriculum of the medical or health teacher provide practical help in fulfilling these aspirations This book will benefit everyone teaching health professionals at all levels including nurses and training development managers working within primary and secondary care

Book jacket

Making the Most of Medical School Ashton Barnett-Vanes,2017-11-27 This concise guide to medical school offers an alternative path to developing a diverse set of academic and professional skills for a successful career in medicine Written for current and prospective medical students chapters are structured around eight key themes relevant to the active all rounder medic including learning and leading high quality research opportunities in global health further academic degrees and the complementary career options available to today s medical graduate This book serves as essential reading for anyone considering and embarked upon an exciting career in medicine

Demonstrating Your Competence Ruth Chambers,Kay Mohanna,Gill Wakley,David Wall,2018-04-19 This working manual has been developed to ensure that all health professionals involved in immunization will be both knowledgeable about procedures and confident about their benefits It shows the practitioner how to give vaccines safely and how to inform parents The book is line with the new and revised Immunization Against Infectious Disease produced by the Department of Health but is written in a practical and easily accessible form As well as being aimed at general practitioners health visitors school health nurses practice nurses clinical medical officers and district nurses the book has been written in such a fashion as to be understandable by parents It has sections giving answers to the questions most frequently asked by parents and to the most common problems In addition the book is adaptable for local use with space for key contacts and phone numbers

Survival Skills for GPs Ruth Chambers,2018-04-19 Survival Skills for GPs is an in depth interactive personal coaching course that Shows how you can survive the rigours of general practice teaches you how to stay in control of your professional life helps you learn to enjoy your career as a GP again gives you the confidence and skills to develop your career The first personal coaching course for

GPs presented as an interactive workbook which allows individual GPs to progress from any stress in their lives through to job satisfaction and career development It is applicable to all areas of life and shows comparisons to how other GPs are doing

Career planning for doctors Caroline Elton,Naomi Elton,2025-06-25 Career planning for doctors an evidence based guide blends a rigorous appraisal of the evidence together with the extensive client experience of its two authors who have coached hundreds of medical students resident doctors GPs and consultants Using tried and tested methods this accessible guide teaches you how to identify potential career choices that may suit you and how to explore these options thoroughly to make a robust career decision Clearly written self help exercises walk you through each step of the career planning process providing support and guidance The amount of time you need to set aside is provided aiding your preparation Relevant research is woven throughout each chapter to explain why a particular approach is used and numerous real life case studies illustrate how the exercises work in practice Use your free online access to download exercise templates and listen to podcasts by the authors for further explanation With dedicated chapters on succeeding as an IMG doctor working overseas and portfolio careers Career planning for doctors will help you prepare thoroughly for the next stages of your career **SO**

YOU WANT TO BE A BRAIN SURGEON? Lydia Spurr,Jessica Harris,Geoffrey Warwick,2022 A medical degree opens many doors but how do you decide which is the right one to go through This book provides the latest information on training and career progression as well as summaries of over 100 different careers open to medical graduates **Career Planning for**

Everyone in the NHS Ruth Chambers,2018-10-08 This book is for users of comparisons in health care and for researchers More clinicians managers and patient groups are using research to make comparisons Information technology and new databases make comparisons easier but not necessarily better Comparisons can help us discover the causes of disease whether a treatment is effective if it is worth the cost whether a service is performing badly and the value of a health reform or policy Comparisons can help us learn from other cultures and understand the implications for our own health services Yet it is all too easy to misinterpret or uncritically accept a study and reach invalid conclusions This book encourages decision makers to make more use of comparative research but with an awareness of the limitations of comparisons Its practical approach enables researchers to plan and carry out better comparative research and to develop new methodologies for this fast growing field of research Guiding Doctors in Managing Their Careers Ruth Chambers,Kay Mohanna,Andrew

Thornett,Steve Field,2006 A practical toolkit for doctors tutors and managers in hospitals medical schools and primary care who give formal or informal advice to students juniors and colleagues This title incorporates in a practical way several key concepts in Modernising Medical Careers the NHS Priorities the NHS Knowledge and Skills Framework and more The Foundation Programme Mark Welfare,Jonathan Carter (MBBS.),2007-01-01 It is a practical illustrated guide to the Foundation Programme introduced throughout the UK to regulate and standardise the two year training of newly qualified doctors It provides specific information on how to apply for a Foundation post the curriculum assessment methods and

maintaining a portfolio as well as reviewing the pros and cons of the various medical specialities which doctors can pursue after the Foundation years The authors address issues of concern to all groups involved in the Foundation programme trainees trainers and senior doctors and gives concrete examples of completed documentation and assessment Helps UK and overseas doctors in choosing and applying for their Foundation Programme Helps trainees and trainers understand the curriculum the teaching and learning methods and the use of the portfolio Explains the various assessment procedures including the RITA Record of In Training Assessment and gives examples Helps trainees manage their learning and pass their assessments Informs trainers including consultants and GPs about the purpose of the Foundation Programme and how to use the less familiar assessment tools **BMJ** ,2002

So You Want To Be A Brain Surgeon A Medical Careers Guide Introduction

In today's digital age, the availability of *So You Want To Be A Brain Surgeon A Medical Careers Guide* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *So You Want To Be A Brain Surgeon A Medical Careers Guide* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *So You Want To Be A Brain Surgeon A Medical Careers Guide* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *So You Want To Be A Brain Surgeon A Medical Careers Guide* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *So You Want To Be A Brain Surgeon A Medical Careers Guide* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *So You Want To Be A Brain Surgeon A Medical Careers Guide* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *So You Want To Be A Brain Surgeon A Medical*

Careers Guide books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, So You Want To Be A Brain Surgeon A Medical Careers Guide books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of So You Want To Be A Brain Surgeon A Medical Careers Guide books and manuals for download and embark on your journey of knowledge?
