**The So Called Same-Sex Marriage, Sweet But The Most Horrific Enemy** Hea Sook Son, 2015-10-09 Chief Justices argued that same sex marriage had nothing to do with the Constitution Four Justices including Chief Justice clearly opposed it It is very shocking and disgraceful in US history that the so called same sex marriage was legalized nationwide It is frightening that the court s decision under Obama s administration did very cruel things to good Americans who have good morality and honesty as what they believe to be true according to their religious beliefs The bakers were forced to give up their Christian belief being forced to make cake for gay wedding Clearly this was in violation of their moral conscience and religious belief They forced admirable Americans to involve themselves in what they feel is the twisted and the immoral We were terrified and shocked how things like this could happen in America the land of freedom and democracy not of dictatorship or communism We had never imagined it before Something terribly wrong is going on in America Something horrible is going on intentionally or unintentionally among the American people and Christians The freedom of good Americans is being crushed It will ultimately diminish and demolish the Americans sometime in the future weakening America bit by bit every day Certainly I think that Americans all of us love our nation America We all care about the future fate of America I ask Do you know the consequence of the so called same sex marriage Do you know what will happen in your nation when you and many Americans are in same sex marriage Do you see the future of America America is in a big Crisis Same sex marriage is sweet but the most horrific enemy to America Keywords Marriage Same Sex Marriage Silent War Human Extinction Sweet Horrific Enemy Gay Lesbian America Confusion LGBT

**The Struggle is Real, but So is Jesus** Tessa, 2020-09-03 This book is based on my life story from being adopted into a wonderful unconditional loving family to being diagnosed with bipolar disorder and eventually into a life of drugs and alcohol running away theft deceit adultery and prostitution becoming a very selfish and abusive person to those who tried so hard to love me and breaking lots of hearts I struggled with this lifestyle I chose for fifty years without getting myself hurt or incarcerated but in the end I paid the most ultimate price for my sins and I was then finally ready to let Jesus take over It s been two and half years since the tragedy that had me try to take my own life got somehow intervened I found a church and got sober and baptized I have received miracle after miracle since I turned my life over to God and decided to do

it His way No matter who you are or what you have done Jesus is real and is just waiting for you to invite Him in and start something beautiful in your life It is never too late This book is completely anonymous to protect the names of those involved in my world of sin God compelled me to write this in hopes that I may plant a seed and hopefully even show one person who lived a life like mine that you are loved you are worthy and you can have a life beyond your wildest dreams if you decide to love and follow Jesus He has given me so many riches not the kind money can buy the kind that can only be given to you by the Lord Everything I write in here is true and not fabricated it s all real Jesus is real Just say His name and He will come I hope this book touches your life like it has mine and you can have a life full of love and laughter no more pain or fear The miracles are still happening so many so quick I could have written another four chapters since I finished It has just blown me away and I hope it does for you too You re never too old and it s never too late God bless you all      **Money Matters - But**

**so does Trust!** Pietro Archiati,2016-05-25 The financial crisis of 2008 ignited a general psychology of fear This crisis of confidence was not just a crisis of capitalism argues the author but a crisis of materialism the one sided fixation on material prosperity Tackling real questions relating to personal finances savings work individual creativity and talent Archiati offers a multitude of stimulating thoughts and new ideas The alternative to fear around money he says is the joy of being constructively busy It makes a person happy to be able to express their individual talents and abilities and it also benefits society Key to Rudolf Steiner s thinking about economics which Archiati elaborates upon is the notion that a person s work should be separate from the income they receive So long as we work only to get paid we are working for ourselves which is unproductive economically Saving in an exaggerated way out of fear for the future is an outcome of such a system However if people were to receive sufficient money to enable them to lead a dignified life independent of their role in society attitudes would change But this would call for a revolution in our culture for human beings to be seen as more important than money This book is based on transcripts of a seminar whose participants were mostly not economic experts The text retains the liveliness of verbal communication as well as the original questions posed by the participants      **But You're Still So Young**

Kayleen Schaefer,2022-03-01 One of Vogue s Best of 2021 BuzzFeed s Most Anticipated 2021 The Week s Must Reads in 2021 PopSugar s A Running List of the Best Books of 2021 From the author of Text Me When You Get Home the acclaimed celebration of friendship comes a timely and essential look at what it means to be a thirtysomething and how it is more okay than ever to not have every box checked off The traditional check list of becoming an adult has existed for decades Sociologists have long identified these markers of adulthood as completing school leaving home establishing a career becoming financially independent getting married and having children But the signifiers of being in our thirties today are not the same repeated economic upheaval rising debt decreasing marriage rates fertility treatments and a more open minded society have all led to a shifting definition of adulthood But You re Still So Young cleverly shows how thirtysomethings have rethought these five major life events Schaefer describes her own journey through her thirties including a nonlinear career

path financial struggles romantic mistakes and an unconventional path to parenthood shares findings from data research and conducts interviews nationwide For each milestone the book highlights men and women from various backgrounds from around the country and delves into their experiences navigating an ever changing financial landscape and evolving societal expectations The thirtysomethings in this book envisioned their thirties differently than how they are actually living them He thought he would be done with his degree she thought she d be married they thought they d be famous comedians and everyone thought they would have more money Schaefer uses her smart narrative framing and relatable voice to show how the thirties have changed from the cultural stereotypes around them and how they are a radically different experience for Americans now than they were for any other generation And as Schaefer and her sources show not being able to do everything isn t a sign of a life gone wrong Being open to going sideways or upside down or backward means finding importance and value in many different ways of living The Rhetorlogue John Demosthenes N.
