Soapy Smith:

"That Fiend in Hell" Catherine Holder Spude, 2012-09-28 As the Klondike gold rush peaked in spring 1898 adventurers and gamblers rubbed shoulders with town builders and gold panners in Skagway Alaska The flow of riches lured confidence men too among them Jefferson Randolph Soapy Smith 1860 98 who with an entourage of bunco men conned and robbed the stampedeers Soapy though a common enough criminal would go down in legend as the Robin Hood of Alaska the uncrowned king of Skagway remembered for his charm and generosity even for calming a lynch mob When the Fourth of July was celebrated in 98 he supposedly led the parade Then a few days later he was dead killed in a shootout over a card game With Smith's death Skagway rid itself of crime forever Or at least so the story goes Journalists immediately cast him as a martyr whose death redeemed a violent town In fact he was just a petty criminal and card shark as Catherine Holder Spude proves definitively in *That Fiend in Hell* Soapy Smith in Legend a tour de force of historical debunking that documents Smith's elevation to western hero In sorting out the facts about this man and his death from fiction Spude concludes that the actual Soapy was not the legendary boss of Skagway nor was he killed by Frank Reid as early historians supposed She shows that even eyewitnesses who knew the truth later changed their stories to fit the myth But why Tracking down some hundred retellings of the Soapy Smith story Spude traces the efforts of Skagway's boosters to reinforce a morality tale at the expense of a complex story of town building and government formation The idea that Smith's death had made a lawless town safe served Skagway's economic interests Spude's engaging deconstruction of Soapy's story models deep research and skepticism crucial to understanding the history of the American frontier [Alias Soapy Smith](#) Jeff Smith, 2009 *Soapy Smith* Charles River Editors, 2019-09-27 Includes pictures Includes a bibliography for further reading Before there was Charles Ponzi there was Jefferson Randolph Soapy Smith II The famed Old West con artist and gangster's criminal career ranged from Texas to Alaska from Denver to the Klondike But Smith was not predestined to become a criminal if genetics and environment typically determine one's destiny he could have become a farmer a lawyer or a politician He was born in Coweta County Georgia on November 2 1860 to Jefferson Randolph Smith Jr and Emily Dawson Smith right as the Southern society his family was a part of was on the verge of suffering the cataclysm of the Civil War Like many men in the years after the Civil War Soapy would make his way west where frontier towns often popped up immediately and were established long before the law could reach them At the same time the Civil War had come less than 15 years after the California Gold Rush brought an estimated 300 000 people to the Pacific Coast with men dangerously trekking thousands of miles in hopes of making a fortune This was a pattern that would repeat itself across the West anytime a mineral discovery was made from the Southwest and Tombstone to the Dakotas and Deadwood Of course it was all made possible by the collective memory of the original gold rush and when gold was discovered in the Yukon and Alaska almost 50 years after the rush in California it drew tens of thousands of prospectors despite the unforgiving climate Mineral resources had gone a long way in the United States

acquiring Alaska a generation earlier but the lack of transportation kept all but the most dedicated from venturing into the Yukon and Alaska until the announcement of the gold rush. For a few years the attention turned to the Northwest and thanks to vivid descriptions by writers like Jack London the nation became intrigued with the idea of miners toughing out the winter conditions to find hidden gold. Of course despite the mythology and the romantic portrayals that helped make the Klondike Gold Rush most of the individuals who came to make a fortune struck out instead. The gold rush was a boon to business interests which ensured important infrastructure developments like the railroad and the construction of westward paths but ultimately it also meant that big business reaped most of the profits associated with mining the gold. While the miners are often remembered for panning gold out of mountain streams it required advanced mining technology for most to make a fortune. In most places where miners showed up the real money lay in mining the miners something Soapy Smith would quickly come to understand and use to his advantage. Utilizing a famous con involving soap prizes Soapy would earn his nickname while also possessing outsized influence in various forms of swindling from shady political dealings to outright fraud. His reputation as a criminal began to spread yet he still plied his trade across the frontier and ultimately to the Northwest at the height of the Klondike Gold Rush where he would meet his fate and cement his legend. Soapy Smith: The Life and Legacy of the Wild West's Most Infamous Con Artist looks at the controversial times and crimes of the Western huckster and the career that led to a notorious end. Along with pictures depicting important people, places and events you will learn about Soapy Smith like never before.

The Ballad of Soapy Smith Michael Weller, 1985 **Soapy Smith** Stan Sauerwein, 2005

In 1897 the Klondike Gold Rush brought thousands of hopeful prospectors to the North. With them came many scoundrels and swindlers who were willing to do whatever it took to separate unsuspecting targets from their hard earned cash. No swindler was more successful at his craft than Jefferson Randolph Soapy Smith who ruled Skagway, Alaska with a quick hand and a scheming mind. This book explores his most outrageous escapades.

A gripping and wholly original account of the epic human tragedy that was the great Klondike Gold Rush of 1897-98. One hundred thousand men and women rushed heedlessly north to make their fortunes; very few did but many thousands of them died in the attempt.
