Aragon,2020-09-22 The daughter of a Chilean father and a Filipina mother Cecilia Rodriguez Aragon grew up as a shy timid  
child in a small midwestern town during the 1960s Targeted by school bullies and dismissed by many of her teachers she  
worried that people would find out the truth that she was INTF Incompetent Nerd Terrified Failure This feeling stayed with  
her well into her twenties when she was told that girls can t do science or women just don t know how to handle machines  
Yet in the span of just six years Cecilia became the first Latina pilot to secure a place on the United States Unlimited  
Aerobatic Team and earn the right to represent her country at the Olympics of aviation the World Aerobatic Championships  
How did she do it Using mathematical techniques to overcome her fear Cecilia performed at air shows in front of millions of  
people She jumped out of airplanes and taught others how to fly She learned how to fund raise and earn money to compete at  
the world level She worked as a test pilot and contributed to the design of experimental airplanes crafting curves of metal  
and fabric that shaped air to lift inanimate objects high above the earth And best of all she surprised everyone by overcoming  
the prejudices people held about her because of her race and her gender Flying Free is the story of how Cecilia Aragon broke  
free from expectations and rose above her own limits by combining her passion for flying with math and logic in unexpected  
ways You don t have to be a math whiz or a science geek to learn from her story You just have to want to soar      *Soaring*
