# Social Consciousness And Career Awareness

**Elizabeth Vera**

## **Social Consciousness And Career Awareness:**

**Social Consciousness and Career Awareness** John S. Swift, 1990 Contemporary college students' apparent lack of exposure to citizenship, lack of concern for others, and ignorance of how to be involved citizens has prompted a call for involving students in volunteer service at the national level or as part of the undergraduate experience. This monograph begins by discussing volunteer programs as they relate to higher education, including the role universities have traditionally played and the involvement of various branches of the university community. A further section treats the characteristics and desires of contemporary college students, their environmental, economic, social, political, and financial conditions, lessons of the student activism of the 1960s, and the effects of civic participation. The next section explores the economic, social, and personal aspects of volunteering and philanthropy. National service programs are the subject of the fourth section, which discusses their essential elements, congressional efforts, President Bush's proposal to create some type of volunteer service corps, and the effect of national service on higher education. The next section examines the role and action of higher education in service programs, including curricular changes, service learning, education work study programs, collaborative efforts between higher education, government, and the private sector, outreach, opportunity leagues, campus compacts, faculty participation, and evaluating the effects of civic participation. An index and a bibliography of 140 references are included. JB

**The ERIC Review**, 1992 Provides information on programs research publications and services of ERIC as well as critical and current education information      **Out-of-School-Time STEM Programs for Females** Lynda R. Wiest, Heather Glynn Crawford, Jafeth E. Sanchez, 2021-01-01 Vol II Short Term Programs features eight OST STEM programs for females from across the United States that run one to three days in length in most cases a single day In this book the chapter authors describe their programs the effectiveness of those programs and practical implications of their program evaluation data This book series is the first of its kind to offer researchers educators school administrators policy makers and others detailed insight into the promise and practice of out of school time STEM programs for females Science technology engineering and mathematics STEM disciplines play a pivotal role in societal progress and economic prosperity in addition to enhancing individual lives However U S students lack strong STEM performance in an international context The pool of STEM proficient workers is thus insufficient to fuel the nation with females being one group that is noticeably absent Out of school time OST programs which are on the rise are increasingly suggested as a way to support and encourage underrepresented groups in STEM Participants in OST programs have shown improved achievement interest and confidence in STEM as well as greater awareness of STEM role models and careers      **Institutional Culture and the Development of Socially Responsible Leadership Among Male College Undergraduates** Heidi Sue Harlander, 1998      **Career Development Interventions for Social Justice** Margo A. Jackson, Allyson K. Regis, Courtney Bennett, 2019-01-02 Career development interventions can serve as one means to constructively address the problems of inequitable access to educational and occupational options and achievement that promote health and well being across the lifespan Career Development Interventions for Social Justice Addressing Needs across the Lifespan in Educational Community and Employment Contexts offers practical examples of career development interventions that may be adapted to constructively address social justice needs at various points across the lifespan ranging from elementary school ages to older adults in educational community and employment contexts Tailored to the needs and context of a specific underserved group of individuals each intervention integrates relevant career

development theory research ethical considerations elements of sound program design and evaluation and professional competencies for best practices in multicultural career counseling and social justice advocacy Unique to this book are the contributions of authors including practicing professional counselors and psychologists who share their personal reflections of self awareness from privileged and marginalized identities regarding potential biases and resources of relevance to their chapter s intervention In the process of designing and providing career development services for individuals from marginalized groups it is imperative for counselors to continually reflect on and consult about their own biases and resources for empathic understanding and effectiveness with those whom we serve
