Social And Behavioral Foundations Of Public Health:

Social and Behavioral Foundations of Public Health Jeannine Coreil, Carol Bryant, J. Neil Henderson, 2001 Drawing on sociology anthropology social psychology demography gerontology economics and history contributors to this volume address contemporary health issues within a framework of ecosocial systems in order to address the many layers of influence that affect health Organized into four part **Social and Behavioral Foundations of Public Health** Jeannine Coreil, 2010 This book is intended as a core textbook for courses in public health that examines current issues in health from a social and behavioral science perspective It is a cross disciplinary course public health medical sociology health psychology medical anthropology and thus there are many ways to teach the course based on a particular instructor s perspective The authors wrote the book because they were dissatisfied with the way other texts apply social science to public health and found that many texts being used were from related fields such as medicine nursing or general health The authors are planning to do a major revision based on reviews they have collected and the reviews we have collected We believe the revised edition will essentially be a new text based on rich feedback They will include new theory new cases new research and a rich ancillary package They will also reduce the frameworks presented to make the book more readable to students Social and Behavioral Foundations of Public Health Jeannine Coreil, 2023-04-20 This thoroughly updated edition of Social and Behavioral Foundations of Public Health emphasizes the importance of social environmental and cultural dimensions of health by examining current issues in health from a wide range of social and behavioral science perspectives The book uses a social ecological framework to address multilevel influences on health and applies key concepts in current research and practice Editor Jeannine Coreil and thirty contributing authors use examples from the forefront of public health to illustrate the relevance of core competencies in the field for diverse real world problems This edition includes five new chapters Environmental Health Public Health Ethics Communication and Media Global Health Homelessness four expanded chapters updated content within foundational chapters and revised expanded ancillaries More than half of the chapters have been written by new contributors The changes reflect contemporary developments and challenges in public health especially the COVID 19 pandemic and the politics of public health Ancillary materials link book content to current competencies in public health education A field defining resource for more than two decades this work serves as a core textbook for graduate and upper level undergraduate courses in public health and allied fields *Social and Behavioral Foundations of Public Health* Jeannine Coreil, 2010 This book is intended as a core textbook for courses in public health that examines current issues in health from a social and behavioral science perspective It is a cross disciplinary course public health medical sociology health psychology medical anthropology and thus there are many ways to teach the course based on a particular instructor s perspective The authors wrote the book because they were dissatisfied with the way other texts apply social science to public health and found that many texts being used were from related fields such as medicine nursing or general health The authors

are planning to do a major revision based on reviews they have collected and the reviews we have collected We believe the revised edition will essentially be a new text based on rich feedback They will include new theory new cases new research and a rich ancillary package They will also reduce the frameworks presented to make the book more readable to students

Drugs and Public Health in Post-Soviet Central Asia Muyassar Turaeva, 2022-08-27 The book outlines post Soviet style of health management in Central Asia Regional studies on Central Asia to date have focused on states politics religion and inter ethnic relations but not on the health system within the region Soviet style policies have also covered only other aspects relevant for the region This book highlights the public health situation of the region with a focus on drug abuse HIV AIDS in the context of increased mobility and drug trafficking routes which became even more porous after the break up of the Soviet Union Based on a qualitative study the empirical data in the book was collected during long term fieldwork conducted in Uzbekistan and Turkmenistan in 2010 2011 as well as shorter stays in Uzbekistan between 2012 2016 The analysis of the empirical material largely draws on the works of Foucault particularly his concept of biopolitics when analyzing Soviet style health management that is still practiced in the region Applying the Foucauldian genealogical method this study has been structured to trace the genealogy of epidemics to understand the historical path of drug abuse in the region as well as the discursive genealogy of drug politics and drug abuse Applying the same genealogical method of Foucault the formative and discursive trajectory of the institution of Uchyot was traced to contextualize the health governance methods that have historical legacy of Soviet style governance and control of the total population

Drugs and Public Health in Post Soviet Central Asia Soviet Style Health Management is a unique resource for academic specialists practitioners professionals and advanced undergraduate and graduate students in public

health as well as a range of scholars and professionals in sociology political science anthropology and anyone with an interest in the Central Asia region drug addiction or HIV The book also could appeal to international donors in the field of HIV drug addiction who are working in the region

Human Behavior Theory and Applications Elizabeth DePoy, Stephen French Gilson, 2011-09-21 In Human Behavior Theory and Applications authors Elizabeth DePoy and Stephen Gilson use a critical thinking approach to engage students to think in depth about theory and its use in social work practice With a strong focus on diversity this book expands its theory coverage to include progressive and the most cutting edge contemporary thinking The authors skillfully introduce theory critically examine each theory including developmental theories environmental theories diversity theories systems theories and new and emerging theories and then apply each theory to social work practice providing a synthesis of classical and contemporary theory for scholarly analysis and application to professional intellectual and social action

Older Women: Current and Future Challenges of Professionals with an Aging Population Teresa Kilbane, Marcia Spira, 2016-10-14 Older Women Current and Future Challenges of Professionals With An Aging Population is about older women and the unique challenges they face now and in coming decades Elderly women face problems that require response from multiple service providers in the social welfare health care and legal sectors Due to the complexity of the various issues and the multi systemic responses required to address these problems among diverse groups an interdisciplinary perspective in a multicultural context needs to be examined This book is an attempt to explain the multidisciplinary facets of social work with elderly women Readers are also introduced to the ethical issues and challenges caused by economic disparities and are also provided with guidelines on potential responses and intervention strategies to such difficulties Readers are also introduced to the concept of cultural competence in terms of working with aged women The integration of theory research and practice in this book makes it a valuable resource for academicians and working professionals who are or will be in frequent contact with older adults
