Swagman, 1988 **Yemen in Crisis** Helen Lackner, 2019-04-30 Expert analysis of Yemen's social and political crisis with profound implications for the fate of the Arab World The democratic promise of the 2011 Arab Spring has unraveled in Yemen triggering a disastrous crisis of civil war famine militarization and governmental collapse with serious implications for the future of the region Yet as expert political researcher Helen Lackner argues the catastrophe does not have to continue and we can hope for and help build a different future in Yemen Fueled by Arab and Western intervention the civil war has quickly escalated resulting in thousands killed and millions close to starvation Suffering from a collapsed economy the people of Yemen face a desperate choice between the Huthi rebels on the one side and the internationally recognized government propped up by the Saudi led coalition and Western arms on the other In this invaluable analysis Helen Lackner uncovers the roots of the social and political conflicts that threaten the very survival of the state and its people Importantly she argues that we must understand the roots of the current crisis so that we can hope for a different future for Yemen and the Middle East With a preface exploring the US's central role in the crisis **Cultural Anthropology of the Middle East, A Bibliography, Volume 1** **Cultural Anthropology of the Middle East 1965-1987** Strijp, 2021-12-06 During the last two decades the number of anthropologists conducting research in the Middle East has increased considerably Together they have produced an abundance of valuable studies often based on prolonged periods of ethnographic fieldwork This bibliography offers a comprehensive survey of their results published between 1965 and 1987 It refers to studies published in English French and German Geographically the bibliography covers the area from Mauritania in the West to Afghanistan in the East and from Turkey in the North to the Arab Peninsula and Northern Sudan in the South The majority of studies inserted has been written by anthropologists Besides a considerable number of studies related to anthropology but published by non anthropologists has been integrated as well The majority of the monographs and volumes has been annotated *Kinship, Stratification, and Mobility*, 1987 Arab Family Studies Suad Joseph, 2018-07-10 Family remains the most powerful social idiom and one of the most powerful social structures throughout the Arab world To engender love of nation among its citizens national movements portray the nation as a family To motivate loyalty political leaders frame themselves as fathers mothers brothers or sisters to their clients parties or the citizenry To stimulate production economic actors evoke the sense of duty and mutual commitment of family obligation To sanctify their edicts clerics wrap religion in the moralities of family and family in the moralities of religion Social and political movements from the most secular to the most religious pull on the tender strings of family love to recruit and bind their members to each other To call someone family is to offer them almost the highest possible intimacy loyalty rights reciprocities and dignity In recognizing the significance of the concept of family this state of

Burrowes,2017-10-25 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways The country exploded in a popular revolution against the long time rule of Ali Abdallah Saleh While the country appeared to slip toward civil war Yemeni political elite rallied with international backers to put together a transitional government with a plan to revise the country s constitution The transitional government began with a cautious sense of optimism and the prospect of substantial change for the better but ended in collapse because of a failure to govern The politics of the street overran an ineffective transitional government that could not address the urgent concerns of Yemeni citizens for security and jobs Instead populist leaders exploited people s dissatisfactions and threw the country into civil war The Houthi organization covertly allied with its former enemy Ali Abdallah Saleh to overthrow the transitional government and declare war on the rest of the country Saleh seems unable to conceive of life outside of the Presidential Palace and his Houthi allies appear to believe they are destined to rule Unfortunately those opposed to Saleh and the Houthi also seem unable to provide effective rule in spite of massive backing from the Gulf States The incompetence infighting and incoherence of the Hadi government bode equally ill for the future of the country The one hope may be that a new generation of Yemeni leaders emerges to displace the dismal failures of this one This third edition of Historical Dictionary of Yemen contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Yemen Anthropology and Development in North Africa and the

Middle East Muneera Salem-Murdock,2019-04-09 This book documents the function of social science analyses in the identification and evaluation of development programs in the Middle Eastern and North African countries It demonstrates that anthropology and social sciences have a good deal to contribute to the understanding of domestic economies

Cultural Anthropology of the Middle East ,1992 During the last two decades the number of anthropological studies on the Middle East has increased exponentially This partially annotated bibliography offers a comprehensive survey of studies written in English French and German and covers the period from 1965 to 1987 **Saudi Arabia and Yemen** Britannica Educational Publishing,2010-10-01 While they share a border and a rich heritage Saudi Arabia and Yemen are also a study in contrasts Where Saudi Arabia has a largely urban population that enjoys the benefits of its thriving economy Yemen is home to predominantly rural citizens and is one of the poorest countries in the world Within these pages readers will encounter the

long intertwined histories of these two nations as well as their individual struggles for prosperity and peace with each other and the rest of the world

Historical Dictionary of Yemen Robert D. Burrowes, 2010 A small and extremely poor Islamic country Yemen is located on the edge of the Arab world in the southernmost corner of the Arabian Peninsula It was the product of the unification of the Yemen Arab Republic and the People's Democratic Republic of Yemen in May 1990 The location of the two Yemens on the world's busiest sea lane at the southern end of the Red Sea where Asia almost meets Africa gave them strategic significance from the start of the age of imperialism through the Cold War More vital today is the fact that Yemen shares a long border with oil rich Saudi Arabia and is a key to efforts both to spread and to end global revolutionary Islam and its use of terror The second edition of the Historical Dictionary of Yemen has been thoroughly updated and greatly expanded Through its list of acronyms and abbreviations a chronology an introductory essay a bibliography and over 800 cross referenced dictionary entries greater attention has been given to foreign affairs economic institutions and policies social issues religion and politics
