Wind Against the Mountain Richard L. Davis, 2020-10-26 Richard Davis has expertly crafted a stirring narrative of the last years of Song focusing on loyalist resistance to Mongol domination as more than just a political event Davis convincingly argues that Song martyrs were dying for more than dynasty alone martyrdom can be linked to other powerfully compelling symbols as well Seen from the perspective of the conquered the phenomenon of martyrdom reveals much about the cultural history of the Song Davis challenges the traditional view of Song martyrdom as a simple expression of political duty by examining the phenomenon

instead from the perspective of material life and masculine identity He also explores the tensions between the outer court of militant radicals and an inner court run by female regents tensions that reflect the broader split between factions of Song government as well as societal conflict Davis reveals the true magnitude of the loyalist phenomenon in this beautifully written fascinating study of Song political loyalty and cultural values Utopia and Utopianism in the Contemporary Chinese Context David Der-wei Wang, Angela Ki Che Leung, Zhang Yinde, 2020-04-05 Utopia and Utopianism in the Contemporary Chinese Context Texts Ideas Spaces decisively demonstrates the extent to which utopianism has shaped political thought cultural imaginaries and social engagement after it was introduced into the Chinese context in the nineteenth century In fact pursuit of utopia has often led to action such as the Chinese Revolution and the Umbrella Movement and contested consequences Covering a time span that goes from the late Qing to our days the authors show that few ideas have been as influencing as utopia which has compellingly shaped the imaginaries that underpin China's historical change Utopianism contributed to the formation of the Chinese state itself shaping the thought of key figures of the late Qing and early Republican eras such as Kang Youwei and Sun Yat sen and outlived the labyrinthine debates of the second half of the twentieth century both under Mao's rule and during the post socialist era Even in the current times of dystopian narratives a period in which utopia seems to be less influential than in the past its manifestations persistently provide lifelines against fatalism or cynicism This collection shows how profoundly utopian ideas have nurtured both the thought of crucial figures during these historical times the new generation of mainland Chinese and Sinophone intellectuals and the hopes of twenty first century Hong Kong activists Wang Leung and Zhang's collection is a timely contribution to utopian studies built on consistent coherent boundary crossing approaches Interdisciplinary in its very sense the essays bring intellectual history literary studies philosophy and political theories together in dialogue Of particular note are the essays that situate Hong Kong in a literary tradition that connects China Hong Kong and the beyond Mingwei Song Wellesley College Utopia and Utopianism in the Contemporary Chinese Context is an impressive intellectual undertaking The essays are highly engaging and offer powerful multi faceted approaches to utopianism in contemporary Chinese thought and practice Stimulating and informative the book as a whole addresses the dynamic interplay between the utopian and dystopian thereby inspiring clarity in political thought and action in the present moment Robin Visser University of North Carolina at Chapel Hill *The Songs of Chu* Yuan Qu, 2017-07-18 Sources show Qu Yuan 340-278 BCE was the first person in China to become famous for his poetry so famous in fact that the Chinese celebrate his life with a national holiday called Poet's Day or the Dragon Boat Festival His work which forms the core of the *The Songs of Chu* the second oldest anthology of Chinese poetry derives its imagery from shamanistic ritual Its shaman hymns are among the most beautiful and mysterious liturgical works in the world The religious milieu responsible for their imagery supplies the backdrop for his most famous work *Li sao* which translates shamanic longing for a spirit lover into the yearning for an ideal king that is central to the ancient

philosophies of China Qu Yuan was as important to the development of Chinese literature as Homer was to the development of Western literature This translation attempts to replicate what the work might have meant to those for whom it was originally intended rather than settle for what it was made to mean by those who inherited it It accounts for the new view of the state of Chu that recent discoveries have inspired Whitaker's Books in Print ,1998 **The Anchor Book of Chinese Poetry** Tony Barnstone,Chou Ping,2010-03-03 Unmatched in scope and literary quality this landmark anthology spans three thousand years bringing together more than six hundred poems by more than one hundred thirty poets in translations many new and exclusive to the book by an array of distinguished translators Here is the grand sweep of Chinese poetry from the Book of Songs ancient folk songs said to have been collected by Confucius himself and Laozi s Dao De Jing to the vividly pictorial verse of Wang Wei the romanticism of Li Po the technical brilliance of Tu Fu and all the way up to the twentieth century poetry of Mao Zedong and the post Cultural Revolution verse of the Misty poets Encompassing the spiritual philosophical political mystical and erotic strains that have emerged over millennia this broadly representative selection also includes a preface on the art of translation a general introduction to Chinese poetic form biographical headnotes for each of the poets and concise essays on the dynasties that structure the book The Anchor Book of Chinese Poetry captures with impressive range and depth the essence of China s illustrious poetic tradition **The Columbia Anthology of Traditional Chinese Literature** Victor H.
