Whitman's distinct free verse style redefines the boundaries of poetry, embracing an organic form that mirrors the rhythms of natural speech. Interweaving themes of democracy, individuality, and the human experience, his verses capture the essence of 19th-century America, offering profound insights into the social and political upheavals of the time. The collection includes iconic works such as *Leaves of Grass*, showcasing Whitman's ability to reflect on both the personal and the universal while boldly celebrating the interconnectedness of all life. *Elizabeth Stuart Phelps* Elizabeth Stuart Phelps, 2014-06-01 The well-educated daughter of a minister, Elizabeth Stuart Phelps (1844-1911) was introduced to writing at a young age, as both her mother and father were published writers. In 1868, she published her first major novel, *The Gates Ajar*. An international success, the novel sold more than six hundred thousand copies, making it one of the best-selling American works of the nineteenth century. Through the next four decades, Phelps published hundreds of essays, tales, and poems, which

appeared in every major American periodical while also writing novels including *Beyond the Gates* 1883 and *The Gates Between* 1887 Phelps's legacy as an important American writer however has been hurt by the seeming contradictions between her life and work For example she was an ardent advocate for women's rights both inside and outside marriage but her stories seem to glorify the sort of extreme self sacrifice associated with the most conservative domestic ideology In this collection the editors seek to restore Phelps's reputation by bringing together a diverse collection from the entire body of her lifetime of work From arguments for suffrage to harrowing tales of Reconstruction these essays along with short fiction and poetry provide a new perspective on a major American writer from the later nineteenth century Catalogue of the Beebe Town Library, of Wakefield, Mass Lucius Beebe Memorial Library, 1887
