

Songs Of War

George L. Hart, Hank Heifetz

Songs Of War:

The Four Hundred Songs of War and Wisdom George L. Hart, Hank Heifetz, 2002-08-21 Two prominent translators present the first complete English language edition of one of India's greatest works of classical literature the Purananuru. This anthology of four hundred poems by more than 150 poets between the first and third centuries CE in old Tamil the literary language of ancient Tamilnadu was composed before Aryan influence had penetrated the south. It is thus a unique testament to pre-Aryan India. Beyond its importance for understanding the development of South Asia's history, culture, religion, and linguistics, the Purananuru is a great work of literature reflecting accurately and profoundly the life of southern India 2,000 years ago. One of the few works of classical India that confronts life without the insulation of a philosophical facade and that makes no basic assumptions about karma and the afterlife, the Purananuru has universal appeal. It faces the world as a great and unsolved mystery, delving into living and dying, despair, love, poverty, and the changing nature of existence. To this hidden gem of world literature, George L. Hart and Hank Heifetz add a helpful appendix, an annotated bibliography, and an excellent introduction describing the work and placing it in its social and historical context. Songs of War and Peace & Love and Death Eddie Robbert, 2015-12-06 A collection of Eddie's poems inspired by strife and life and love and loss. **Songs of the Civil War** Irwin Silber, Jerry Silverman, 1995-01-01 Reprint. Originally published New York: Columbia University Press, 1960. **Encyclopedia of War and American Society** Peter Karsten, 2006 Publisher description. The Photographic History of the Civil War: Songs of the war days Francis Trevelyan Miller, Robert Sampson Lanier, 1911. Songs of the Vietnam Conflict James E. Perone, 2001-08-30 Offering the widest scope of any study of one of popular music's most important eras, *Songs of the Vietnam Conflict* treats both anti-war and pro-government songs of the 1960s and early 1970s from widely known selections such as "Give Peace a Chance" and "Blowin' in the Wind" to a variety of more obscure works. These are songs that permeated the culture through both recordings and performances at political gatherings and concerts alike, and James Perone explores the complex relationship between music and the society in which it is written. This music is not merely an indicator of the development of the American popular song; it both reflected and shaped the attitudes of all who were exposed to it. Whereas in previous wars musicians rallied behind the government in the way of Aaron Copland and Samuel Barber, the Vietnam conflict provoked anger, frustration, and rage, all of which comes through in the songs of the time. This reference work provides indispensable coverage of this phenomenon in chapters devoted to Anti-War Songs, Pro-Government Songs, and what might be called Plight of the Soldier or Veteran songs. A selected discography guides the reader to the most notable recordings, all of which together provide a unique and important perspective on perhaps the 20th century's most contentious time. **The Idylls of Theocritus, Bion, and Moschus, and the War-songs of Tyrtæus** Theocritus, Tyrtæus, Bion (of Phlossa near Smyrna), 1853. **"The" Idylls of Theocritus, Bion, and Moschus; and the War-songs of Tyrtæus** Theocritus, 1864. **Instrument of War** David Suisman, 2024-11-26 An original history of music in

the lives of American soldiers Since the Civil War music has coursed through the United States military Soldiers have sung while marching listened to phonographs and armed forces radio and packed the seats at large scale USO shows Reveille has roused soldiers in the morning and Taps has marked the end of a long day Whether the sounds came from brass instruments weary and homesick singers or a pair of heavily used earbuds where there was war there was music too Instrument of War is a first of its kind study of music in the lives of American soldiers Although musical activity has been part of war since time immemorial the significance of the US military as a musical institution has generally gone unnoticed Historian David Suisman traces how the US military used and continues to use music to train soldiers and regulate military life and how soldiers themselves have turned to music to cope with war's emotional and psychological realities Opening our ears to these practices Suisman reveals how music has enabled more than a century and a half of American war making Instrument of War unsettles assumptions about music as a force of uplift and beauty demonstrating how it has also been entangled in large scale state violence Whether it involves chanting Sound off in basic training switching on a phonograph or radio or cueing up an iPod playlist while out on patrol the sound of music has long resonated in soldiers wartime experiences Now we all can finally hear it

The Book of Battle Songs. A Collection of the War Songs of Various Nations, and a Selection of Curious Popular Lyrics, ... Chiefly from the Languages of the North and the East. (Rendered by Various Translators.) With Remarks on the Poetry of Martial Enthusiasm Cyril Aston FANSHAWE, 1859 *The war-songs of the Prince of peace, a devotional comm. on the Psalter, by R.M. Benson* Richard Meux Benson, 1901 **Catalogue of War Publications**, 1917

Songs of Love and War Angelo Hall, 1915 **Soviet War Songs in the Context of Russian Culture** Elena Polyudova, 2016-02-29 This volume presents a unique study of war songs created during and after World War II known in Russia as the Great Patriotic War The most popular war songs such as Katyusha The Sacred War Dark Night My Moscow In the Dugout Victory Day provide illuminating insights into the musical culture of the former Soviet Union and modern Russia In the year of the 70th anniversary of victory in the war the book studies the cultural heritage of famous war songs from a new perspective exploring the historical background of their creation and analysing their lyrics as part of Russian cultural heritage The book also discusses the modifications required when translating the songs from Russian to English It concludes with a description an educational project studying war songs at Moscow schools run under the auspices of UNESCO
