Songs and Prayers from Taizé Jacques Berthier, 1991 The Sources of Taizé frère Roger, 2000 The source book on which the common life in Taize is based this short volume is fundamental for understanding the vocation of Taize It is presented like a letter that Brother Roger addresses personally to each reader telling how in spite of discouragement and even doubt we can constantly find refreshment in returning again and again to the sources of faith In the second part of the book Brother Roger speaks particularly to the brothers of the community recalling the essentials that make life together possible In his own particular style Taize's founder expresses himself in words that go straight to the heart In page after page he is careful not to write a single word that he has not first of all tried to live out himself Discovering Multicultural Spirituality Through Taizé Prayer Part 1 H. The final

chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier's chants in mediating that meaning The study concludes that it is music's symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy's meaning
