Resisting Abstraction Gordon Hughes,2014-11-25 Robert Delaunay was one of the leading artists working in Paris in the early decades of the twentieth century and his paintings have been admired ever since as among the earliest purely abstract works With *Resisting Abstraction* the first English language study of Delaunay in more than thirty years Gordon Hughes mounts a powerful argument that Delaunay was not only one of the earliest artists to tackle abstraction but the only artist to present his abstraction as a response to new scientific theories of vision The colorful optically driven canvases that Delaunay produced Hughes shows set him apart from the more ethereal abstraction of contemporaries like Kandinsky Mondrian Kazimir Malevich and Franti ek Kupka In fact Delaunay emphatically rejected the spiritual motivations and idealism of that group rooting his work instead in contemporary science and optics Thus he set the stage not only for the modern artists who would follow but for the critics who celebrated them as well *Modernism, Magazines, and the British Avant-garde* Faith Binckes,2010-05-20 Based on the author s thesis doctoral Oxford University 2000
