Alchemy - The Divine Work Tommy Westlund,Katarina Falkenberg,2023-09-23 Alchemy is one of the world s oldest wisdom traditions and has until recently been a secret tradition that was only passed down to the chosen and often through a coded language This is because alchemy touches upon that which nothing can surpass the eternal life of the golden consciousness Alchemy shows the way into the deepest mysteries of existence where our essence our gold can be revealed We can realise our full potential through alchemy access our hidden divine abilities and reach spiritual wholeness The alchemist s work is about making the impossible possible to achieve immortality The metaphor for this transformation is expressed as the refining of dark lead into shining gold This miraculous process is the secret of secrets to which this book carries the keys For the first time the divine work is presented in its entirety by authors with extensive experience in alchemy The book conveys alchemy s history philosophy and practice and instructs the reader on how to become an alchemical master Through this one becomes a divine co creator in both one s own refining process as well as that of the entire creation like a true philosopher a true lover of wisdom
