City of Ruins Dereck Daschke, 2010 This psychoanalytic study reads Jewish apocalypses as texts of mourning for the destruction of Jerusalem arguing that the seers experiences of traumatic loss then visions of healing and recovery all work to achieve the apocalyptic cure for ancient Jewish society

The God of All Flesh Walter Brueggeman, 2017-01-26 Biblical faith is passionately and relentlessly material in its emphasis This claim is rooted in the conviction that the creator God loves the creation and summons creation to be in sync with the will of the creator God This collection of essays is focussed on the bodily life of the world as it ordered in all of its problematic political and economic forms The phrase of the title all flesh in the flood narrative of Genesis 9 refers to all living creatures who are in covenant with God human beings animals birds and fish as recipients of God s grace as dependent upon God s generosity and as destined for praise and obedience to God The insistence on the materiality of life as the subject of the Bible means that the difficult issues of economics and the demanding questions of politics are front and centre in the text So the Pentateuch pivots around the Exodus narrative and the emancipation from an unbearable context of abusive labour practices In a similar manner the prophets endlessly address such questions of social policy and the wisdom teachers reflect on how to manage the material things of life and social relationships for the well being of the community This emphasis pervasive in these essays is a powerful alternative and a strong resistance against all of the contemporary efforts to transcend escape the material into some form of the spiritual All around us are efforts to find an easier more harmonious faith This may be evoked simply because of a desire to shield economic political advantage from the inescapable critique of biblical faith Such a temptation is a serious misreading of the Bible and a critical misjudgment about the nature of human existence Thus the Bible addressed the most urgent issues of our day and refuses the religious temptation that avoids lived reality where the power of God is a work

A Critical History and Philosophy of Psychology Richard T. G. Walsh, Thomas Teo, Angelina Baydala, 2014-03-20 Presents a fresh perspective that explores the development of psychology as both a human and a natural science

A Smaller God Petri Merenlahti, 2014-12-16 The Bible is a perplexing book It blends primitive beliefs with timeless truths swings between compassionate love and ruthless violence and forms a sympathetic heavenly father from the remains of a savage tribal god

What are we to make of it all Petri Merenlahti takes an entertaining journey through biblical literature and returns with an original theology of imperfection Looking at the Bible through the lenses of history culture literature and psychology he calls his readers to let go of an idealized image of the Christian Scriptures and embrace their limited human nature instead This is vital he argues because false idealization and psychological splitting are major sources of religious fanaticism and violence Merenlahti insists that we make a difference between the smaller God of human imagination and the transcendent God that should remain beyond it We will then be rewarded with wisdom instead of fanaticism mercy instead of moralism and peace instead of hatred and guilt

Explaining Evil J. Harold Ellens, 2011-02-18 In this three volume set international scholars from across a broad spectrum of scholarly fields examine the concept of evil throughout history and world cultures from religious scientific psychological and political perspectives The manifestation of evil has provided a convenient theme for popular culture entertainment ranging from the classic film The Exorcist to almost all of Stephen King s horror novels to video games such as Resident Evil Unfortunately dealing with and attempting to overcome the forces of evil is a pervasive problem in the real world as well Explaining Evil addresses incidents of evil from ancient times to modern day around the globe Concepts of evil within the big three religions Christianity Judaism and Islam are examined as well as in Chinese philosophy and Native American beliefs The political or national expressions of evil are explored such as the axis of evil that culminated in World War II These volumes identify the causes and effects of evil and suggest possible remedies to humanity s inescapable flaw

Levinas Faces Biblical Figures Yael Lin, 2014-03-20 This collection of essays is an attempt to capture the drama of the encounter of the facing of Levinas and the biblical text It seeks to link Jewish experience and Levinasian themes such as responsibility substitution hospitality suffering and forgiveness and at the same time make the biblical text accessible in a

new way The book offers new insights on the opening up of Levinas's thought and biblical stories to one another it considers the ways in which Levinas can open up the biblical text to questioning and how the biblical text can inform our reading of Levinas Setting up in dialogue the heteronomic texts the narrative texts of the bible and Levinas's philosophical texts allows an enforced and renewed understanding of both The examination of these issues is pursued from diverse perspectives and disciplines probing the role biblical figures play in Levinas's thought and the manner by which to approach them Do the biblical allusions serve in Levinas's thought merely as a rhetorical and literary device as illustrations of his ideas or perhaps they have a deeper philosophical meaning which contributes to his project in general Do the references to biblical figures work in Levinas's philosophy in a way that other literary figures are incapable of and how do these references comply with his conflicted attitude towards literature

The Captivity of Innocence Andre LaCocque, 2010-04-02 In this study the third panel of a trilogy on J's tales about evil and innocence in the primeval era the author turns to Genesis 11 1-9 another parable this time on the so called Tower of Babel The Captivity of Innocence analyzes a systemic robotization of society as a way of keeping innocence behind bars contending that innocence never fails to offend never fails to stir envy and hate Here evil is not wrought by an individual like Cain or Lamech but by all the earth so that the summit of evil is now reached before Abraham's breakthrough in Genesis following chapter The present analysis uses a variety of techniques to interpret the biblical text including historical critical literary sociopolitical psychoanalytic and deconstructive approaches The inescapable conclusion is that Babel is the Kafkaesque image of our world and is a powerful paradigm of our hubristic contrivances and constructions Des Tours de Babel says Derrida in order to deny our finiteness Then innocence is trampled upon but it is not overcome Babel Babylon's fate is to crumble down and to bring up from her ashes the Knight of Faith
