

INTRODUCTION

- The goal of reading Scripture is to get you into the Word of God, and to get the Word of God into you.
- Since God has spoken, the next question is-What has God said?
- How can I read the Bible for all it's worth?
- One key is to read it as you would any other form of communication; taking it in the most obvious and natural sense.

LIGHTS: A Methodology for reading the Bible for all it's worth

- Literal Principle of Biblical Interpretation
 - We are to take the Bible in the sense in which it is intended.
 - That does not mean we take biblical language in a woodenly literalistic sense...a simile is still a simile, a metaphor still a metaphor.
 - Jesus is the heir of the linguistic richness of the Old Testament. He doesn't turn that language into flat and literal prose but amplifies it.
- Illumination Principle of Biblical Interpretation
 - A model is a framework you impose on Scripture.
 - A proper methodology means understanding the art and science of biblical interpretation.
 - Biblical interpretation is an art because the more you do it, the better you get at it.
 - Biblical interpretation is a science because certain rules apply.
 - Exegesis: taking out of Scripture what God has placed there.
 - Eisegesis: reading into Scripture one's own pet theories.
- Grammar Principle of Biblical Interpretation
 - When we read a word in Scripture, we are not to re-interpret that word unnecessarily.
 - The rules of grammar are still the rules of grammar when we are reading the Bible.
- Historical Principle of Biblical Interpretation
 - This principle asks, "How did this text originally work as communication to people living in a specific time and place?"
 - The Book of Revelation is many things, but first it is seven love letters to a persecuted Bride experiencing the full fury of the Beast.

Soul Fire Brief Talks And Sermon Outlines:

Soulfire Rev. Dr. Gary Nicolosi, 2020-12-23 Preaching Jesus has been Gary Nicolosi's life passion. In SoulFire he spotlights today's secular postmodern culture and unleashes a ground-breaking primer on preaching. He maintains that preaching is a calling but also a skill to be learned and nurtured. Synthesizing a lifetime of experience, he shares his method of preaching and provides sermons organized around four critical areas exploring faith, the spiritual journey, contemporary issues, and church life. SoulFire is more than a book on preaching. The sermons are for any Christians that seek to understand and communicate Christian faith in a way that touches hearts, engages minds, and transforms lives. In Jesus, Seekers and skeptics also will benefit from this book as they come to explore Christianity in a thoughtful, honest but heartfelt way. SoulFire is a timely resource that will assist clergy, church members, and people outside the church to find their way as followers of Jesus in these difficult times. Get ready to get real. Get ready to be challenged. Get ready to share the good news of Jesus in new ways. Get ready to re-imagine the church as a movement and not an institution. This is no time to play it safe. Our rapidly changing world is much too chaotic a place for Christians to give trite answers to tough issues. Jesus wants Christians whose souls are on fire to set the world on fire, and in the power of his redeeming love, we can. Zion's Herald, 1908 Lectures Preaching Sermon Construction Paul B. Franciszek Hodur, 1999 In the late nineteenth century Bishop Francis Hodur organized the Polish National Catholic Church of America, the oldest existing U.S. church that split from the Roman Catholic Church. This collection of Hodur's own sermon outlines and occasional speeches includes his views on theological problems, denominational challenges, social justice, ethnic issues, political questions, patriotic subjects, historical events, and more. **The Company of the Preachers**, **Sermons, notes of sermons** Robert Hall, 1846 Rough Notes, 1878 A journal devoted to insurance and the industries

Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e g the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e g forms of feminist or indigenous interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future **The Golden Lectures** Henry Melvill,1853
