**Leadership in Unknown Waters** Lisa Withrow, 2020-10-29 Leadership in Unknown Waters invites organizational leaders and their teams to engage powerful questions amidst ambiguity and uncertainty as they move from the way things were to an emerging future This liminality a threshold in space and time allowing for transition from something old to something new is fraught with both difficulty and

opportunity Leaders teams and individuals who navigate this space skillfully will land in surprisingly dynamic places encountering stories metaphors and inspiration for traversing the threshold not only competently but with curiosity and confidence In this way futures are created that are not possible with fear based planning or quick fixes Withrow s method intersects the human imagination through a visual living metaphor water with attention to space liminality or transitional space and focus on role leadership development for powerful engagement with what organizational learning theorists call the emerging future Here the theoretical meets the practical and research informs the how to and why Diving into unknown waters with tools and wisdom can create a better future for all who face change whether within corporations not for profit organizations faith communities family systems or interpersonal relationships      **SoulTypes** Robert Norton,Richard Southern,2004-03-19 We are all wired for God but our needs inclinations and personalities are all different Using the metaphor of spiritual DNA SoulTypes will help you assess your own inborn qualities and find a spiritual path that will support your quest for a richer fuller more integrated life If you consider yourself spiritual but not religious SoulTypes will help you discover just what works for you With its inventory and assessment to guide you to discover and interpret your spiritual type SoulTypes helps you in answering the most profound questions Who am I What is my authentic identity What s important to me What are my values my gifts my passions Why am I here What is my purpose or mission in life Where am I going What is my vision of my future      Introduction to Type® and Teams ,      **Anatomy of Spirituality: Portrait of the Soul** Chander Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul      *SoulTypes* Sandra Krebs Hirsh,Jane A. G. Kise,2006-01-01 Two experts in the field use the Myers Briggs Type Indicator to help readers select the approach to spirituality that is most natural to them SoulTypes is a valuable tool for individual growth and strategic planning for those in leadership roles in congregations and faith based organizations      Find Your Fit Kevin Johnson,Jane Kise,1998-11-01 Teens personal guide to discovering their God given uniqueness Contains engaging self tests
