This Is Our Song Janet Wootton, 2013-01-07 Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches women were able to express and influence spirituality in the writing of hymns This influence spreads across the whole range of hymn writing including writing for children which was at one time seen as women s natural place but also the introduction of new voices through translations engagement in social campaigns such as temperance and the abolition of slavery mission and evangelism and the general development of worshipping life However with the exception of the nineteenth century the voices of women have been largely silenced or marginalized The Hymn Explosion of the 1960s onward almost completely ignored women s writing and there has only recently been something of a recovery There is much more to Our Song than people think This book opens up women s writing from the beginnings of Christianity through the

Liturgy is an introduction to liturgy that considers the basic building blocks needed to grasp the subject area. It outlines the essential shape and content of Christian worship and explores a range of liturgical dynamics of which both students of liturgy and leaders of liturgy need to be aware. Pentecostal Theology and Ecumenical Theology, 2019-09-16 Pentecostal Theology and Ecumenical Theology Interpretations, Intersections and Inspirations brings together globally recognized and newer scholars to address the complex relationship between Pentecostalism and the Ecumenical Movement. Historical essays address topics such as early Pentecostal responses to and participation in ecumenism, explicit convergences between Pentecostal and ecumenical initiatives and the particular contributions of Pentecostals and ecumenists outside North America and Europe. Constructive theological essays address intersections between ecumenical theology and systematic loci in Pentecostal perspective in the hope that mutual exchange and criticism will lead to ways to improve both. Never before have this many scholars of Pentecostalism combined their efforts in order to focus on the relationship between Pentecostal theology and ecumenical theology past, present and future. *The Faith We Sing* Sylvester Paul Schilling, 1983 **The Story of Christian Music** Andrew Wilson-Dickson, 2003 Music has been at the heart of Christian worship since the beginning and this lavishly illustrated and wonderfully written volume fully surveys the many centuries of creative Christian musical experimentation. From its roots in Jewish and Hellenistic music through the rich tapestry of medieval chant to the full flowering of Christian music in the centuries after the Reformation and the many musical expressions of a now global Christianity, Wilson Dickson conveys a glimpse of the fecundity of imagination with which humanity has responded to the creator God. Book jacket **A Study of Hymn-writing and Hymn-singing in the Christian Church** Randle Manwaring, 1990 Tracing the continuing story of hymn writing and hymn singing in the Christian church, this text follows the historical thread through successive generations of Christians. It sets out to trace the development of English hymnody and the continuing link between the muse of poetry and the inspiration required in hymnody. Christianity in South Africa Richard Elphick, Rodney Davenport, T. R. H. Davenport, 1997-01-01 At a strategic time in South Africa's history, the Christian history which is absolutely basic to all developments is presented in a comprehensive and objective way. Too little attention is given to the influence of religion in socio-political accounts. This is a creative and much needed contribution to scholarship and general knowledge. An outstanding work. Dean S. Gilliland, Fuller Theological Seminary.
