Witness to Addiction Michele Gerber Ph.D., 2023-09-26 Addiction is the Biblical plague of our time and the battle against it is up to each one of us Although it may seem hopeless every single person can take actions to fight this scourge that is killing an American every five minutes This book offers real hands on answers about what can be done what works and what does not and how Americans can regain a sense of control over the addiction epidemic This practical guide is for parents and grandparents school personnel employers faith leaders elected officials and policy makers and others who want to make a difference against this cruel blight The answers were gained through the long and painful experiences of a mother whose son died as a result of his opioid addiction The story told here is a dramatic page turning and real account with heart stopping fear cliff hanging rescues periods of despair and respites of relief and joy that the son and his mother shared Their love for each other was strong but the mother learned that love is not enough to fight a terrible disease As a professional researcher and writer she sought answers after her son's death in science history public health policy and spirituality In this book she shares what she learned and brings the reader inside one of the most important and

timely topics in the nation today *Institutionalized Madness* Arnaldo Cantú, Eric Maisel, Chuck Ruby, 2024-12-04

Institutionalized Madness takes a critical wide ranging look at the ways in which psychiatry and the psychiatric mental disorder paradigm are embedded within various institutions. It examines how the specialty of psychiatry and its accompanying controversial menu of mental disorders or mental illnesses are omnipresent throughout various facets of everyday life. Issues that will be explored include how psychiatry and the law interact such as in the areas of guardianship, informed consent, and expert testimony in courts. Other topics covered will be psychiatry's influence on Big Pharma, the role of psychiatric diagnosis in schools, e.g., the provision of school-based services such as Special Education, support, the interplay between psychiatry and government such as the mandated use of psychiatric diagnosis in healthcare, and more. In short, this volume attempts to bring to the surface the many differing ways in which psychiatry and mental illness disorder rhetoric can or do touch our lives, whether we are aware of their influence or not. *Institutionalized Madness* is the sixth Volume of the Ethics International Press Critical Psychology and Critical Psychiatry Series.
