Victoria Schofield

Summer Fields:

Wavell Victoria Schofield, 2011-02-23 Archibald Wavell's life and career makes a marvelous subject. Not only did he reach the highest rank Field Marshal and become an Earl and Viceroy of India but his character was complex. He joined the Black Watch in 1901. He stood out during the Great War quickly earning the Military Cross but losing an eye. He was at Versailles in 1918 but between the Wars his career advanced with Brigade and General commands notably in Palestine where he spotted Orde Wingate. By the outbreak of war he was GOC in C Middle East. Early successes against the Italians turned into costly failures in Greece and Crete and Wavell lost the confidence of Churchill; their temperaments differed completely. Wavell was sent to India as C in C. After Pearl Harbor Wavell was made Supreme Allied Commander for the SW Pacific and bore responsibility for the humiliating loss of Singapore; he quickly recognized that it could not be held. Problems in Burma tested Churchill's patience and he was removed from command to be Viceroy and Governor General of India. As civil unrest and demands for independence grew in 1947 Prime Minister Attlee replaced Wavell with Mountbatten who oversaw Partition. Wavell died in 1950 after a life of huge achievement tempered with many reverses most of which were not of his making.

H. G. J. Moseley J. L. Heilbron, 2024-03-29 H G J Moseley 1887-1915 the son and grandson of distinguished English scientists a favorite student of Rutherford's and a colleague of Bohr's completed researches of capital importance for atomic physics just before the outbreak of World War I. He was urged to devote himself to scientific war work in England but his duty as he saw it was to join the battle. He procured himself command of a signaling section in the Royal Engineers a speedy trip to Gallipoli and death in the bloody battle for Sari Bair. In this work the author presents a full record of Moseley's brief and brilliant career. It gives instructive detail about Eton which as Heilbron shows offered more opportunity for acquiring a foundation in science than its emphasis on Greek and games would suggest about Oxford a scientific backwater in Moseley's time and about Rutherford's thriving laboratory at the University of Manchester. It describes in detail Moseley's apprenticeship in experimental physics his growth under the tight supervision of Manchester and his classical independent work on X rays which almost certainly would have brought him the Nobel Prize. An epilogue sketches the chief results secured by others in the decade after his death in the research lines he opened. Heilbron's account is informed by an unequalled acquaintance with the relevant manuscript material including all of Moseley's known correspondence most of which he discovered and the paper of colleagues such as Bohr W H Bragg G H Darwin F A Lindemann Lord Cherwell Rutherford Henry Tizard Georges Urbain and G von Hevesy. An important feature of the book is the publication in extenso of Moseley's surviving correspondence. These letters are not only a rich source for historians of science and of education they are also splendid reading well written records of the maturing of a strong mind pithy commentaries on the Establishment as Moseley saw it and exciting notices of the course of one of the most important researches in modern physical science. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out

and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 **Consular Reports** United States. Bureau of Foreign Commerce,1883 **Inspirational True Stories from Summerfields Farm** Marie Gordon,2014-09-11 This book is filled with heart warming true stories to give young people a fresh insight into the wonderful blessings that come from true faith Our Lord Jesus is always there for all of us He is only a prayer away from anyone who wants to get to know him It is our hope that these true stories will help inspire young people to pray and build their faith so that they too can bless others The Toiler William Joseph Fischer,1907 **Vietnam and the Chinese Model** Alexander Barton Woodside,2020-03-17 Why did the Vietnamese accept certain Chinese institutions and yet explicitly reject others How did Vietnamese cultural borrowings from China alter the dynamics of traditional relations between Vietnam Siam Laos and Cambodia How did Vietnam s smaller Southeast Asian environment modify and distort classical East Asian institutions Woodside has answered these questions in this well received political and cultural study This first real comparison of the civil governments of two traditional East Asian societies on an institution by institution basis is now reissued with a new preface **A Study of George Orwell** Christopher Hollis,2017-06-20 Author Christopher Hollis knew George Orwell personally during his schooldays at Eton afterwards in Burma and at the end of his life His study of Orwell s books is therefore illuminated by some anecdotes of reminiscence However it is important to note that this book is primarily a study rather than a biography Hollis examines Orwell s books in order and traces through them the development of this unmatched literary giant s thought process From the experiences described in Down and Out in Paris and London to the points in his life that began driving him toward socialism A Study of George Orwell is a comprehensive overview of Orwell s work as it related to his personal life Hollis guides the reader all the way through Orwell s oeuvre including his two most famous books Animal Farm and 1984 which are arguably the greatest literary protests of political power and tyranny ever penned Portraying Orwell as a fearless champion of the common man and a follower in the footsteps of Jonathan Swift Hollis offers a compelling review and analysis of Orwell s work as well as a perspective not found by the average distant biographer **Woodcock Ecology and Management** Harold A.
