Summer Mystagogia:

Summer Mystagogia Bruce Beasley, 1996 **Signs and Abominations** Bruce Beasley, 2000-11-27 Poems search for signs of the divine amid the abominations of the profane and the materials of language itself **Summer Mystagogia** Bruce Beasley, 1996 *The Corpse Flower* Bruce Beasley, 2016-06-01 The Corpse Flower brings works from Bruce Beasley's first four award winning collections together with twenty five new poems organizing them around the metaphor that gives the book its title an enormous tropical bloom that reeks like carrion and around whose three day florescence dung beetles flies sweat bees swarm pollen gummed all over their furred feet The corpse flower serves as a figure for Beasley's coming to terms with birth and death fecundity and decay the illusion of death and the flourishing of the rare and beautiful out of the materials of the decayed The Corpse Flower traces a spiritual pilgrimage weaving autobiography into a larger meditation on the materials of language and of the life of the spirit Beasley's is a deeply physical spirituality as he writes in one poem the soul's impossible to tell from the objects of its appetite Throughout these poems family mythology as well as religious and mythic narrative and iconography become occasions for extraordinary meditations on the physicality of birth and death beginnings and endings This substantial selection of Bruce Beasley's work written over a twenty year period offers the opportunity to experience page by page a poet's evolution and to follow a unique creative mind as it reaches through interrogations of faith science and art toward some form of resolution a resolution increasingly represented by the beauties of language itself On Summer Mystagogia These brilliant poems often both mythic and demotic powerfully initiate the reader into a world at once marred and yet suffused by the signs and wonders of an irresistible grace A wonderfully resilient and hard won poetry of witness Boston Review Annulments Zach Savich, 2011-05-18 Winner of the 2010 Colorado Prize for Poetry It is the poet who undistracted by the imbecile telegraphy of this moment dares to sustain a sustaining sound I most esteem and most warmly embrace Zach Savich has written a book both intimate and vast both tender and acidly candid And with his long poem The Mountains Overhead he has entered that visionary company of poets who by overturning Babel lay the heavens at our feet Donald Revell Sparse spare these lines nonetheless overflow with a sheer and brilliant imagination The crows hearing our voices through wires the horses hold themselves like torches the sun a dial tone The tension between minimalism of form and maximalism of concept and feeling gives this work a vivid oddly crystalline momentum The central long poem unfolds one small leaf at a time yet resists accumulation instead it presents us again and again with the opportunity to immerse ourselves in the slightly uncanny what would it be to sing instead of to say This book gives us an intimation Cole Swensen **Supplice** T. Zachary Cotler, 2014-11-12 Winner of the 2014 Colorado Prize for Poetry Supplice is the second installment in T Zachary Cotler's sonnet sequence that began with Sonnets to the Humans Supplice the systematic infliction of physical and or mental torture is both the subject and the main character of this sequence These are amatory sonnets but with love and rhyme tortured into broken and boneset textures Supplice herself the dark lady of these

sonnets is difficult to pin down with an epithet Is she the angel of reality banality popular culture pornography uncertainty or economic and environmental crisis She has something to do with the history of cruelty and pain with the devaluation of traditional ideas of beauty and with the silence and science that have replaced divinity A moving love triangle is to be found in these pages the vertices of which appear to be Supplice the reader writer and one s unobtainable ideal Supplice is Cotler s third book of poems In keeping with his previous books this is a high velocity lyricism of angular elegiac multi dimensional pieces seamlessly joined

Family System Jack Christian, 2012-11-15 Winner of the 2012 Colorado Prize for Poetry selected by Elizabeth Willis Family System is one of the most specific and clarifying books of poetry I ve ever read It is filled with choices made to be made not made handled with a poetic understanding that what seems arbitrary will be inevitable when said with the right words while singing the right songs This is a stand out first book introducing a first rate original talent doing powerful work making quintessentially lyrical choices Don t miss this book Dara Wier It seems that Jack Christian s brain is able to produce tiny lucid creatures have them run and sprinkle over a map of an unknown world with joy speed and delight Even stranger he s somehow the spiritual offspring of very different ancestors Pascal s Esprit de geometrie and Scandinavian mythology I was eulogizing a squirrel in a shoebox Brilliant Toma alamun

Scared Text Eric Baus, 2011-11-01 Marvelously sustained and densely rhythmic this tightly constructed whole is built of parts that at each level all the way down to the phrase constitute poems in themselves Baus manages to keep a cast of words in constant replay until many of them take on the presence of character and some emerge as characters themselves Minus and Iris for instance keeping the whole on the verge of a narrative project that remains always just barely out of reach just barely in another world in which language and animal endlessly interleave Baus has opened a new literary field the linguistic bestiary a new zoo where words pace like fauves behind ever thinning bars Cole Swensen contest judge and author of Greensward Ours and The Glass Age

The Lesser Fields Rob Schlegel, 2011-05-18 Rob Schlegel has a mind of winter Like the painter Morandi Schlegel makes a world of absence and deprivation our world the world of human mortality feel like plenitude Imagine wanting to discover the place where you yourself have not yet happened Now imagine creating this place in a language of hard won precision a diction and syntax so elegantly austere that the smallest gesture becomes an explosion of possibility The result is a book that feels rivetingly contemporary while resembling nothing else a book that seems shockingly intimate while giving nothing away The Lesser Fields is a guide book to the world we ve always known but never truly seen James Longenbach final judge In The Lesser Fields Rob Schlegel takes a lit match to the surfaces of his words in an act of poetic arson Thus the poet wanders a landscape whose commonplace markers fish sea trees birds are made disquietingly strange Before my mind Can shape it presence Finishes a thought in my fingers The natural world of language manifests with an incendiary beauty at once tender and dangerous reckless and precise This poetry burns subtly but the heat is unmistakable Elizabeth Robinson

Lord Brain Bruce Beasley, 2005 Lord Brain is an extended meditation on the psyche in its double

sense of mind and soul in its relationship to that three pound bundle in our skull Bruce Beasley s collection of thirty one poems is named for Sir Walter Russell Brain or Lord Brain 1895 1966 the eminent British neuroscientist and author of Brain s Diseases of the Nervous System Bringing into conversation the disparate fields of neuroscience theology linguistics particle physics and theology these poems investigate in both lyrical and scientific terms the relationship of brain to mind and soul and of brain to the cosmos and God Whether discussing cosmology or astrophysics neurobiology or insect physiology Lord Brain connects the inner cosmos of our human anatomy with the external forces material and divine that brought the cosmos into being
