*The Secret History of Marvel Comics* Blake Bell, Michael J. Vassallo, 2013-11-16 The Secret History of Marvel Comics digs back to the 1930s when Marvel Comics wasn't just a comic book producing company. Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era's conservative American parents lynch him on his front porch. Marvel was but a small part of Goodman's publishing empire which had begun years before he published his first comic book. Goodman mostly published lurid and sensationalistic story books known as pulps and magazines featuring sexually charged detective and romance short fiction and celebrity gossip scandal sheets. And artists like Jack Kirby who was producing Captain America for eight year olds were simultaneously dipping their toes in both ponds. The Secret History of Marvel Comics tells this parallel story of 1930s-40s Marvel Comics sharing offices with those Goodman publications not quite fit for children. The book also features a comprehensive display of the artwork produced for Goodman's other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon. Alex Schomburg, Bill Everett, Al Jaffee and Dan DeCarlo plus the very best pulp artists in the field including Norman Saunders, John Walter Scott, Hans Wesso, L. F. Bjorklund and Marvel Comics 1 cover artist Frank R. Paul. Goodman's magazines also featured cover stories on celebrities such as Jackie Gleason, Elizabeth Taylor, Liberace and Sophia Loren as well as contributions from famous literary and social figures such as Isaac Asimov, Theodore Sturgeon and L. Ron Hubbard.

Harkins,2008 Edinburgh History of Children's Periodicals

Michelle J. Smith, Beth Rodgers, Kristine Moruzi, 2024-04-30 Since the publication of the first children's periodical in the 1750s magazines have been an affordable and accessible way for children to read and form virtual communities. Despite the range of children's periodicals that exist, they have not been studied to the same extent as children's literature. The Edinburgh History of Children's Periodicals marks the first major history of magazines for young people from the mid-eighteenth century to the present. Bringing together periodicals from Britain, Ireland, North America, Australia, New Zealand, and India, this book explores the roles of gender, race, and national identity in the construction of children as readers and writers. It provides new insights both into how child readers shaped the magazines they read and how magazines have encouraged children to view themselves as political and world subjects.
