Summing Up An Autobiography:

Summing Up Itzhak Shamir, 1994 Herinneringen van de Israëliëse politicus en staatsman 1915 Summing Up Bertram Fields, 2019-04-14 The professional memoir of lawyer Bertram Fields **The Extraordinary Work of Ordinary Writing** Jennifer Sinor, 2002-11-13 Krutch's trenchant observations about life prospering in the hostile environment of Arizona's Sonoran Desert turn to weighty questions about humanity and the precariousness of our existence putting lie to Western denials of mind in the lower forms of life Let us not say that this animal or even this plant has become adapted to desert conditions Let us say rather that they have all shown courage and ingenuity in making the best of the world as they found it And let us remember that if to use such terms in connection with them is a fallacy then it can only be somewhat less a fallacy to use the same terms in connection with ourselves **Self-same Songs** Roger J. Porter, 2002-01-01 Self Same Songs constitutes a major contribution to the growing literary study of autobiography Using a range of authors including Homer Edward Gibbon Benjamin Franklin Somerset Maugham Franz Kafka and Eugène Delacroix Roger J Porter offers a broad based examination of the autobiography and the varied techniques used by its practitioners over time In a style that is both graceful and erudite Porter focuses on the diverse motivations and rhetorical functions that the act of self writing serves for particular writers He reflects on the texts not only as an exploration of self identity but also as the writers attempts to modify the life in the act of writing about it Then stepping out of his critical role Porter ends each chapter with an autobiographical discussion of his professional and personal engagement with the autobiographer under discussion creating an intriguing and absorbing literary autobiography within the critical text **Demonization in International Politics** Linn Normand, 2016-06-08 This book investigates demonization in international politics particularly in the Middle East It argues that while demonization's origins are religious its continued presence is fundamentally political Drawing upon examples from historical and modern conflicts this work addresses two key questions Why do leaders demonize enemies when waging war And what are the lasting impacts on peacemaking In providing answers to these inquiries the author applies historical insight to twenty first century conflict Specific attention is given to Israel and Palestine as the author argues that war time demonization in policy media and art is a psychological and relational barrier during peace talks *The Summing Up* W. Somerset Maugham, 2022-08-01 In *The Summing Up* W Somerset Maugham presents a profound introspection that intertwines autobiographical elements with philosophical musings on art life and the human condition Employing a candid and conversational literary style Maugham reflects on his experiences and the lessons gleaned from a lifetime of observation across various cultural landscapes The book exists in a unique literary context bridging modernism and traditional narrative forms allowing readers to engage with the intricacies of a writer's mind while contemplating existential questions that transcend time and place W Somerset Maugham a prolific writer of the early 20th century has often been regarded as one of the most significant literary figures of his time His experiences as a medical student a traveler and a witness to both the

glamorous and the grim aspects of life profoundly influenced his writing *The Summing Up* showcases Maugham's desire to distill his observations into universal truths reflecting his belief in the power of storytelling as a means of understanding one's self and the world I recommend *The Summing Up* to readers who seek a thoughtful exploration of the complexities of life and creativity Maugham's penetrating insights and candid revelations resonate with anyone who yearns for deeper understanding making this work an essential read for lovers of literature and philosophy alike

The Uncertain Alliance

Herbert Druks, 2001-06-30 This critical examination of American Israeli relations from the last year of the Kennedy administration to the last year of Bill Clinton's tenure in office is a companion volume to Herbert Druks' previous book *The Uncertain Friendship: The U.S. and Israel from Roosevelt to Kennedy*. Based upon extensive research of archival sources and interviews of those who made this history happen such as Harry S. Truman, Averell Harriman, Yitzhak Rabin, and Yitzhak Shamir, this study provides a challenging examination of key events and issues during the last three decades including JFK and Israel's nuclear research, Johnson and the Six Day War, Kissinger, Nixon and the Yom Kippur War, the rescue at Entebbe, Begin's decision to liberate Lebanon from the PLO, Bush and Iraq, and the Land for Peace formula. In addition to this comprehensive narrative account, Druks does not shy away from the tougher questions that plague the history of the two nations: What was the nature of the friendship and alliance that Israel achieved with the United States? Did that friendship and alliance help sustain Israel's independence or did it merely turn Israel into a vassal state of the American empire? Did Israel have another viable alternative? What may lie in store for the future of American Israeli relations?

A Companion to Mill

Christopher Macleod, Dale E. Miller, 2018-04-12 This Companion offers a state-of-the-art survey of the work of John Stuart Mill, one which covers the historical influences on Mill, his theoretical, moral, and social philosophy, as well as his relation to contemporary movements. Its contributors include both senior scholars with established expertise in Mill's thought and new emerging interpreters. Each essay acts as a go-to resource for those seeking to understand an aspect of Mill's thought or to familiarise themselves with the contours of a debate within the scholarship. The Companion is a key reference on Mill's theory of liberty and utilitarianism but also provides a valuable resource on lesser-known aspects of his work including his epistemology, metaphysics, and philosophy of language. The volume is divided into six sections. Part I covers Mill's life, his immediate posthumous reputation, and his own telling of his life story. Part II brings together an accessible and comprehensive summary of the various influences on Mill's thought. Part III offers an account of the foundations of Mill's philosophy and his thought on key philosophic topics. Parts IV and V tackle issues from Mill's moral and social philosophy. Part VI concludes with a treatment of the broader aspects of Mill's thought, tracing his relation to major movements in philosophy.
