Writing the Wrongs Elizabeth Faue, 2004-12 Eva McDonald Valesh was one of the Progressive Era's foremost labor publicists Challenging the narrow confines placed on women Valesh became a successful investigative journalist organizer and public speaker for labor reform Valesh was a compatriot of the labor leaders of her day and the right hand man of Samuel Gompers president of the American Federation of Labor Events she covered during her colorful unconventional reporting career included the Populist revolt the Cuban crisis of the 1890s and the 1910

Shirtwaistmakers uprising She was described as bright even comet like by her admirers but her enemies saw her as a pest who took all the benefit that her sex controls when in argument with a man Elizabeth Faue examines the pivotal events that transformed this outspoken daughter of a working class Scots Irish family into a national political figure interweaving the

study of one woman's fascinating life with insightful analysis of the changing character of American labor reform during the period from 1880 to 1920. In her journey through the worlds of labor journalism and politics Faue lays bare the underside of social reform and reveals how front line workers in labor's political culture reporters investigators and lecturers provoked and informed American society by writing about social wrongs. Compelling insightful and at times humorous *Writing the Wrongs* is a window on the Progressive Era on social history and the new journalism and on women's lives and the meanings of class and gender.

The Infamous Harry Hayward Shawn Francis Peters, 2018-04-03 A fascinating tale of seduction murder fraud coercion and the trial of the Minneapolis Monster. On a winter night in 1894 a young woman's body was found in the middle of a road near Lake Calhoun on the outskirts of Minneapolis. She had been shot through the head. The murder of Kittie Ging a twenty nine year old dressmaker was the final act in a melodrama of seduction and betrayal petty crimes and monstrous deeds that would obsess reporters and their readers across the nation when the man who likely arranged her killing came to trial the following spring. Shawn Francis Peters unravels that sordid spellbinding story in his account of the trial of Harry Hayward a serial seducer and schemer whom some deemed a Svengali others a Machiavelli and others a lunatic and man without a soul. Dubbed one of the greatest criminals the world has ever seen by the famed detective William Pinkerton Harry Hayward was an inveterate and cunning plotter of crimes large and small dabbling in arson insurance fraud counterfeiting and illegal gambling. His life story told in full for the first time here takes us into shadowy corners of the nineteenth century including mesmerism psychopathy spiritualism yellow journalism and capital punishment. From the horrible fate of an independent young businesswoman who challenged Victorian mores to the shocking confession of Hayward on the eve of his execution which if true would have made him a serial killer *The Infamous Harry Hayward* unfolds a transfixing tale of one of the most notorious criminals in America during the Gilded Age.

Journalism's Roving Eye John Maxwell Hamilton, 2011-08-15 In all of journalism nowhere are the stakes higher than in foreign news gathering. For media owners it is the most difficult type of reporting to finance for editors the hardest to oversee. Correspondents roaming large swaths of the planet must acquire expertise that home based reporters take for granted facility with the local language for instance or an understanding of local cultures. Adding further to the challenges they must put news of the world in context for an audience with little experience and often limited interest in foreign affairs a task made all the more daunting because of the consequence to national security. In *Journalism's Roving Eye* John Maxwell Hamilton a historian and former foreign correspondent provides a sweeping and definitive history of American foreign news reporting from its inception to the present day and chronicles the economic and technological advances that have influenced overseas coverage as well as the cavalcade of colorful personalities who shaped readers' perceptions of the world across two centuries. From the colonial era when newspaper printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing

multimedia press coverage of the Iraq War Hamilton explores journalism's constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting Journalism's Roving Eye offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead
