**Are You Alone Wise?** Susan Schreiner, 2011-01-27 The topic of certitude is much debated today On one side commentators such as Charles Krauthammer urge us to achieve moral clarity On the other those like George Will contend that the greatest present threat to civilization is an excess of certitude To address this uncomfortable debate Susan Schreiner turns to the intellectuals of early modern Europe a period when thought was still fluid and had not yet been reified into the form of rationality demanded by the eighteenth and nineteenth centuries Schreiner argues that Europe in the sixteenth century was preoccupied with concerns similar to ours both the desire for certainty especially religious certainty and warnings against certainty permeated the earlier era Digging beneath overt theological and philosophical problems she tackles the underlying fears of the period as she addresses questions of salvation authority the rise of skepticism the outbreak of religious violence the discernment of spirits and the ambiguous relationship between appearance and reality In her examination of the history of theological polemics and debates as well as other genres Schreiner sheds light on the repeated evaluation of certainty and the recurring fear of deception Among the texts she draws on are Montaigne's Essays the mystical writings of Teresa of Avila the works of Reformation fathers William of Occam Luther Thomas Muntzer and Thomas More and the dramas of Shakespeare The result is not a book about theology but rather about the way in which the concern with certitude determined the theology polemics and literature of an age

Masking Terror Alex Argenti-Pillen,2013-07-17 In Sri Lanka staggering numbers of young men were killed fighting in the armed forces against Tamil separatists The war became one of attrition year after year waves of young foot soldiers were sent to almost certain death in a war so bloody that the very names of the most famous battle scenes still fill people with horror Alex Argenti Pillen describes the social fabric of a rural community that has become a breeding ground and reservoir of soldiers for the Sri Lankan nation state arguing that this reservoir has been created on the basis of a culture of poverty and terror Focusing on the involvement of the pseudonymous village of Udahenagama in the atrocities of the civil war of the late 1980s and the interethnic war against the Tamil guerrillas Masking Terror describes the response of women in the rural slums of southern Sri Lanka to the further spread of violence To reconstruct the violent backgrounds of these soldiers she presents the stories of their mothers sisters wives and grandmothers providing a perspective on the conflict between Sinhalese and Tamil populations not found elsewhere In addition to interpreting the impact of high levels of violence on a small community Argenti Pillen questions the effects of trauma counseling services brought by the international humanitarian community into war torn non Western cultural contexts Her study shows how Euro American methods for dealing with traumatized survivors poses a threat to the culture specific methods local women use to contain violence Masking Terror provides a sobering introduction to the difficulties and methodological problems field researchers social

scientists human rights activists and mental health workers face in working with victims and perpetrators of ethnic and political violence and large scale civil war The narratives of the women from Udahehagama provide necessary insight into how survivors of wartime atrocities reconstruct their communicative worlds and disrupt the cycle of violence in ways that may be foreign to Euro American professionals      *The Annotated Luther, Volume 1* Timothy J. Wengert, 2015-09-01 Volume 1 of The Annotated Luther series contains writings that defined the roots of reform set in motion by Martin Luther beginning with the Ninety Five Theses 1517 through The Freedom of a Christian 1520 Included are treatises letters and sermons written from 1517 to 1520 which set the framework for key themes in all of Luthers later works Also included are documents that reveal Luthers earliest confrontations with Rome and his defense of views and perspectives that led to his excommunication by Leo X in 1520 These documents display a Luther grounded in late medieval theology and its peculiar issues trained in the latest humanist methods of the Renaissance and most especially showing sensitivity toward the pastoral consequences of theological positions and church practice      *Word of Life* Timothy J. Wengert, 2019-11-05 Renowned Reformation scholar Timothy J Wengert explores the genesis of Lutheran biblical interpretation by tracing the early work of Martin Luther Melancthon and other Wittenberg exegetes Their new approach led them to view Scripture in terms of law and gospel to read and translate the Greek and Hebrew text and to focus on a theology of the cross and justification by faith Luther and his colleagues found God working in the last place anyone would reasonably look on the cross in weakness and foolishness Wengert demonstrates how these key historical and theological perspectives can be demonstrated in preaching reflection and teaching today Using brief examples of preaching The Seven Last Word of Christ and reflecting on Luther s work on a variety of Psalms the author provides a path for students and pastors alike to plumb the depth of Lutheran hermeneutics in their preaching and teaching
