Terror Strike/Devil Strike David Robbins,1990 When the Enemy Strikes Charles F. Stanley,2006-03-12 Your enemy is strong The battle is real Prepare for victory Fear discouragement loneliness anger temptation These struggles are common to every human Yet not all circumstances or negative emotions originate within They could be the result of a willful coordinated assault of Satan In When the Enemy Strikes best selling author Dr Charles Stanley explores the often overlooked reality of spiritual warfare the tactics used by Satan to taunt confuse slander and harm Your adversary wants to crush your will delay your promise hinder your destiny destroy your relationships and lead you into sin Dr Stanley reveals how you should respond The most important component of warfare says Dr Stanley is the supremacy of God both His sovereignty and His power Practically this means the battles you face are ultimately allowed by God to bring you to a place of greater reliance on Him His strength crushes the enemy This is a world of conflict between good and evil of powers beyond the merely human The battle is unavoidable but take heart God has given you the strength to stand **A Devil's Triangle** Peter Brookes,2007-03-28 In a cold hard slap across the face of Americans Brookes warns that the terrorist threat has not subsided in the four years since 9 11 but in fact has escalated **The Devil's Toy Box** Andrew J. Fox,2022 A Promethean technology is one that allows someone of average resources skills and intelligence to carry out actions that were once only doable by governments militaries or institutions with considerable resources Essentially Promethean technologies allow users to create their own weapons of mass destruction These emerging technologies are increasingly affordable and accessible and are no more complicated to operate than a satellite TV control box or a smart phone Although these technologies are a terrifying prospect the more we know about these dangers the better we can prepare to head them off In The Devil's Toy Box Andrew Fox lays out seven decades of preemptive analysis and shows that while homeland security has explored in depth the possible Promethean threats the world faces it has failed to forecast the most likely attacks Using fictional scenarios Fox teaches how to predict future threats and how to forecast which ones are likely to be used by bad actors within the next five to ten years Combining the skills of homeland security experts and the imaginations of speculative fiction writers he then offers an analytical method to deter counter or abate these threats rather than adopting an attitude of resigned fatalism **Hard Strike** Eric Thomson,2019-01-19 Terrorists working for traitors intent on transforming the Commonwealth into a brutal empire are preparing to spread mayhem across the vulnerable and increasingly unstable Rim Sector Their aim replace sovereign star system governments with satraps under the direct control of Earth thereby undoing generations of civil peace between humanity's many fractious branches During an operation to eliminate a radical revolutionary movement on one of the Rim Sector's most important colonies Major Decker and Commander Talyn stumble across evidence pointing at a threat more significant than any they've encountered so far evidence suppressed by Black Sword's remaining moles in Naval Intelligence With countless lives on the line Decker and Talyn race against time and enemies ensconced in high places to

undo a conspiracy aimed at reshaping an entire sector before irreversible damage propels the Commonwealth down a dark path which can only end in one last murderous civil war killing billions This time they must strike fast strike hard and strike without orders from Fleet HQ But Decker is tired of fighting the same battles over and over again He wants this mission to be the last one and is willing to do whatever it takes After all Decker is not only among Naval Intelligence s deadliest operatives he s also one of the Few Keyword Tags Zack Decker Decker s War sci fi science fiction military science fiction war space marine space infantry pathfinder space opera science fiction action adventure alien invasion space fleet sci fi adventure military sci fi Eric Thomson science fiction series interstellar war galactic war space pirates mercenary espionage thriller naval intelligence undercover operations black ops

When Evil Strikes Sunday Bobai Agang,2016-06-22 Human hostility is not the narrative of a selected few Since the fall of the grandparents of the human family Adam and Eve all humans have continued to participate in the reality of evil Accordingly the question is no longer whether evil will strike but rather when evil strikes how should humans particularly Christians respond to it This book offers a relevant and effective theology and ethics for addressing the issue of Christian response to violence in Nigeria and beyond It situates the whole gamut of the reign of human hostility in its various manifestations self interest and greed for power deception and social injustices governmental official corruption terrorism and so on It encourages humans to take seriously both the fact of God creating humans good and the fall serving as the gateway of evil into the human race It recognizes the complexity of human problems Yet it offers possibility for just peacemaking In spite of the horrific violence across the globe humans are still able to do tremendous good Thus the book recognizes the paradox of humanity humans are capable of doing tremendous good and equally capable of doing tremendous evil
