

Democracy and terrorism

TED PICCONE*

POLICY BRIEF

SEPTEMBER 2017

Summary

The empirical evidence for several decades demonstrated a strong relationship between democracy and terrorism, with hybrid regimes experiencing higher levels of terrorist attacks and casualties, and more established democracies and autocracies both experiencing less.¹ While this pattern continues to prevail, after 2001 it has evolved toward an increased number of terrorist attacks in nondemocratic countries, particularly those in conflict or under military occupation (e.g., Iraq, Afghanistan, Pakistan, Nigeria, and Somalia), and in a handful of consolidated democratic countries actively engaged in suppressing terrorism through the use of force (e.g., Israel, the United States, Spain, France, and the United Kingdom). Regardless of regime type, countries with higher levels of state-sponsored violence and abuse against their citizens were found to have greatly increased risks associated with violent extremism.²

These findings suggest that a country's best defense against terrorism is to improve the legitimacy of the state through more democratic, human rights, and rule of law practices at the local, national, and international levels. Drivers of terrorist violence, nonetheless, derive from multiple and complex sources, many of which are local. Responses must be tailored to specific circumstances and should be comprehensive, involving all relevant actors at the community level.

About the Project

This policy brief is part of a series of papers on democracy, security, and violent extremism prepared for the Community of Democracies' Democracy and Security Dialogue. The project seeks to foster greater collaboration among democratic governments, donors, civil society and academics to improve security outcomes and create a more conducive environment for the strengthening of democracy around the world. For more on the project and related materials, including the final report, visit www.brookings.edu/democracy-security-dialogue.

* This brief was written with invaluable assistance from Julian Duggan and Matthew Kuo and with expert feedback from Christopher Mesele (Brookings Institution), Eric Rosand (The Prevention Project), Nicholas Robinson (Yale University), Catherine Kelly (American Bar Association), and researchers at the Institute of Security Studies, as well as members of the Community of Democracies Governing Council and its Civil Society Pillar. Brookings is committed to quality, independence, and impact in all of its work. Activities supported by its donors reflect this commitment and the analysis and recommendations are solely determined by the scholar. Support for this publication was generously provided through the Permanent Secretariat of the Community of Democracies.

Terrorism And Democracy

Katerina Dalacoura

Terrorism And Democracy:

Terrorism and Democracy Peter Janke, 1992-06-18 Terrorism is here to stay and it will probably beset the newly emerging democracies of eastern Europe and the Soviet Union However such political violence can be combatted and this is a study of terrorism and how it has been successfully contained in contemporary first world democracies **Terrorism Versus Democracy** Paul Wilkinson, 2011-02 Examines global terrorist networks and discusses the long term future of terrorism **Democracy at Risk** Jennifer L. Merolla, Elizabeth J. Zechmeister, 2009-10-15 How do threats of terrorism affect the opinions of citizens Speculation abounds but until now no one had marshaled hard evidence to explain the complexities of this relationship Drawing on data from surveys and original experiments they conducted in the United States and Mexico Jennifer Merolla and Elizabeth Zechmeister demonstrate how our strategies for coping with terrorist threats significantly influence our attitudes toward fellow citizens political leaders and foreign nations The authors reveal for example that some people try to restore a sense of order and control through increased wariness of others especially of those who exist outside the societal mainstream Additionally voters under threat tend to prize strong leadership more highly than partisan affiliation making some politicians seem more charismatic than they otherwise would The authors show that a wary public will sometimes continue to empower such leaders after they have been elected giving them greater authority even at the expense of institutional checks and balances Having demonstrated that a climate of terrorist threat also increases support for restrictive laws at home and engagement against terrorists abroad Merolla and Zechmeister conclude that our responses to such threats can put democracy at risk **Democracy and Terrorism** Leonard Weinberg, 2013-02-11 This book examines the relationships between democratic government and political terrorism Since the 9 11 attacks the United States and many of its allies have declared a war on terrorism This struggle has been inspired in part by the belief is that by promoting democracy they will also bring an end to terrorism Where people enjoy the blessings of liberty they will naturally find peaceful outlets for the expression of their political views it has been widely held Terrorism on the other hand is seen largely as a consequence of repression Where citizens cannot choose rulers freely and where dissenting voices are silenced by the authorities terrorism and other types of violence appear to follow Democracy and Terrorism investigates the link between terrorism and the underlying principles of democracy both from an historical perspective and against contemporary developments in the Middle East and elsewhere Drawing upon a range of different case studies and using quantitative data to investigate statistical links between the waves of democracy and manifestations of terrorist violence the book reviews whether terrorism is in fact constrained by the rise of democratic government and the role of the law in fighting terrorism This book will be of much interest to students of terrorism political violence democratisation security studies and International Relations in general **Terrorism and Democracy** Stansfield Turner, 1991 In a time of fear outrage and frustration about global terrorist activity this book takes on a new urgency Using as a framework his own dramatic

experience during the Iran hostage crisis the former director of the CIA explores the contradiction between declared policy and actual measures taken in the battle against terrorism *Terrorism, Democracy, and Human Security* Ronald Crelinsten, 2021-03-15 This book examines the relationship between terrorism and counterterrorism and how it operates within the broader context of communication control power and democratic governance at the national international and transnational level A culmination of decades of research on the challenges that liberal democracies face in dealing with terrorism this work provides an innovative framework that maps out the broader context in which terrorism and counterterrorism interact and co evolve the terrorism counterterrorism nexus In a series of models moving from local to global perspectives the framework places this nexus within the broader context of social cultural political and economic life This framework provides a tool for maintaining situational awareness in a multi tiered networked world where geography and history are splintering into a rainbow of perspectives and locales revealing the contested nature of space and time themselves This book will be of much interest to students of political violence terrorism studies communication studies and international relations as well as security professionals **The Challenges of Democracy in the War on Terror**

Maximiliano E. Korstanje, 2018-09-03 This book unravels the role of democracy after the 9 11 terrorist attacks and reflects important debates surrounding the security of Muslim communities in the years to come It looks at the problems of torture violence and the legal resources available to contemporary democracies to confront terrorism While terrorism is often regarded as one of the major threats to the West and the nation state this book explores the notion that a disciplined sense of terror is what keeps society working The strengths and limitations of liberalism are examined as well as the ethical dilemma of torture and human right violations in the struggle against terrorism This book carefully dissects the origin of the nation state and how it keeps society united The author offers a creative and unique approach to democracy and worldwide terrorism exploring the consequences for the nation state This book looks at the connections between terrorism mobility consumption torture and fear It will be of interest to researchers as well as postgraduate and postdoctoral students within the fields of Human Geography Politics Media and International Relations **Counterterrorism: Democracy's Challenge**

Andrea Bianchi, Alexis Keller, 2008-07-30 Terrorist violence is no novelty in human history and while government reactions to it have varied over time some lessons can be learnt from the past Indeed the debate on when and how a state should use emergency powers that limit individual freedoms is nearly as old as the history of political thought After reviewing some history of state responses to terrorist violence and their efficacy this book sets out to assess the effects of contemporary counterterrorism law and policies on democratic states In particular it considers the interaction between national and international law in shaping and implementing anti terror measures and the difficult role of the judiciary in striking a balance between security concerns and fundamental rights It also examines the strains this has caused on some democracies especially a blurring in the separation of powers between the legislative executive and judicial branches of government

giving reason to enquire afresh whether new paradigms are needed Finally the issue of whether the doctrine of constitutionalism can provide an appropriate frame of analysis to encapsulate current developments in international law in response to terrorism is broached By drawing on the expertise of historians political scientists and lawyers this book promotes transdisciplinary dialogue recognising that counterterrorism is an issue at the intersection of law and politics that has profound implications for democratic institutions and practices

The Fight for Legitimacy Cindy R. Jebb,P. H. Liotta,Thomas Sherlock,Ruth Margolies Beitler,2006-07-30 Terrorism cannot be treated as a monolithic threat Moreover as much as we may wish to focus on the terror tactics and terrorist means we cannot overlook the ends In fact good policy can only be crafted with an understanding of the terrorist strategy that is how terrorists integrate their means to secure their goals given their perception of the security environment The groups covered in this book change and evolve While their governments must take aggressive actions to secure their populations against attacks those governments that recognize the real grievances can simultaneously take action that addresses those grievances This two pronged approach simultaneously bolsters state legitimacy across the ethnic and majority populations while demonstrating state effectiveness regarding insecurity The authors argue that the best way for states to win legitimacy vis a vis terrorists is by adhering to liberal democratic values cooperating with other states and applying prudent counterterrorist tactics Inter state cooperation which affects domestic and foreign policies requires some convergence of political cultures among those cooperating states This book begins by analyzing five hotspot situations and their regional effects the Basques in Spain the ethnic Albanians in Macedonia the Kurds in Turkey the Chechens and Russia and the Palestinians Israel and a future Palestinian state These cases shed some light on how we should understand characterize and categorize terrorism and they provide insights into the concepts of political legitimacy liberal democracy political culture and political community As the United States assesses its homeland defense posture it must resist any temptation to weaken its liberal democratic values and as a superpower it must encourage other states to adhere to liberal democratic values as well Liberal democracy is a security imperative in today s global security environment

Democracy and America's War on Terror Robert L. Ivie,2005 Robert Ivie discusses democracy s centrality to the national identity and how prevailing constructions of democracy constitute a republic of fear in which the threat of foreign and domestic others is chronically exaggerated through rituals of vilification and victimization

Terrorism, Instability, and Democracy in Asia and Africa Dan G. Cox,John Falconer,Brian Stackhouse,2009 A chilling up to the minute look at the links between political instability and terrorism in Asia and Africa

Democratic Development & Political Terrorism William J. Crotty,2005 This timely collection of original essays examines the global link between democratic development and political terrorism delving into the difficult questions challenges far reaching consequences and uncertainties of dealing with terrorism on an international scale

Democratic Responses To Terrorism Leonard B. Weinberg,2007-12-30 Democratic Responses to Terrorism tackles how to protect democratic societies

against terrorist violence while at the same time making sure that the steps democracies take to protect themselves do no fundamental harm to the rule of law and the rights of citizens With a foreword by Fernando Henrique Cardoso former president of Brazil the essays here assess such elements as the role of the legal framework human rights democracy and civil society as well as international cooperation The series explores one of the most pressing issues of our time how to reconcile the need to fight terrorism with our desire to protect and enhance democratic values The volumes are an outgrowth of a summit conference organized by the Club de Madrid an independent organization comprised of many former heads of state dedicated to strengthening democracy around the world **Fostering Fundamentalism** Dr Matthew Crosston,2013-02-28

Is the United States in its fight against terror and pursuit of Osama Bin Laden recklessly creating conditions in Central Asia to produce the next Bin Laden Matthew Crosston studies this controversial argument in his political analysis of US foreign policy on Central Asia He looks specifically at the no man s land nexus connecting Tajikistan Uzbekistan and Kyrgyzstan and the heart of Central Asian Islamic radicalism the Fergana Valley This book breaks new ground by examining in unflinching detail the unwitting role US foreign policy plays in fomenting that hot zone and extremism producing a new generation of Islamic radicals University courses that deal with US foreign policy international security terrorism and or Eurasian politics will want to make this book required reading **CTS and Right-Wing Terrorism and Counterterrorism** Alice

Martini,Raquel da Silva,2023-08-22 This volume is a timely contribution to the current debates and potential efforts to study and counter the phenomena of extreme right violence in a period when the rise of right wing extremism is being witnessed across the globe Against this backdrop the violent radicalisation and extremism of individuals and groups belonging to the extreme right threaten to undermine and destabilize societies and democratic orders leaving a research gap that has only started to be filled in recent years but that is still quite wide when it comes to counter terrorism approaches to extreme right violence Learning from the past and trying to avoid similar mistakes this volume creates a much needed space for open honest and ethical debate around countering extreme right violence answering social and political calls to debate how to counter this kind of violence This volume brings together a group of interdisciplinary scholars to contribute to national and international academic and policy debates about countering extreme right violence from a critical perspective Volume I focuses particularly on exploring how extreme right violence has been approached narrated and made sense of in different spatial and temporal contexts examining how political actors such as media and politicians portray the threat of and actual violence perpetrated by the extreme right deconstructing current counter terrorism approaches and formulating a critical approach to researching extreme right violence It will be of great interest to all students of terrorism studies security studies international relations and political science in general The chapters in this book were originally published in Critical Studies on Terrorism Debating Terrorism and Counterterrorism Stuart Gottlieb,2013-03-29 Featuring paired pro con pieces written specifically for this volume Debating Terrorism and Counterterrorism Conflicting Perspectives on Causes Contexts

and Responses encourages students to grapple with the central debates surrounding the field of terrorism With topics ranging from the root causes of terrorism the role of religion in terrorism whether suicide terrorism is ever justified whether the spread of democracy can help defeat terrorism and what trade offs should exist between security and civil liberties Gottlieb's outstanding cast of contributors returns compelling students to wrestle with the conflicting perspectives that define the field Stuart Gottlieb frames the paired essays with incisive headnotes providing historical context and preparing students to read each argument critically Each selection has been updated to account for recent world events policy changes and new scholarship New to the reader and by reviewer request is a chapter Can Global Institutions Make a Difference in Fighting Terrorism

Islamist Terrorism and Democracy in the Middle East Katerina Dalacoura, 2011 What were the reasons behind the terrorist attacks of September 11th Does the cause of Islamist terrorism relate to the lack of democracy in the Middle East Through detailed research into the activities of both radical and moderate organizations across the Middle East such as the Muslim Brotherhood Hamas and Hizbullah and via interviews with key personnel the author investigates whether repression and political exclusion pushed Islamist entities to adopt terrorist tactics She also explores whether inclusion in the political process has had the opposite effect of encouraging Islamist groups toward moderation and ideological pragmatism In a challenge to the conventional wisdom she concludes that Islamist terrorism is not a direct consequence of authoritarianism in the Middle East and that there are many key factors that generate radicalism

What's Wrong With Terrorism? Robert E. Goodin, 2013-04-23 Terrorists perform terrible acts They maim mutilate and kill in pursuit of their goals The horrifying events of 9/11 and the regular suicide bombings around the world have made terrorism one of the central preoccupations of the twenty first century But what is the distinctive wrong of terrorism Criminal acts such as murder and hijacking are already on the moral statute books so why is it that we regard terrorists as different from and morally worse than ordinary killers and kidnappers Some see terrorism as an ideology others claim it is a deep seated social or psychological failing others that it is a form of fighting unfairly judged by just war standards In this provocative new book Robert Goodin puts forward the view that terrorism is in fact a deliberate tactic of frightening people for socio political gain Fear affects people's ability to reason clearly and undermines their capacity for autonomous self government In this way Goodin contends that terror is not only the weapon of organizations such as al Qaeda it also benefits democratic politicians who profit from the climate of insecurity induced by terrorist threats and violence Political figures conducting a campaign of fear as part of their war on terrorism may therefore be committing wrongs akin to those of terrorists themselves This Goodin argues is what is distinctively wrong with terrorism in the contemporary world

Islam And Violent Separatism Swain, 2014-06-03 First published in 2007 Political demands for autonomy and independence by radicalized ethnic groups have recently intensified as a result of the globalization of the post Cold War world In addition to facing the challenges posed by democratization development and social movements governments everywhere are striving to manage and contain political

Islam This is particularly true in Southeast Asia where the violence and instability caused by Islamic radical groups have affected the consolidation of liberal democracy in the region This volume examines the roles of the state and of civil society in three of the new democracies in Southeast Asia the Philippines Thailand and Indonesia Focussing on the way these democracies address the increased threat posed to their nation building projects by political Islam Islam and Violent Separatism makes an important contribution to the understanding of new security risks terrorism democratic consolidation and contemporary Southeast Asian politics **Understanding Spanish Jihadist Terrorism** Carlos Yebra

López,2025-02-26 This book offers the first systematic account in English of the Spanish mass press coverage of jihadist terrorist attacks in contemporary Spain Drawing upon a critical analysis of the Spanish Transition to Democracy 1975 82 and War on Terror narratives it examines the ideology underlying the metaphors used in the Spanish mainstream press coverage of the terrorist attacks in Madrid 2004 and Barcelona 2017 The book shows how these metaphors were systematically deployed for propagandistic purposes that sought to manufacture the consent of the Spanish population while obstructing public deliberation apropos the attacks strengthening Spanish democracy by defining it in opposition to jihadist terrorism This book will be of interest to students of Critical Terrorism Studies Spanish Politics Media Studies and Security Studies Chapter 7 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Terrorism And Democracy Introduction

Terrorism And Democracy Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Terrorism And Democracy Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Terrorism And Democracy : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Terrorism And Democracy : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Terrorism And Democracy Offers a diverse range of free eBooks across various genres. Terrorism And Democracy Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Terrorism And Democracy Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Terrorism And Democracy, especially related to Terrorism And Democracy, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Terrorism And Democracy, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Terrorism And Democracy books or magazines might include. Look for these in online stores or libraries. Remember that while Terrorism And Democracy, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Terrorism And Democracy eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Terrorism And Democracy full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Terrorism And Democracy eBooks, including some popular titles.

FAQs About Terrorism And Democracy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading

preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Terrorism And Democracy is one of the best book in our library for free trial. We provide copy of Terrorism And Democracy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Terrorism And Democracy. Where to download Terrorism And Democracy online for free? Are you looking for Terrorism And Democracy PDF? This is definitely going to save you time and cash in something you should think about.
