questions as matters within the law of war whereas the UK courts examined them within a human rights criminal law context In Terror Detentions and the Rule of Law US and UK Perspectives Dr Robert H Wagstaff documents President George W Bush s and Prime Minister Tony Blair s responses to 9 11 alleging that they failed to protect the human rights of individuals suspected of terrorist activity The analytical focus is on the four US Supreme Court decisions involving detentions in Guantanamo Bay and four House of Lords decisions involving detentions that began in the Belmarsh Prison These decisions are analyzed within the contexts of history criminal law constitutional law human rights and international law and various jurisprudential perspectives In this book Dr Wagstaff argues that time tested criminal law is the normatively correct and most effective means for dealing with suspected terrorists He also suggests that preventive indefinite detention of terrorist suspects upon suspicion of wrongdoing contravenes the domestic and international Rule of Law treaties and customary international law As such new legal paradigms for addressing terrorism are shown to be normatively invalid illegal unconstitutional counter productive and in conflict with the Rule of Law **International and Transnational Crime and Justice** Mangai Natarajan,2019-06-13 Provides a key textbook on the nature of international and transnational crimes and the delivery of justice for crime control and prevention **Reference and Information Services** Melissa A.
