Tesserae And Other Poems:

Tesserae John Hollander, 1995-07-18 *Tesserae* John Hollander, 1995 **Selected Poems** Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because *Selected Poems* usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced *Jewish American Literature* Jules Chametzky, 2001 A collection of Jewish American literature written by various authors between 1656 and 1990 **Selected Poetry** John Hollander, 2012-05-02 Perfection is a rare accomplishment particularly in American poetry and the perfection of much of Hollander's work makes it essential reading for anyone who genuinely cares for the craft of poetry But in our fallen world we seem fated to value power of perfection and John Hollander's poetry has shown a visionary power just often enough to secure him a place as one of the major figures of our moment Vernon Shetley *The New Republic* **The Art of the Sonnet** Stephen Burt, David Mikics, 2010 Few poetic forms have found more uses than the sonnet in English and none is now more recognizable It is one of the longest lived of verse forms and one of the briefest A mere fourteen lines fashioned by intricate rhymes it is as Dante Gabriel Rossetti called it a moment's monument From the Renaissance to the present the sonnet has given poets a superb vehicle for private contemplation introspection and the expression of passionate feelings and thoughts *The Art of the Sonnet* collects one hundred exemplary sonnets of the English language and a few sonnets in translation representing highlights in the history of the sonnet accompanied by short commentaries on each of the poems The commentaries by Stephen Burt and David Mikics offer new perspectives and insights and taken together demonstrate the enduring as well as changing nature of the sonnet The authors serve as guides to some of the most celebrated sonnets in English as well as less well known gems by nineteenth and twentieth century poets Also included is a general introductory essay in which the authors examine the sonnet form and its long and fascinating history from its origin in medieval Sicily to its English appropriation in the sixteenth century to sonnet writing today in the United States the United Kingdom and other English speaking parts of the world Book Jacket **The Oxford Book of American Poetry** David Lehman, 2006 Redefines the great canon of American poetry from its origins in the 17th century right up to the present *The ^AOxford Handbook of Adaptation Studies* Thomas Leitch, 2017-03-17 The

Oxford Handbook of Adaptation Studies provides a comprehensive and forward looking treatment of adaptation in its many guises by looking at movies based on sources other than novels including television series and radio adaptations comic book adaptations of literary texts novelizations opera librettos popular songs and even video games *The Implied Spider* Wendy Doniger, 2011 Wendy Doniger's foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical cross cultural approach By responsibly analyzing patterns and themes across context Doniger reinvigorates the comparative reading of religion tapping into a wealth of narrative traditions from the instructive tales of Judaism and Christianity to the moral lessons of the Bhagavad Gita She extracts political meaning from a variety of texts while respecting the original ideas of each A new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments and the text itself is expanded and updated throughout Encyclopedia of American Literature Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading **Best of the Best American Poetry** David Lehman, 2013-04-09 Robert Pinsky distinguished poet and man of letters selects the top 100 poems from twenty five years of The Best American Poetry This special edition celebrates twenty five years of the Best American Poetry series which has become an institution From its inception in 1988 it has been hotly debated keenly monitored ardently advocated or denounced and obsessively scrutinized Each volume consists of seventy five poems chosen by a major American poet acting as guest editor from John Ashbery in 1988 to Mark Doty in 2012 with stops along the way for such poets as Charles Simic A R Ammons Louise Gl ck Adrienne Rich Billy Collins Heather McHugh and Kevin Young Out of the 1 875 poems that have appeared in The Best American Poetry here are 100 that Robert Pinsky the distinguished poet and man of letters has chosen for this milestone edition *Poets on Paintings* Robert D.
