Contemporary American Women Writers Catherine Rainwater,Willliam J. Scheick,2014-10-17 Ann Beattie Annie
Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice
Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing
questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise
literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume
discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps
surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously
elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment
of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader
expectations of the anti novel and the family novel respectively Finally Morrison s and Piercy s works reveal how traditional
narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings
of these ten important women authors this book illuminates a significant moment in literary history when women s voices are
profoundly reshaping American literary tradition
