Houston Bound Tyina L. Steptoe, 2015-11-03 Beginning after World War I Houston was transformed from a black and white frontier town into one of the most ethnically and racially diverse urban areas in the United States *Houston Bound* draws on social and cultural history to show how despite Anglo attempts to fix racial categories through Jim Crow laws converging migrations particularly those of Mexicans and Creoles complicated ideas of blackness and whiteness and introduced different understandings about race This migration history also uses music and sound to examine these racial complexities tracing the emergence of Houston's blues and jazz scenes in the 1920s as well as the hybrid forms of these genres that arose when migrants forged shared social space and carved out new communities and politics This interdisciplinary book provides both an innovative historiography about migration and immigration in the twentieth century and a critical examination of a city located in the former Confederacy

Slavery and Freedom in Texas Jason A. Gillmer, 2017 In these absorbing accounts of five court cases Jason A. Gillmer offers intimate glimpses into Texas society in the time of slavery Each story unfolds along boundaries between men and women slave and free black and white rich and poor old and young as rigid social orders are upset in ways that drive people into the courtroom One case involves a settler in a rural county along the Colorado River his thirty year relationship with an enslaved woman and the claims of their children as heirs A case in East Texas arose after an owner refused to pay an overseer who had shot one of her slaves Another case details how a free family of color carved out a life in

the sparsely populated marshland of Southeast Texas only to lose it all as waves of new settlers civilized the county An enslaved woman in Galveston who was set free in her owner's will and who got an uncommon level of support from her attorneys is the subject of another case In a Central Texas community as another case recounts citizens forced a Choctaw native into court in an effort to gain freedom for his slave a woman who easily passed as white The cases considered here include Gaines v Thomas Clark v Honey Brady v Price and Webster v Heard All of them pitted communal attitudes and values against the exigencies of daily life in an often harsh place Here are real people in their own words as gathered from trial records various legal documents and many other sources People of many colors from diverse backgrounds weave their way in and out of the narratives We come to know what mattered most to them and where those personal concerns stood before the law
