Texas Coastal Bend People And Places:

Texas Coastal Bend Alpha Kennedy Wood,1979 **More Ghost Towns of Texas** T. Lindsay Baker,2005-08-01 A companion volume to Ghost Towns of Texas provides readers with histories maps and detailed directions to the most interesting ghost towns in Texas not already covered in the first volume Reprint **Barrier to the Bays** Mary Jo O'Rear,2022-08-24 Mary Jo O Rear rounds out her coastal bend trilogy with a deep and engaging look at the prehistory and history of the Texas barrier islands In Barrier to the Bays O Rear captures the deep time of the islands Mustang Padre and San Jos the bays Aransas Corpus Christi Copano Redfish and Nueces and Aransas Pass From the earliest human settlements to the twentieth century O Rear explores the complex interplay between people and economies struggling to survive in a region dominated by indifferent forces of nature Barrier to the Bays opens with the natural formation and development of the barrier isles and the arrival of Native Americans Spanish castaways French explorers and Catholic missionaries European settlements on the mainland eventually led to rich commercial development of the area and its bounty as ranching fishing and transportation took hold By the early twentieth century the people of the Coastal Bend began wrestling with a new drive to create deep water harbors along the coastline in the face of the ever present hurricane threat O Rear shows that by World War II the region had settled into a kind of practicality as tourists and traders took their place among the denizens of the islands and bays In addition to the stories of familiar historical figures Barrier to the Bays stresses the importance of technology in the settlement and development of the region Nothing could have been achieved among the barriers and bays of the Coastal Bend without the right tools O Rear underscores the importance of properly designed sailing vessels and the centrality of navigation technology as an integral part of the barrier isle story *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1974 *The Bay Shrimpers of Texas* Robert Lee Maril,1995 Shrimpers who fish the shallow coastal waters of Texas fight a constant battle for survival contending with shrimpers who fish the deeper gulf waters competing with weekend sportsmen wrangling with government regulations and dodging environmentalists incriminations Add competition from the international market an ominous threat frequently overlooked by bay fishermen and the shrimpers chances of winning at least with their current lifestyle intact are slim In The Bay Shrimpers of Texas Lee Maril explores the successes and failures of the shrimpers who prowl remote bays rivers and estuaries for their livelihoods Through random sample surveys of fishermen participant observation and historical analysis he examines the political economic and social realities confronting the shrimpers and their families Legal and environmental constraints price instability work hazards and benefits only one percent of the shrimpers surveyed had health insurance rivalry with gulf and sport shrimpers and conflict with Vietnamese refugees are all factors that affect the outlook for shrimping Portraying the shrimpers lives on land and water Maril describes their boats equipment and various fishing strategies both legal and illegal used to survive in an increasingly competitive occupation He gives an in depth and personal look at an industry that in many ways has changed

little over the last century and in others has haphazardly evolved as it enters into a ruthlessly competitive world marketplace. The prospects for bay fishing, a vital part of the cultural identity and tradition of many small coastal towns, are uncertain. By examining the past and clearing up misperceptions and myths, Maril provides valuable insight into not just the future survival or demise of one industry in a global economy but the future of small business as a whole.

A history of the early Irish settlers in Texas Todos Santos Edward Wright, Shirley Wright, 2011-09-21

Scotland 1850 Beset by the potato famine and land clearances, the Park and Ridgeway families emigrate to the new state of Texas. Their lives are altered again by tragedy during the sea voyage and they are thrust into the cattle business in South Texas. Survivors of Indian raids and Civil War battles then struggle against cattle thieves and bushwhackers to find opportunity and romance in the emerging trail driving industry.

Surfing Corpus Christi and Port Aransas Dan Parker, Michelle Christenson, 2010

Surf culture in the Texas Coastal Bend began in the early 1960s when a few young men set up surfboard rental stands on the beach. By 1970 thousands of people had caught the surfing bug. In the decades that followed, dozens of surf shops and surfboard makers established themselves in Corpus Christi, Port Aransas, and nearby communities. Coastal Bend surfers won national championships for their wave riding prowess, beating out counterparts from the East Coast, California, and Hawaii. By the 21st century, Coastal Bend wave riders had become a force to be reckoned with, playing strong roles in local political movements that influenced public policy.

Husband and wife team Dan Parker and Michelle Christenson, curators of the Texas Surf Museum, conducted hundreds of interviews and examined thousands of photographs to produce this book. Numerous Coastal Bend surfers assisted in the effort by contributing photographs from their private collections. Parker and Christenson are longtime Port Aransas surfers who work as newspaper journalists. The Images of America series celebrates the history of neighborhoods, towns, and cities across the country. Using archival photographs, each title presents the distinctive stories from the past that shape the character of the community today. Arcadia is proud to play a part in the preservation of local heritage, making history available to all.

Gathering Together, We Decide Margo Tamez, Cynthia Bejarano, Jeffrey P. Shepherd, 2025-10-21

In 2007 the Department of Homeland Security began condemnation proceedings on the property of Dr. Eloisa Tamez, a Lipan Apache and professor, veteran, and title holder to land in South Texas deeded to her ancestors under the colonial occupation and rule of King Charles III of Spain in 1761, during a time when Indigenous lands were largely taken and exploited by Spanish colonizers. Crown grants of lands to Indigenous peoples afforded them the opportunity to reclaim Indigenous title and control. The federal government wanted Tamez's land to build a portion of the border wall on the U.S.-Mexico border. She refused. In

2008 the Department of Homeland Security sued her but she countersued based on Aboriginal land rights Indigenous inherent rights the land grant from Spain and human rights This standoff continued for years until the U S government forced Tamez to forfeit land for the wall In response Dr Eloisa Tamez and her daughter Dr Margo Tamez organized a gathering of Lipan tribal members activists lawyers and allies to meet in El Calaboz South Texas This gathering was a response to the appropriation of the Tamez family land but it also provided an international platform to dispute the militarization of Indigenous territory throughout the U S Mexico bordered lands The gathering and years of ensuing resistance and activism produced an archive of scholarly analyses testimonios artwork legal briefs poetry and other cultural productions This unique collection spotlights powerful voices and perspectives from Nd leaders Indigenous elders settler allies Native youth and others associated with the Tamez family the Nd defiance and the larger Indigenous rights movement to document their resistance expose confront and end racism and militarization and to foreground Indigenous women led struggles for justice
