rights Spatial and Discursive Violence in the US Southwest Rosaura Sánchez, Beatrice Pita, 2021-03-01 In *Spatial and Discursive Violence in the US Southwest* Rosaura Sánchez and Beatrice Pita examine literary representations of settler colonial land enclosure and dispossession in the history of New Mexico Texas and Oklahoma Sánchez and Pita analyze a range of Chicano and Native American novels films short stories and other cultural artifacts from the eighteenth century to the present showing how Chicano works often celebrate an idealized colonial Spanish past as a way to counter stereotypes of Mexican and Indigenous racial and ethnic inferiority As they demonstrate these texts often erase the participation of Spanish and Mexican settlers in the dispossession of Indigenous lands Foregrounding the relationship between literature and settler colonialism they consider how literary representations of land are manipulated and redefined in ways that point to the changing practices of dispossession In so doing Sánchez and Pita prompt critics to reconsider the role of settler colonialism in the deep history of the United States and how spatial and discursive violence are always correlated **Texas** Marjorie Williams, Ben H. never has it been stronger especially as a guiding force in American foreign policy Today people around the world perceive this Manifest Destiny swaggering style in our foreign policy Because of its sheer size its border wars with Mexico its ten year history as an independent republic and its having been settled by a warrior culture originating in the English Scottish borderlands and arriving in Texas via the southern Appalachians Texas is unique in American politics The author does not assert that Texas causes or is the sole cause of our various policies or of so many violent events Rather he demonstrates convincingly that the Texas warrior culture provides a fascinating context for national politics in a way that no other state s political culture can claim
