Text, Lies & Videotape Patrick Shannon, 1995 Using stories from his everyday life Patrick Shannon student teacher and parent challenges traditional thinking about learning literacy and life      The Green Literacy Handbook Jen Cullerton Johnson, Mary K. Gove, 2025-08-25 Introducing Green Literacy a way of teaching that cultivates critical thinking reading and writing about environmentalism through children s books and digital media Students analyze multiple perspectives engage in hands on activities and come to a deeper understanding of environmental issues Supported through teaching models and thematic units educators empower themselves and their students to develop environmental awareness toward sustainable change K 5 teachers can use this book to Explore environmental justice issues using familiar stories and digital tools to spark curiosity and new ideas with reading writing and drama strategies for engagement Engage students with activities on weather ecosystems and how nature connects individuals and develops systems thinking Encourage students to see environmental issues from all angles to deepen their understanding and empathy and move them toward sustainable change Be empowered with seed ideas about environmental issues including classroom engagement strategies and professional development opportunities Contents Preface What Is Green Literacy Introduction How to Use the Green Literacy Handbook Part 1 Foundations of Green Literacy Chapter 1 Green Literacy s Theoretical Foundations Chapter 2 Green Literacy s Practical Foundations Part 2 Teaching of Green Literacy Chapter 3 Creation of the Green Literacy Model Chapter 4 Thematic Unit Design and Customization With Twelve Insights Into Green Literacy Teaching Part 3 Support to Design Your Own Green Literacy Thematic Units Chapter 5 How Landscapes Shape Us Chapter 6 How Extreme Weather Events Connect Our Communities Chapter 7 How Systems Thinking Changes Our World Epilogue We Transform Futures Together Appendix A Green Literacy Thematic Unit Planning Template Appendix B Choice Boards for Chapters 5 7 References and Resources Index      *Defying the Odds* Donna Dunbar-Odom, 2012-02-01 For me literacy is like trying to open a locked door with the wrong key I don t always see the meaning at first and usually I have to have someone let me in with their key I tend to think that being in college is enough but it still isn t going to guarantee higher literacy for me It is something I am trying to grasp but I am going about it slowly simply because I am not so sure of how important it is to me Rachel According to key literacy research working class students are far less likely to pursue higher literacy than their middle class counterparts yet there are countless examples of those who have defied the odds In this thoughtful look at why some determinedly pursue higher literacy against all expectations and predictions Donna Dunbar Odom explores the complex relationships people have with literacy paying particular attention to the relationship between literacy and class She shares the personal and often poignant literacy narratives of writers academics and her own students to reveal a great deal about what motivates desire for higher literacy as well as what gets in the way Bringing together these reflections with current literacy composition and class theories Dunbar Odom provides a better understanding of how to tap that desire in writing classrooms Ultimately the author

argues that teachers need to focus less attention on how students should read and more on why they might want to **Story in Children's Lives: Contributions of the Narrative Mode to Early Childhood Development, Literacy, and Learning**

Kelli Jo Kerry-Moran, Juli-Anna Aerila, 2019-09-27 This book is based on the power of stories to support children in all areas of their lives. It examines the role narratives can play in encouraging growth in contexts and domains such as personal and family identity, creative movement, memory and self-concept, social relationships, or developing a sense of humor. Each chapter describes innovative and research-based applications of narratives such as movement stories, visual narratives to develop historical thinking, multimodal storytelling, bibliotherapy, mathematics stories, family stories, and social narratives. The chapters elaborate on the strength of narratives in supporting the whole child in diverse contexts: from young children on the autism spectrum, improving their social skills at school, to four and five year olds developing historical thinking, to children who are refugees or asylum seekers dealing with uncertainty and loss. Written by accomplished teachers, researchers, specialists, teaching artists, and teacher educators from several countries and backgrounds, the book fills a gap in the literature on narratives. This work delves into the topic of narratives in young children's lives with a breadth of topics and depth of study not found elsewhere. Collectively, the insights of the contributors build a convincing case for emphasizing story across the various disciplines and developmental domains of the early childhood years. The writing style is scholarly yet accessible. Authors used a wide array of visual material to make their points clearer and show the reader what meaningful uses of story look like. Mary Renck Jalongo, Journal and Book Series Editor, Springer, Indiana, PA, USA Elders' Cultural

Knowledges and the Question of Black/ African Indigeneity in Education, George J. Sefa Dei, Wambui Karanja, Grace Erger, 2022-01-03 This book makes a strong case for the inclusion of Indigenous Elders' cultural knowledge in the delivery of inclusive education for learners who are members of minority communities. It is relevant to curriculum developers, teachers, policy makers, and institutions that engage in the education of Black, Indigenous, Latinx, and other minority students. This book provides opportunities for exploring the decolonization of educational approaches. It promotes the synthesis of multiple types of knowledge and ways of knowing by making a case for the incorporation of Indigenous knowledges and Indigenous Elders as teachers in learning spaces. The book is of interest to educators, students, and researchers of Indigenous knowledge and decolonizing education. Additionally, it is important for educational policy makers, especially those engaged in looking for strategic solutions to bridging educational disparities and gaps for Indigenous Black, Latinx, and other minority learners.

Cultivating Dialogue, Language, and Literacy for Social Justice in Teacher Education, Adam Devitt, 2025-07-22 Within sociocultural traditions, language, dialogue, and social literacies play an institutional role in learning and human development. Discourse practices, however, go far beyond the traditional focus of using speaking and listening to support the learning of content knowledge. Teacher discourse practices ought to promote critical literacies and linguistic practices and promote anti-racism and social and environmental justice. Classroom discourse, however, is missing from teacher education programs on a

large scale in these significant ways Teacher educators need to understand the social and political policies pedagogical role and multitude of practices for helping pre service teachers and teacher practitioners learn to acquire and facilitate quality discursive practices in K 12 schools and understand related pedagogy This book Cultivating Dialogue Language and Literacy for Social Justice in Teacher Education offers a variety of models for integrating discourse practices and pedagogies into the field of teacher education including pre service teaching professional development and even critiques on policy and subsequent affordances and consequences that inhibit or promote the quality of teacher discourse and the purposes for which teachers utilize classroom discourse I would recommend this book for teacher education programs as well as professional developers who work with pre and in service teachers Additionally I recommend this book for researchers committed not only to classroom discourse analysis but to promote speaking and listening among teachers and students in ways that enhance learning and development
